

# At Home Scavenger Hunt

We have created a At Home Scavenger hunt. Print and cut the clues below to create a scavenger hunt. The clues can be used to find a specific location or item, then have another clue waiting at that spot. Place a treasure at the final destination. This is a great self-direted activity for your child or children to learn sequencing - following steps in order and work cooperatively if playing with others. The answers the clues are listed at the bottom.
