WHAT IS SACRAMENTO | 2040?

- Project involves updates to key long-range planning documents:
  - General Plan
  - Climate Action Plan
- Sacramento is the fastest growing big city in California
- Updates needed to respond to evolving community needs and address opportunities and challenges that come with growth
WHAT IS A GENERAL PLAN?

- Blueprint for urban development and preservation
- Provides a 20-year framework for Sacramento’s future
- Addresses issues affecting all aspects of life

Sacramento’s General Plan will:

- Serve as the **guide** for decision-makers and developers on how and where development should happen
- Identify the city’s **assets** and **challenges**
- Recommend the type and **character** of development appropriate for different areas
- Identify necessary **transportation** and **infrastructure** improvements
- Include **goals, policies, actions**, and recommended **resources** to achieve the Plan’s vision
WHAT’S IN OUR GENERAL PLAN?

- Land Use & Urban Design
- Historic & Cultural Resources
- Economic Development
- Housing
- Mobility
- Utilities
- Education, Recreation & Culture
- Public Health & Safety
- Environmental Resources
- Environmental Constraints
- Environmental Justice*
WHAT IS A CLIMATE ACTION PLAN?

- Roadmap for reducing a city’s GHG emissions and adapting to climate change
- Made up of three broad components:
  - Inventory of current emissions
  - GHG targets and forecasts
  - Corresponding GHG mitigation measures

EMERGING ISSUE:
MOBILITY
EMERGING ISSUE: CLIMATE CHANGE

2016 GHG Inventory Estimate

- Residential Electricity kWh: 9%
- Residential Gas Therms: 9%
- Commercial Electricity kWh: 14%
- Commercial Gas Therms: 4%
- Industrial ("district"): 0%
- Wastewater kwh: 1%
- Water kwh: 0%
- Waste Tons: 11%
- VMT: 52%
EMERGING ISSUE: ENVIRONMENTAL JUSTICE

Life Expectancy

Life Expectancy in Years

- Low
- No Data
EMERGING ISSUE:
LIVABILITY
KEY OBJECTIVES

1. Ensure **equitable, inclusive, and sustainable** growth
2. Create **healthier communities**, build **community resilience**, and meet the needs of our most vulnerable communities
3. Reduce **greenhouse gases** and prepare for the **impacts of climate change**
4. Create an **efficient, multi-modal transportation system**
5. Foster **Transit-Oriented Development** (TOD)
6. Make Sacramento more **livable and accessible for people of all ages**
is about leveraging our assets, as well as economic, social, and technological shifts, to create positive changes that benefit the community.
TONIGHT’S ACTIVITY
Seven stations are set up around the room on the following topics:

1. What is a General Plan?
2. Issues and opportunities
3. Vision statement and guiding principles
4. Environmental justice
5. Climate change
6. Mobility
7. Livability and Resilience
At each station, look at the maps and photos to learn about Sacramento today.
At some stations there is an interactive activity

There is also a workshop guide with questions to complete

Record your thoughts in the guidebook and turn it in before you leave
