You are welcomed and encouraged to participate in this meeting. Public comment is taken on items listed on the agenda when they are called. Public Comment on items not listed on the agenda will be heard as noted on the agenda. Comments on controversial items may be limited and large groups are encouraged to select 3-5 speakers to represent the opinion of the group.

Notice to Lobbyists: When addressing the legislative bodies you must identify yourself as a lobbyist and announce the client/business/organization you are representing (City Code 2.15.160).

Speaker slips are available on the City’s Website and from staff, and should be completed and submitted to the Commission Clerk.

Government Code 54950 (The Brown Act) requires that a brief description of each item to be transacted or discussed be posted at least 24 hours prior to the Special meeting. The City posts Agendas at City Hall as well as offsite meeting locations.

The order and estimated time for Agenda items are listed for reference and may be taken in any order deemed appropriate by the legislative body.

The Agenda provides a general description and staff Recommendation; however, the legislative bodies may take action other than what is recommended. Full staff reports are available for public review on the City’s website and include all attachments and exhibits. “To Be Delivered” and “Supplemental” reports will be published as they are received. Hard copies are available at the Department of Parks & Recreation and all written material received is available at the meeting for public review.

Meeting facilities are accessible to persons with disabilities. If you require special assistance to participate in the meeting, notify the Youth, Parks, & Community Enrichment Department at (916) 808-5172 at least 48 hours prior to the meeting.
General Conduct for the Public Attending Parks & Recreation Commission Meetings

- Members of the public attending Parks & Recreation Commission meetings shall observe the same rules and decorum applicable to the Members and staff as noted in Chapters 3 and 4 of Council Rules of Procedure.

- Stamping of feet, whistles, yells or shouting, physically threatening conduct, and/or similar demonstrations are unacceptable public behavior and will be prohibited by the Sergeant-at-Arms.

- Lobbyists must identify themselves and the client(s), business or organization they represent before speaking to the Committee.

- Members of the public wishing to provide documents to the Committee shall comply with Rule 7 D of the Council Rules of Procedure.

Members of the Public Addressing the Parks & Recreation Commission

- Purpose of Public Comment. The City provides opportunities for the public to address the Board as a whole in order to listen to the public’s opinions regarding non-agendized matters within the subject matter jurisdiction of the City during Regular meetings and regarding items on the Agenda at all other meetings.
  
  o Public comments should not be addressed to individual Members nor to City officials, but rather to the Parks & Recreation Commission as a whole regarding City business.
  
  o While the public may speak their opinions on City business, personal attacks on Members and City officials, use of swear words, and signs or displays of disrespect for individuals are discouraged as they impede good communication with the Committee.
  
  o Consistent with the Brown Act, the public comment periods on the Agenda are not intended to be “Question and Answer” periods or conversations with the Committee and City officials. The limited circumstances under which Members may respond to public comments are set out in Rule 8 D 2 of the Council Rules of Procedure.
  
  o Members of the public with questions concerning Consent Calendar items may contact the staff person on the report prior to the meeting to reduce the need for discussion of Consent Calendar items and to better respond to the public’s questions.

- Speaker Time Limits. In the interest of facilitating the Committee’s conduct of the business of the City, the following time limits apply to members of the public (speakers) who wish to address the Committee during the meeting.
  
  o Matters not on the Agenda. Two (2) minutes per speaker.
  
  o Consent Calendar Items. The Consent Calendar is considered a single item, and speakers are therefore subject to the two (2) minute time limit for the entire Consent Calendar. Consent Calendar items can be pulled at a member’s request. Such pulled Consent Calendar items will be considered individually and up to two (2) minutes of public comment per speaker on those items will be permitted.
  
  o Discussion Calendar Items. Two (2) minutes per speaker.

Time Limits per Meeting In addition to the above time limits per item, the total amount of time any one individual may address the Committee at any meeting is eight (8) minutes. Each speaker shall limit his/her remarks to the specified time allotment.

- The Presiding Officer shall consistently utilize the timing system which provides speakers with notice of their remaining time to complete their comments. A countdown display of the allotted time will appear and will flash red at the end of the allotted time.

- In the further interest of time, speakers may be asked to limit their comments to new materials and not repeat what a prior speaker said. Organized groups may choose a single spokesperson who may speak for the group but with no increase in time.

- Speakers shall not concede any part of their allotted time to another speaker.

The Presiding Officer may further limit the time allotted for public comments per speaker or in total for the orderly conduct of the meeting and such limits shall be applied.

**Issue:** Mangan Park is an 8.29-acre community park located at 2140 34th Avenue. The proposed Master Plan Amendment includes relocating the existing archery range to a safer orientation, expanding the pool area to include splash pad and additional shade, group picnic area with shade structure, grass volleyball court, walking path with fitness equipment, public art, bike parking, playground shade structure, restroom and additional trees. These amenities would be in addition to the existing playground, soccer fields, softball field, pool, horseshoe pits, and basketball court, which are to remain. The former indoor rifle and pistol gun range building would be converted to a multi-use community center after the lead is removed from the building and funding becomes available for the renovation.

**Policy Considerations:** Providing parks and recreation facilities is consistent with the City’s strategic plan to achieve sustainability and livability and to expand economic development throughout the City. The adoption of a master plan amendment is consistent with the park development process set forth in the Park and Recreation Master Plan.

**Economic Impacts:** Not Applicable

**Environmental Considerations:** The Master Plan Amendment is a planning study for possible future action and at this time is exempt for environmental review under CEQA Guidelines section 15262. As plan components are designed and funded, environmental review will occur before those projects are approved for construction. Also, many of the planned improvements are exempt under CEQA Guidelines sections 15301 (Existing Facilities), 15302 (Replacement or Reconstruction), 15303 (Small Structures) and 15304 (Minor Alterations to Land). The new use of the gun range building has not been determined and environmental review would address whether the new use would generate traffic levels and parking needs that exceeded the prior use of this building. Removal of the lead contamination is exempt under CEQA Guidelines section 15330.

**Sustainability:** The proposed Master Plan Amendment been reviewed for consistency with the goals, policies, and targets of the City’s Sustainability Master Plan (SMP) and the Parks and Recreation Sustainability Plan (PRSP). The proposed plan amendment will advance the goals, policies, and targets of these plans by reducing greenhouse gas emissions and air pollution through the addition of trees and other plantings and improving health of residents through the access to a diverse mix of wellness activities. Individual products have not been chosen at this level of development, but the design will include products from recycled materials. The design plans will incorporate sustainable design using water efficient irrigation design.

**Commission/Committee Action:** Not Applicable

**Rationale for Recommendation:** The Mangan Park Master Plan Amendment process included a kickoff community meeting on May 10, 2018. That meeting was followed by an online survey which was available to for public comment throughout the month of July 2018. The results of the survey were reviewed at a second public meeting held on September 5th. At the second meeting, additional input was received from the public and incorporated into the Master Plan Amendment.

**Financial Considerations:** None

Description/Analysis

Issue: The Summer @ City Hall program has been operating for more than eight years within the Neighborhood Services Division. More than 525 young people have graduated from the program over the last eight years. The 2018 Summer @ City Hall program received 200 applications with 90 students invited to attend after an interview process and 76 graduates from the Class of 2018. The purpose of the Summer @ City Hall program has continued to remain constant over the years with three primary goals in mind:

1) Foster civic engagement and empowerment of young people within the City of Sacramento governmental processes based upon Youth Development standards;
2) Encourage youth to find their voice in the political process and address issues that impact their lives to develop solutions or bridge the communication gap with adult decision makers; and
3) Prepare young people for future employment/careers by providing job readiness and life skills through a participation in an internship with public and governmental agencies.

This summer saw our largest number of students (90) invited to attend the Summer @ City Hall six-week program. The breakdown of students was as follows: 40 Sacramento City Unified (SCUSD), 25 Natomas Unified (NUSD), 10 Twin Rivers Unified (TRUSD) and 15 At-Large students living within the city limits and attending other district/charter schools.

The program students complete more than 90 hours of instructional classroom time and a 42-hour internship. Upon the conclusion of the program, the graduates earned five elective credits or community service hours and received a $350 stipend.

The purpose of this presentation is to provide the Parks and Recreation Commission an end of program synopsis for the 2018 S@CH program cycle and an update on the transition of the administration of the S@CH program to the new Youth Division within the Youth, Parks, & Community Enrichment (YPCE) Department.

**Issue:** The 4th “R” is a year-round licensed school-age child care program for youth in Kindergarten – 6th Grade. The program is held on the campuses of 19 elementary school sites in Sacramento, including schools in Natomas, Sacramento City and Twin Rivers school districts. The 4th “R” is licensed by the State Department of Social Services, and provides before school, after school and early dismissal child care during the school year. The 4th “R” also operates during summer vacation, winter break, and spring break. Qualified staff provide a wide-variety of group and individual activities designed to enhance children's physical, social and emotional development. Activities include singing and dancing, creative artistic expression, participation in active games and sports, involvement in dramatic productions, cooking and nutrition, science and nature exploration. Participants also receive homework support and nutritional snacks.

There are currently over 2400 participants enrolled in the 4th “R”, with waitlists at approximately 80% of sites. The 4th “R” is a fee-based program and Enterprise Fund, supported by revenues from program participation. In addition to fee-paying participation revenue, approximately 9% of participants receive financial support through California Department of Education CCTR subsidy grant. Staff are currently evaluating the subsidy program and grant funding as grant requirements include additional staff education and teacher credentials. If the 4th “R” discontinues the subsidy program, revenue will be recovered through fee-paying participation, other third-party financial aid, and the reallocation of staff associated with subsidy sites and the subsidy program, still projecting an overall healthy budget.

**Leisure Enrichment** offers a variety of classes, programs and activities in City parks and facilities to enrich the lives of the Sacramento community. The program provides short term, long term and season specific, high quality, affordable programs for all ages. Programs include sports leagues, summer camps, Tiny Tot daycare, adaptive sports, arts, computer classes, and exercise classes. So far in 2018, over 2,000 participants enrolled in a Leisure Enrichment program.

YPCE has ongoing, open recruitment for independent contractors looking to lead or instruct a program, class or activity. Interested instructors must submit a Request for Applications for Enrichment Program Contractors. If selected as a Leisure Enrichment Instructor, YPCE assists with registration and marketing of programs through the biannual Come Out and Play recreation catalog.

Description/Analysis

**Issue:** Under the City Code, outdoor vending on a sidewalk beyond the Central Business District boundary is prohibited. Also, any commercial activity in a park requires a park use permit or a special event permit. In some parks, like Cesar Chavez and the Sacramento Softball complex, the City has approved leases of City buildings for café or restaurant food service. At many community parks, little leagues have been licensed to use the City's concession stand building to sell refreshments during their games. Except during special events in parks or streets, like a Fun Run at Land Park or Second Saturday, outdoor vending of merchandise is not permitted.

The City regulates food trucks and food cart vendors by requiring a City license to insure that they have County food permits and insurance. The City requires food trucks and food cart vendors to park at least 350 feet from a park or a school for safety reasons, so children do not cross streets except at a street intersection that has a crosswalk. The difference between food trucks and food carts is that carts are trailers hauled by a truck to a location usually just for that day.

SB 946 preempts local regulations to allow food and merchandise carts and sidewalk vendors (rolling pushcarts) to operate along streets and in parks with limited restrictions. If there was an existing food concession in a park, the City can restrict food carts (a stationary vendor), but generally not rolling food vendors. Merchandise vendors (stationary or rolling) would be more difficult to restrict under SB 946. The City cannot take into consideration economic competition or neighborhood concerns; only objective health, safety or welfare concerns.

Also, the penalties are reduced to only $100 to $250 for violations of City regulations or failure to have a City permit. The City will need to amend our current outdoor vending and parks ordinances to comply with the SB 946 provisions. Enforcement by code enforcement staff and park rangers will be limited if we have a significant increase in vendors in our parks because they first respond to complaints.

**Neighborhood Parks** - Even with the SB 946 restrictions, the City should be able to prohibit stationary food carts and rolling food carts in *neighborhood parks* because such parks are small, they have no parking lots to accommodate commercial activity, the extra trash generated from food operations could create a health problem, and vending would interfere with the public’s use and enjoyment of the active and passive recreational park uses.

**Community and Regional Parks** - At the larger *community parks and regional parks*, the City would have limited authority to prohibit food or merchandise vending. Only at community parks with existing food concessioners could the City prohibit stationary food carts. The City could only limit the number of rolling food carts in a community or regional park if they were in the same area as the food concession stand or there were a number of carts in the same area of the park based on undue concentration. Also, sidewalk vendors parked along a sidewalk cannot block pedestrian access so they generally would be located at street intersections or else they have to keep rolling. The City can also prohibit use of amplified sound by food or merchandise vendors because it would interfere with the public’s quiet enjoyment of the park.

**Farmers Market/Special Events** – Under AB 946, the City can continue to prohibit vendors within parks and streets during special events, like the Farmers Markets in Midtown (20th Street), along the streets that surround Fremont Park, 15th Street at Capitol Park, the sidewalks that surround Cesar Chavez Plaza, and Capitol Mall during those Farmers Market events. At other Special Events like the Food to Fork event or parades and concerts along Capitol Mall, food and merchandise vendors that are permitted by the event organizer as part of the event can be required to leave the venue area.
