## Additional Information.

### **Federal Emergency Management Agency**

On December 8, 2008, the City decided to cease issuing building permits for new construction within the larger Natomas Basin until the levees protecting the basin meet the criteria for the A99 flood zone— which in general terms means that 50% of the levee work needed to reach 100-year flood protection has been completed and that Congress has authorized the Natomas levee project. No further development will occur in the Natomas Basin until it is remapped into an A99 flood zone.

In recent years, the Sacramento Area Flood Control Agency, in collaboration with the U.S. Army Corps of Engineers and the California Department of Water Resources, has worked on the Natomas Levee Improvement Program to meet the 50% criterion for completion of the levee work. Set out below is the updated status of the City's efforts with the Federal Emergency Management Agency (FEMA) to re-zone the flood-basin map to A99 and to resume new construction (in phases) in Natomas:

- In May 2013, the U.S. Senate passed the Water Resources Reform and Development Act of 2013 (WRRDA)
- In October 2013, the U.S. House of Representatives passed WRRDA
- In November 2013, a Senate-House conference committee was formed to reconcile the two versions of WRRDA
- On June 14, 2014, the President signed WRRDA into law, thereby authorizing the Natomas Levee Improvement Project
- On June 10, 2014, the City and the County of Sacramento (the County) jointly submitted a letter to FEMA requesting remap
- On June 24, 2014, FEMA responded to the City-County request
- On July 21, 2014, the City and the County submitted final information to FEMA
- In late July 2014, FEMA sent an A99 letter of approval to the City and the County
- On August 12, 2014, FEMA issued Preliminary Maps
- On August 13, 2014, officials from the City, the County, and FEMA met
- On September 30, 2014, the 90-day appeal period began
- On December 28, 2014, the 90-day appeal period ended
- FEMA issues Letter of Final Determination – *anticipated in mid-March 2015*
- New maps become effective – *anticipated by June 2015*

Delays in re-mapping the North Natomas flood-basin map would affect the phasing of development. No appeals were received during the appeal period, and no delays are anticipated as a result of the appeal process. Even though the City does not anticipate delays, the timing of events identified in the final two bullets cannot be guaranteed. And although the City intends to update the development status in North Natomas as milestones occur, the City does not guarantee that it will do so or that the information provided through the web-page link below is the most current available:
