Description:	EXPEDITED - Proposal to convert a portion of an existing 59,404 square foot industrial building into an indoor amusement center in the Citywide SPDR within the M-1 zone. The indoor amusement center use will take up approximately 48,543 square feet of the building (12,711 square feet will remain a separate industrial use). The change in use requires additional parking, which the applicant is proposing on the south and east sides of the building. These additional parking areas and the proposed installation of storefront windows and doors on the south side of the building require site plan and design review. The applicant has advised that any new rooftop equipment will be screened by the existing parapet on the roof of the building.
