Members of the Public Addressing the Defined Contribution Plans Committee

Purpose of Public Comment. The City provides opportunities for the public to address the Committee as a whole in order to listen to the public’s opinions regarding non-agendized matters within the subject matter jurisdiction of the City during Regular meetings and regarding items on the Agenda at all other meetings.

- Public comments should not be addressed to individual Members nor to City officials, but rather to the Committee as a whole regarding City business.
- While the public may speak their opinions on City business, personal attacks on Members and City officials, use of swear words, and signs or displays of disrespect for individuals are discouraged as they impede good communication with the Committee.
- Consistent with the Brown Act, the public comment periods on the Agenda are not intended to be “Question and Answer” periods or conversations with the Committee and City officials. The limited circumstances under which Members may respond to public comments are set out in Rule 8 D 2 of the Council Rules of Procedure.
- Members of the public with questions concerning Consent Calendar items may contact the staff person on the report prior to the meeting to reduce the need for discussion of Consent Calendar items and to better respond to the public’s questions.

- Speakers shall not concede any part of their allotted time to another speaker.
  - The Presiding Officer may further limit the time allotted for public comments per speaker or in total for the orderly conduct of the meeting and such limits shall be fairly applied

1-Ralph M. Brown Act Presentation
The Brown Act Basics II:
Defined Contribution Plans Committee

Presented By:
Jeffrey Massey
Senior Deputy City Attorney
Who is Subject to the Brown Act?

- Applies to “legislative bodies” including city councils and also advisory committees created by ordinance or resolution, and a commission or task force, other than an ad hoc committee or less than a quorum advisory committees.
What is a Meeting?

- Any congregation of a majority of the members at the same time and place to hear, discuss, deliberate, or take action on any item that is within the subject matter jurisdiction of the body.

- "Deliberation" includes collective decision-making and also the collective acquisition and exchange of facts preliminary to the ultimate decision.

- "Action taken" is a collective decision or actual vote by a majority of the members of a body.

- Bylaws: Alternate members shall have all the rights and obligations of Primary members and shall receive and review the same materials that the Primary members receive and review.

- Bylaws: A majority of the Committee members or their designated Alternate shall constitute a quorum.
What is Not a Meeting?

- Individual contacts between a committee member and another person; or
- A majority of the members at a:
  - Open meeting of another body - for example, a properly agendized retirement hearing commission meeting
  - Members attending a League of Cities Conference
  - Social or ceremonial event

But members cannot discuss matters that are within their jurisdiction among themselves at these events!
Communication that Violates the Brown Act

A majority of members are prohibited from using a series of communications of any kind, directly or through intermediaries, to discuss, deliberate, or take action on business within its subject matter jurisdiction outside of a noticed, agendized meeting.
Serial Meetings

- A series of private meetings or “serial meetings” allow a majority to commit to a decision or engage in deliberation of public business is a violation of the open meeting requirement.

- Beware of “daisy chain” contacts: A to B and B to C can lead to a collective concurrence.

- Beware of “hub & spoke” contacts: one person is the hub who then feeds and receives information to and from other members.
Serial Meetings in the Industrial Age

- In-Person: A series of individual meetings that lead to a collective concurrence violates the Brown Act. But, a minority can discuss a policy privately without violating the Brown Act.

- Telephone: A series of individual telephone conversations that lead to a collective concurrence violates the Brown Act - physical presence of members is unnecessary to establish an informal meeting.

- Letters: Similar to the telephone, a series of correspondence that lead to a collective concurrence violates the Brown Act.
More Technology, More Problems

- The Internet and social media provide abundant opportunities for officials to post their unfiltered opinions, thoughts and general comments about city issues.

- When these entries or articles are especially timely or controversial, they practically invite comments by interested residents and local officials.

- No court has specifically ruled on the Internet or social media posts in regards to Brown Act requirements. However, the same serial meeting rules that apply to e-mail may likely apply to other digital and social online conduct such as texting, tweeting, liking, swiping, and commenting on stories and third party blogs and posts.
Email

- A majority of members may not email each other to develop a collective concurrence as to action to be taken by the board. This applies to personal and work emails.

- This is the case even if the e-mails are also sent to the secretary and chairperson of the agency, the e-mails are posted on the agency’s Internet website, and a printed version of each e-mail is reported at the next public meeting of the board.

- With the reply-all button so readily accessible, creating an “exchange of facts” is all too easy.
Text Messages

- A series of cell phone text messages that lead to a collective concurrence violates the Brown Act.

- Text messages sent to committee members during an open meeting are secretive because members of the public are not privy to the content of the text message.

- If a group text message or a series of text messages include a majority of the board or committee members and relate to the deliberations at hand, then the board or committee has violated the Brown Act.
Open Meeting Issues

• The potential to inadvertently hold a “meeting” is concerning

• Meetings must be open to the public, in a public location, with no restrictions on who may attend and where open discussion is allowed

• Fair notice must be given to the public of what will be discussed at a public meeting so the individual citizen can make an informed decision on whether or not he or she wants to attend that particular meeting

• With so much access to digital and social media, platforms that are significantly more open, transparent and accessible than city hall, it is ironic that such communication may be a violation
• Yet, the potential Brown Act pitfalls are real

• Local officials should be wary of commenting on any other official’s social media content to avoid unintentionally creating a serial meeting.

• Not all social media discussions are public and not everyone may be heard either. Posting their own comment may be safest, but liking, retweeting, and commentating on other official’s sites and posts may be a violation of the Brown Act.
Legal Challenges, Remedies, and Penalties

- Request to Cure
- Criminal Charges
- Civil Action by private party or District Attorney
- Invalidation
- Costs and Attorney’s Fees

2-Questions to include with Request for Proposals document
Description/Analysis

Issue Detail: The City currently contracts with Nationwide Retirement Solutions and ICMA-RC to administer the City’s 401(a), 457(b), and Retiree Health Savings accounts. At the January 9, 2019, Committee meeting, a motion was passed directing staff to draft a Request for Proposals (RFP) for the services of an investment advisory consultant for the City’s defined contribution plans. At the April 3, 2019, meeting, the Committee formed an ad-hoc committee to work on the scope of services for the RFP.

The ad-hoc committee met on March 26, 2019 and reviewed the draft scope of services and discussed including questions within the RFP for response by bidders. The draft questions are included as Attachment 2 and also include possible questions to ask during interviews of responsive bidders.

Staff recommends the Committee review and provide direction on the proposed scope of services, the draft questions to include in the RFP, and the method by which the Committee will review and examine responsive bidders to the RFP. Examples of the type of discussion for the Committee to have surrounding the RFP process include: 1) should review and rating of the bids be done by all Committee members or 2) should the Committee form an ad-hoc committee to complete the review and bring forth recommendations to the entire Committee.

The following is the proposed scope of services:

1. Provide advice regarding plan design and compliance with applicable federal and state laws.
2. Conduct analyses and make recommendations with regard to investment plan performance, participant costs, plan/investment management, fund selection, plan design, and the format and content of information submitted by service providers.
3. Monitor fund performance and recommend changes to the portfolio of funds within the plans.
4. Negotiate fees with service providers and recommend opportunities to negotiate fees with fund managers.
5. Monitor and report on the performance of plan service providers in accordance with contractual terms and industry best practices.
6. Review DCPC governing documents and recommend revisions.
7. Assist with the preparation of documents for the procurement of third-party services.
8. Provide regulatory and technical guidance.
9. Provide information and advice on proposed legislation and regulations that could affect the plans and participants.
10. Recommend relevant education and training sources and materials for the DCPC and participants.
11. Recommend marketing and other strategies to increase the number of participants and the amount under investment.
12. Prepare and present information to the Defined Contribution Plans Committee (DCPC) at quarterly meetings.
13. Prepare an annual report for the City Council.
Policy Considerations: In accordance with City policy AP-4102, a Request for Proposals is required for the City to obtain the services of an Investment Advisory Consultant.

Economic Impacts: None.

Environmental Considerations: None.

Sustainability: None.

Commission/Committee Action: None.

Rationale for Recommendation: In accordance with City policy AP-4102, a Request for Proposals is required for the City to obtain the services of an Investment Advisory Consultant.

Financial Considerations: The cost for a consultant is to be funded by 401(a) and 457(b) plan participants via an administrative allowance account.

Local Business Enterprise (LBE): None.
Questions to Include in RFP

1. Provide a list of your 10 largest local government clients in terms of total dollars invested as of 12/31/18. For each client, list the following:
   a. How long you have been under contract with the client;
   b. Which company is the record-keeper;
   c. Which products (e.g., 457, 401a, 401k, IRA, RHSA, etc.) are offered to their employees;
   d. Whether each product is offered on a mandatory, voluntary, or combination basis;
   e. Total dollars invested for each product as of 12/31/18;
   f. Number of participants who are invested in each product, as well as the total number of unique participants, as of 12/31/18; and
   g. Whether the products have been growing in terms of number of participants and average dollar amount invested, and whether the amounts invested and transferred in exceed the amounts withdrawn and transferred out.

2. Answer the same questions as in item 1 above, except use the list of your 5 largest local government clients that use Nationwide as their record-keeper.

3. According to the National Institute on Retirement Security, two-thirds of Millennials have nothing saved for retirement. How can we encourage and/or incentivize our Millennial employees to participate in our defined contribution plans?

4. Provide examples of the most impactful advice you have given to your clients. What prevented your client from taking the action described in your advice before your advice was given?

5. Based on what you have learned about the City of Sacramento’s defined contribution plans, what do you believe is the greatest opportunity for a) reducing participant expenses; b) increasing the percentage of employees who contribute; c) increasing the dollar amount contributed by employees; and d) reducing the number of transfers out by participants who longer work here?

6. How do you measure the quality of the advice you provide to your clients? For example, if you recommend that a client switch out a fund, do you look back one and three years later and report to the client whether the switch was successful in reduced fees and increased earnings? Provide copies of several reports back to your clients that analyze the results of your advice. Or, if you have not created any such reports, describe how we will evaluate the extent and quality of your services and advice?

7. Attachment A [to be created] is a list of the 20 funds that have the highest dollar amount invested by City of Sacramento participants combined across all products. Would you recommend the replacement of any of these funds? Why or why not?
8. In your experience, what are the greatest challenges facing a new oversight committee like the one that was just formed at the City of Sacramento? What are the greatest challenges facing a long-standing oversight committee? What recommendations would you provide to reduce those challenges?

9. In your experience, what are the greatest challenges facing a plan administrator that has chosen not to hire an investment advisory firm like yours?

10. What should be the focus of the City’s oversight committee in terms of obtaining the best value from Nationwide for our participants: keeping fund expenses low; increasing the number of active participants; increasing the amount of money invested; increasing the number of investment options for participants; reducing the amount of money withdrawn; increasing the educational offerings available to participants; or something else?

11. Provide a list of the five most innovative recommendations you have submitted to your clients over the last five years; describe how the recommendations were received; explain whether the recommendations were accepted and why or why not; and describe what happened since making the recommendations regardless of whether they were implemented.

12. What are the three most important characteristics that differentiate your firm from all the other firms that we could hire?

Interview Questions for Responsive Bidders

1. Given how few record-keepers there are working in the public sector and how often you interact with them during client meetings and at conferences, how are you able to maintain your independence and be able to provide your clients with necessary criticism of record-keepers?

2. Over the last five years, what percent of your clients have you lost? What were their reasons?

3. When working with an oversight committee, do you require that all communications be directed through the primary client contact or do you encourage communications with committee members?

4. In your experience, what percent of the funds in a client’s lineup are changed each calendar year as a result of poor results and/or high fees? Do you find that clients are reluctant to make changes to funds to avoid disruption to their participants, and does this result in lower earnings for their participants?
5. Should we continue to offer a limited number of investment opportunities to our current and former employees (exclusive of brokerage accounts), or should we seek to provide the largest number of opportunities? In other words, what’s the benefit of a small list, and what’s the harm of a large list?

6. During the term of our contract, will we have to ask you whether you can lower your fees and/or provide additional services for the same cost, or will you let us know when you are willing to take these actions? Do you have “most favored nations” clauses in your existing contracts with local government clients, and how often have you had to implement the clause for your local government clients?

Description/Analysis

**Issue Detail:** Nationwide Retirement Solutions is the provider of the City’s 401(a) and 457(b) plans. It is customary for plan providers to present plan information to a plan advisory committee. Representatives from Nationwide will present information on the plan performance for the period ending December 31, 2018, results of their customer satisfaction survey, and review of the performance guarantees in the 457(b) Plan Scope of Services.

The performance guarantees outlined in the 457(b) Plan Scope of Services are applied to both the 401(a) plans and the 457(b). The transition of the City’s 401(a) and 457(b) plans from ICMA-RC to Nationwide began in December 2016. Since the transition is complete and it is now two years later, staff and Nationwide believe the performance guarantees and individual meeting metrics should be re-evaluated at this time. Nationwide will propose during the meeting their recommendations for revisions to the performance guarantees.

The use of diversification and asset allocation as part of an overall investment strategy does not assure a profit or protect against loss in a declining market.

Asset allocation funds are designed to provide diversification and asset allocation across several types of investments and asset classes, primarily by investing in underlying funds. Therefore, in addition to the expenses of the asset allocation fund itself, you are indirectly paying a proportionate share of the applicable fees and expenses of the underlying funds.

The Plan Sponsor directs Nationwide to credit all Investment Option Payments to participant accounts on a pro-rata basis based on each participant’s total assets held in all Plan investment options that generated the Investment Option Payments. All Investment Option Payments will be credited on a quarterly basis. Nationwide will report to each Plan participant that receives such a credit the amount of all such credits.

4. **ADMINISTRATION SERVICES**

The Plan Sponsor will remain responsible for the accuracy and timely adoption of any Plan amendments. The Plan Sponsor is responsible for properly executing and retaining such documents and agrees to provide Nationwide with executed copies of same.

3) Nationwide will prepare the Adoption Agreement for review by the Plan Sponsor utilizing information and representations provided by the Plan Sponsor, which
information and representations may include Plan provisions found in the prior Plan documents not prepared by Nationwide.

Plan Sponsor acknowledges that:

b) Nationwide does not review prior Plan documents to ensure that all required amendments or restatements were properly and timely made, or that any of the prior Plan provisions are in compliance with applicable laws and regulations. The restatement of the Plan Sponsor’s Plan onto a Nationwide specimen Plan document does not retroactively correct any Plan documentary or operational errors that may have occurred prior to the date Administrative Services are provided by Nationwide.

5) All participants receiving a contribution must have an active account in the Plan.

Funds may be sent by wire transfer, through an automated clearinghouse or by check in accordance with written instructions provided by Nationwide. Failure to follow the written instructions provided by Nationwide may result in delay of posting to participant accounts.

All contribution allocation information with respect to participant accounts will be provided to Nationwide in a mutually agreed upon format.

If Nationwide makes a determination that the contribution or allocation detail is not in good order, Nationwide shall notify the Plan Sponsor of such determination upon discovery. After such notification, the parties will continue to try to resolve the not in good order status, but if resolution is not achieved, Nationwide shall return the funds to the Plan Sponsor within thirty (30) Business Days. Nationwide will not be liable for any delay in posting if the Plan Sponsor fails to send the funds representing contribution amounts or contribution allocation information in accordance with Nationwide’s instructions to the central processing site designated by Nationwide, or for any delay in posting that results from the receipt of funds and/or contribution allocation that Nationwide determines to be not in good order.

As used in this Attachment, the term “Business Day” means each Monday through Friday during the hours the New York Stock Exchange is open for business. No transactions can be completed on any Business Day after such time as the New York Stock Exchange closes.

The Plan Sponsor shall, upon request, timely provide all information required by Nationwide to perform its services to the Plan as described in this Agreement. The Plan
Sponsor shall be responsible for ensuring that the provided information is accurate and complete. Nationwide shall be entitled to rely exclusively on the information provided by the Plan Sponsor or the Plan Sponsor’s advisors, whether oral or in writing, and will have no responsibility to independently verify the accuracy of that information. The Plan Sponsor acknowledges that inaccurate and/or late information could result in tax penalties and/or participant/beneficiary legal claims. Nationwide assumes no responsibility for, and shall not have any liability for, any consequences that result from Nationwide’s inability to complete its work in the ordinary course of its business due to the failure of the Plan Sponsor to provide accurate and timely information to Nationwide.

1-Description/Analysis
Description/Analysis

Issue Detail: The City’s 401(a) and 457(b) plans charge an administrative fee by Nationwide Retirement Solutions (Nationwide) of 3.0 basis points. Basis points are paid by plan participants. The Defined Contribution Plans Committee has expressed interest in the City obtaining the services of an investment advisory and plan consultant to provide guidance and advisement on the City’s defined contribution plans. The current 3.0 basis points paid by participants does not provide any revenue to pay for such services. To date, discussions of potential options include:

- Increasing the basis points paid by plan participants
- Charging a flat rate to each participant
- Employee vesting periods for the City’s 401(a) plans.

At the March 14, 2019, Committee meeting, the Committee received additional information from Nationwide about plan participation. The committee requested additional data for their review and consideration. There was also a discussion and recommendation that the committee put forth two recommended options for the Department of Human Resources and Labor Relations to present to the City’s Recognized Employee Organizations. An increase in basis points or the addition of a flat fee would affect all plan participants in the 401(a) and 457(b) plans. The City would first need to negotiate Letters of Understanding with all recognized employee organizations to proceed with adding any type of fee to the plans for an administrative allowance account.

At the time of the writing of this report, staff is still waiting on Nationwide to provide the additional data requested by the Committee during their March 14, 2019, meeting. The data will be forwarded upon receipt and made publicly available at the Committee meeting. However, the Committee is encouraged to review Nationwide’s 457(b) 2018 Plan Performance Report included in the agenda packet.

As of December 31, 2018, the City’s 457(b) plan currently had 4,471 participants. The following chart illustrates examples of the result of an increase in basis points or the addition of a flat fee.

Description/Analysis

At the March 14, 2019, committee meeting, Chair Levison requested an item be placed on a future agenda to allow discussion regarding members visiting other defined contribution plan committees for educational purposes.

If committee members desire to participate in this type of activity, an ad-hoc committee should be formed and identify the members who will participate.
