Every summer, young people across Sacramento look for ways to stay busy and engaged in their communities while they are out of school. The Youth Division had a busy summer offering programs for thousands of young people across Sacramento from summer camps and expanded learning programs to work-based learning and workforce readiness.

The Expanded Learning Section offered a variety of summer programming for youth in grades TK-6. Summer Oasis, an outdoor summer camp, was held at four of our city’s most popular parks including Regency Park, East Portal Park, Marriot Park, and William Land Park. Almost 400 participants enjoyed activities, games and crafts while making new friends and staying active. YPCE also offered Kids Kamp programs at various community center locations, serving hundreds of youth all summer long.

The 4th “R”, the city’s licensed child care program, offered “STEAM in ’19” at all 19 our locations across Sacramento serving over 2,500 students in grades TK-6. Program is run year round, Monday – Friday from 7am-6pm and offers before and after school care and program during school breaks.

The Youth Employment section offers work-based learning programs for young people who are interested in gaining employment. Prime Time Teen, a work readiness program for young people between the ages of 13-17, was offered at the following locations: Joe Mims Jr. Hagginwood Community Center, Sam & Bonnie Pannell Community Center, Oak Park Community Center and the Southside Clubhouse. Approximately 150 participants completed 48 hours of readiness training which focuses on the essential skills young people need to be successful. In addition, each participant created and implemented a youth-led community service project and received a $300 stipend at the conclusion of the program. Sacramento now has 150 better prepared young people ready for the workforce!

The Landscape & Learning Youth Employment Program (L&L), a work-based learning program, employed 85 young people between the ages of 14-17 this summer. Each participant gained employment skills in landscape maintenance, employer expectations, teamwork, communication, safety, customer service and time management. The L&L crews worked citywide providing general landscape and clean-up in approximately 100 parks this summer!

It was a great summer and while we love summer time, we’re excited about our fall programs as well. Check out the Youth and Teens section of the Come out and Play Catalog for all of our offerings.

Triple-R moves into a new era

Recreation is for everybody! In that spirit, the department created Triple-R, our program for older adults with dementia. Each day at Triple-R, older men and women gather together to enjoy one another’s company, perhaps sing along to a favorite song, enjoy old hobbies or try their hand at a new one, laugh and joke with each other – and stay safe. In the meantime, family caregivers get a needed break or head off to work knowing a loved-one is in good hands.

This past summer Triple-R moved into a new era when it opened a large new site at South Hills Shopping Center on S. Land Park Drive. Easily accessible for residents from throughout south Sacramento, the new center is open Monday-Friday, 7:30 a.m. to 6 p.m. for the convenience of working caregivers.

The 1960’s era shopping center serving as Triple-R’s new home gives off a fun, retro vibe perfectly suited to the light-hearted atmosphere at Triple-R. The completely renovated and warmly decorated new space sitting just a couple of doors down from the U.S. post office is an inviting place to spend the day.

Other Triple-R sites are located at Hart Senior Center in Midtown and at Woodlake School in North Sacramento.

Triple-R is an Adult Day Care program, licensed by the state of California. Our highly trained staff are adept at communicating with and providing personal care for people with early through late stage dementia.

Do you know someone who could use a day or two a week (or more!) at Triple-R? Go to www.TripleR.org for more information.
Community Centers is all about T.E.A.M.

The Experiences and Memories, or T.E.A.M. is our Community Centers motto and inspiration to provide the most unique and engaging recreational and lifelong learning opportunities for youth, teens, seniors, families, and communities. In the spirit of T.E.A.M., this summer’s highlights included Community Appreciation events, new educational excursions for youth such as to Safari West in Sonoma, a Seniors Pool Party, a brand new STEM Club in partnership with Square Root Academy, an Inaugural Flashback Friday Teen Unity Event at the Sacramento Softball Complex, and new and renovated outdoor sports courts, all in addition to our wildly popular summer youth and teen programming and camps. For the fall, visitors and participants can expect new programming including textile arts & sewing classes, enhanced Seniors programs and excursions, and community celebrations and events, as well as spruced up facilities with new furniture, equipment, and amenities for the community to enjoy.

Teens from 5 community centers came together for an Old School party at the Sacramento Softball Complex. #Flashback Friday was created to give teens from communities all over the city a night to come together and put their phones down and just have some good old fashion fun. Teens were treated to inflatable sport games, bumper ball soccer, kickball and volleyball under the lighted fields and courts. Other acts included a photo booth, and a line dance flashmob. Participation by the teens was quite impressive with all the events going on, and of course when the food came out, there was no stopping them. The night ended with a raffle and gift bag of ol’ school candy.

Camp Sacramento

Camp Sacramento kicked off 2019 with TONS of snow, and an exciting season ahead as the department welcomed a new Camp Manager, Thomas Semeta, all the way from Boston, Massachusetts. Now, a note from Thomas:

“IT is with great excitement that I’ve enjoyed this season as the new camp manager at Camp Sacramento this summer. After 20 years of East Coast summer camp experience, this has been an exhilarating opportunity to embark on something new, exciting, and different. And it has been that and more! We’ve had a fantastic season with over 2,000 campers joining us at Camp Sacramento this summer. We had lots of fun in archery, tie-dyeing, biking, fishing, making various crafts, singing camp songs, eating s’mores, and many more activities for campers of all ages.

As much fun as we’ve had this summer, we’re looking forward to our next one, a very special celebration. Camp Sacramento will be turning 100 years old next summer of 2020!!! And with that, we are very excited as we put all the ideas together and start planning the most epic of all of our seasons yet – A Centennial Celebration!”

Thank you, Thomas and team, for an eventful and exciting camp season! For more information on Camp Sacramento, please visit our website at http://www.cityofsacramento.org/ParksandRec/Recreation/Camp-Sac.

Park Maintenance Division

The Park Maintenance Division had a very busy summer! We hope you had a chance to visit one of our 228 parks that includes some of our specialty parks such as off-leash dog parks, community gardens, and skate parks. Over 130 park maintenance staff members work every day to maintain our parks, and we’d like to send a huge thank you to our staff and volunteers for their continuous dedication and commitment to keeping our parks beautiful all year long.

Speaking of dedicated staff, the Park Maintenance Division is wishing farewell to Roger Brown as he prepares for retirement. Roger has been with the City of Sacramento for over 37 years. He started in Tree Maintenance in 1981, then was a Park Maintenance Worker I in 1984, promoted to Park Maintenance Worker II in 1994, was a mower operator for 15 years during the time, and then was promoted to Park Supervisor in 2015. When we asked Roger what he will miss the most after he retires, he said working on projects with the crews and “watching their eyes light up” when the project is complete and seeing how proud they are of their work. In retirement, Roger is looking forward to spending time with family and traveling to see different family members that live in different states. He also looks forward to “sleeping in” a little bit.

A huge THANK YOU to Roger for almost 40 years of dedicated service to the City of Sacramento and best of luck in retirement!

YPCE’s Park Planning and Development Services Division plans, develops, and maintains neighborhood, community, and regional parks in Sacramento. During 2018-2019, the City made improvements to several parks throughout the City. Improvements in 2019 included the relocation of dog parks at North Natomas Regional Park, playground renovations at Woodlake Park, a renovated skate bowl at Sutter’s Landing Skate Park, tennis court renovations at Nielsen Park, and new master plans for Olympians Park and Cove Park. Find out more information about each of these park projects below.

North Natomas Regional Park - Dog Parks
The existing small and large dog parks at North Natomas Regional Park were recently relocated to 2501 New Market Drive. Both the large and small dog parks have drinking fountains, wash faucets, and fabric shade canopies. Dog owners and dogs will enjoy a water play zone and dog fitness equipment in the new Agility Zone located in the southeast corner of the park. Other improvements at the park include concrete benches, trash receptacles, an automatic irrigation system, and open turf.

Woodlake Park Playground Renovation
Woodlake Park is located in North Sacramento at 500 Arden Way. The existing tot lot and adventure area playground at this park were replaced with new equipment and swings in May 2019. The new playground has wood fiber surfacing, a drinking fountain, benches and tables. Other amenities at this park include an amphitheater, a softball field, a lighted tennis court, and the Woodlake Clubhouse.

Sutter’s Landing Skate Park
Phase 2 of the Sutter’s Landing Skate Park Project is complete, and the park is now open. This District 3 project consisted of resurfacing of the existing skate bowl which has been closed for more than a year, resurfacing the hump ramp and resurfacing additional skate elements within the skate park. Skaters can ride scooters and roller skates at the park which is located at 28th and B Streets.

Nielsen Park Playground & Tennis Renovation
Playground renovations are finished at this 10.08-acre park. Nielsen Park was reopened in spring 2019, and improvements include a new tot lot and adventure area playground, a shade canopy, resurfaced tennis and basketball courts, and a drinking fountain.
Cove Park

Cove Park will be a new 1.9-acre park within the Cove residential neighborhood development in South Natomas. The park will have a tot lot, a group picnic area, a bicycle rack, open turf play area, a half basketball court, and stormwater/bioretention planters.

Olympians Park

Olympians Park is a 4-acre neighborhood park with a community-serving neighborhood center. The park is a component of The Mill at Broadway development in the Land Park area of Sacramento. The master plan will have a 0.24-mile bike trail/jogging loop, an amphitheater, dog park, playground, and open turf.

Lifeguard Training

This American Red Cross Lifeguarding course provides participants with the knowledge and skills to prevent, recognize and respond to aquatic emergencies. Participants will learn how to provide professional-level care for breathing and cardiac emergencies, injuries, sudden illnesses and water emergencies until emergency medical services (EMS) personnel take over. Successful completion of the program includes a certification in American Red Cross Lifeguarding, First Aid and CPR/AED.

Prerequisites:
• Swim 300 yards continuously demonstrating breath control and rhythmic breathing. You may swim using the front crawl, breaststroke or a combination of both but swimming on the back or side is not allowed. Swim goggles may be used.
• Tread water for 2 minutes using only the legs with hands placed under your armpits.
• Complete a timed event within 1 minute, 40 seconds.
• Starting in the water, swim 20 yards. Your face may be in or out of the water. Swim goggles are not allowed.
• Surface dive, feet-first or head-first, to a depth of 7 to 10 feet to retrieve a 10-pound object.
• Return to the surface and swim 20 yards on your back and return to the starting point with both hands holding the object while keeping your face at or near the surface so you are able to get a breath. You should not swim the distance under water. Exit the water without using a ladder or steps.

**OnStage Theatre Arts**

Have a child with an active imagination and a need to shine? OnStage theatre arts classes provide a place for imagination, confidence building and teamwork while improving reading and verbal skills. Students create characters from a box full of costumes, then collaborate to create a story which becomes the play that they will rehearse for the rest of the session. Young actors learn to support each other in the story and work as an ensemble as they also create set and prop pieces. Playing theatre games, practicing lines, exploring the basics of theatre arts prepares them for the performance and develops an appreciation of the many facets of theatre. It is wonderful to see the children confidently perform their creation for family and friends on the final day of classes.

### Singers with HART

Whether you love to sing because you always have, or yearn to sing because you never had the opportunity, Singers with HART may be a unique possibility for you. Formed in 2014, this initiative is now a community of singers developing the ability to sing in harmony, who offer the fruits of their efforts in a culminating performance at the conclusion of each rehearsal block. No audition is required. The only pre-requisites are the desire to sing in harmony in a group, and the desire and ability to learn new skills. Rehearsals are weekly on Fridays, 10:30 to Noon.
