

How to Look Out for an Older Neighbor

Indicators from “Naturally Occurring Retirement Communities” Blueprint

www.norcblueprint.org

If you are wondering how an older neighbor is doing, here are some things to take note of:

- Do they have family nearby?
- How do they say they are doing?
- How often do they leave their home?
- Do they use a cane or walker?
- Do they seem to hear OK? Does their vision seem OK?
- Do they still drive?
- Do they use public transit?
- Is there a store nearby?
