

## Free Business Water Wise Programs are Available

The City of Sacramento Department of Utilities offers several programs to help your business save water, including a rebate program for water wise upgrades.

### Customized Rebate Program

Make improvements to save or reduce water usage and save up to \$50,000 (\$0.50 per 748 gallons saved).

Eligible upgrades include:

- Equipment and technology for space cooling, refrigeration, laundry, cleaning and flushing
- Air conditioning condensate capture
- Elimination of water intensive phases or industrial processes

Visit [SacWaterWise.com](http://SacWaterWise.com) and download the customized Rebate Program Requirements and application.

### Water Misuse Reporting

Saving water is a community responsibility. If you see water being misused, watering on the wrong day or time, or overwatering please call 311 or (916) 264-3111.

## Contact Us

For more information or to schedule a Free Water Wise Business Call:

- Call 311 or (916) 264-5011
- E-mail [311@cityofsacramento.org](mailto:311@cityofsacramento.org)
- Visit [SacWaterWise.com](http://SacWaterWise.com)

**Remember:** Overwatering, ponding water and runoff (water running from yards onto sidewalks and gutters) is NEVER allowed. Call 311 to report water misuse or for more information about free waterwise services and rebates.

**UP TO \$300**

## To Qualify for These Programs and Services:

- Location of installment must have water service provided by the City of Sacramento.
- You must agree to a Pre-Installation Survey (Audit). This service is at no direct cost to the customer.

Visit SacWaterWise.com to review applications and all eligibility requirements before purchasing appliances or equipment.

All commercial rebates require a Water Wise Business Call.

**Our rebates help you achieve a picture perfect landscape!**
