

McKinley Water Vault

PROTECTING PEOPLE AND
PROPERTY FROM FLOODING

MCKINLEY BLVD | 2009

YOU'RE INVITED UNDERGROUND VAULT BUS TOUR SATURDAY, APRIL 28

You're invited to join the City of Sacramento Department of Utilities on a bus tour of two existing underground wastewater vaults on Saturday, April 28. During the McKinley Water Vault public meeting last year, East Sacramento neighbors asked to have a tour of other existing underground vaults in the City of Sacramento. We're bringing this request to life through an interactive, guided bus tour of two of the city's three existing underground vaults.

Attendees will be joined by Sacramento City Council member Jeff Harris and City of Sacramento Department of Utilities staff.

You'll hear about the construction and operation of the two underground vaults and their benefits at the 42nd and R Street Vault and Oak Park's 8th Avenue and San Carlos Way Vault. Attendees can walk the vault premises and take a look at the above-ground infrastructure at each location. Attendees will need to submit a tour waiver form.

You will also hear about the proposed McKinley Water Vault project. Like the existing vaults on the tour, the McKinley Water Vault's underground infrastructure will reduce outflows and street flooding in the combined sewer system. During large storms, vaults relieve the combined sewer system when it's at capacity. When storms subside, vaults slowly feed wastewater back into the combined sewer system at a sustainable rate.

Please RSVP to Meagan Luevano at **(916) 491-3161** or **meagan@crockerCrocker.com**. If the maximum seats are reached, others interested in attending are encouraged to meet us at McKinley Park on Saturday, April 28 and drive to the vault locations with the tour. There is street parking available at each location.

Please check the project website for further information **cityofsacramento.org/McKinleyWaterVault**.

Saturday, April 28

TOUR: 10 a.m. to 12 p.m., LUNCH/Q&A: 12-12:30 p.m.

MEET AT: George "Butter" Cole Field at McKinley Park at 9:45 a.m.

**LOCATIONS: East Sacramento, 42nd and R Street and
Oak Park, 8th Avenue and San Carlos Way**

RSVP: meagan@crockerCrocker.com or (916) 491-3161
