Candidate Statement (200 word limit):

As a small business owner, president of the Natomas Chamber of Commerce, daughter of a Sacramento peace officer, wife, and mother, I am committed to solving Sacramento's toughest problems, restoring our communities, and keeping our neighborhoods safe.

We are all rightly concerned about this city's direction – we have an ongoing homelessness crisis and crime is on the rise. Housing costs, food, and everyday goods are becoming more and more expensive and it's devastating working people.

A sidewalk is not a home. Sacramento residents and business leaders are compassionate, caring, and creative, but we need a full audit of every homeless program. If they aren't working, they should be cut. The money saved should be invested in programs with proven results.

Victims of crime should expect justice, and hardened career criminals should not be able to exploit the compassion of our justice system. We must also address the root causes of crime, from poverty to substance abuse or the lack of access to jobs and support services.

I will challenge the status quo and demand accountability and transparency in how our tax dollars are spent.

I would be honored to have your vote for City Council. Learn more at lozanoforsacramento.com.
