Marshall Park Historic District

The Marshall Park Historic District is a small and diverse neighborhood linked together by its relationship to Marshall Park. It consists of two streets, I and J, which boarder the Park to the north and south, and one block of 28th Street to the east.

The dominant architectural style is the Queen Anne with multiple gable roofs, notably in most of the J Street houses, and in the very imposing house at the corner of I Street across from the Park. All of these houses were built between 1895 and 1900. There are also apartment houses on both I and 27th Streets, which show Craftsman style influences. The surrounding residential neighborhood is supportive of the Historic District in style and character but has had many modern intrusions and lacks the cohesiveness of these few blocks.
