

Name of Candidate: **Lisa Kaplan**
Office Sought: **District 1**
Age (optional): **47**
Occupation: **Governing Board Member, Natomas Unified School District**

Candidate Statement (200 word limit):

I love calling Sacramento my home. My mother and grandmother instilled in me the importance of investing in our shared community, giving back, and keeping my word. These are values I embody as Girl Scout leader, attorney, mom to two girls, and longtime Natomas school board member.

Under my leadership on the school board, Natomas prioritized student safety, ensured hungry kids and families had food, expanded mental health services, housed homeless students, secured critical funding for the North Natomas Aquatic Complex, added rigorous educational programs, increased transparency and accountability, and balanced our budget.

As a board member, parent, and small business owner, I've built coalitions of people who worked together to solve problems. With your vote, I'll use my leadership, experience, and knowledge to deliver results for us in District 1, including safer neighborhoods, stronger community policing, expanded opportunities for youth through our schools, greater investment in our parks, more affordable housing, and, by working with all levels of government and community partners, reduced homelessness.

Join the Sacramento Area Fire Fighters Local 522, community leaders, small business owners, and parents in electing me your councilwoman.

Together, we'll make our community better. Let's get to work! www.kaplan4council.com
