

PARKING PERMIT PILOT

EDUCATIONAL INSTITUTION PARKING PERMIT PILOT

On May 25, 2021, Sacramento City Council approved an Educational Institution (EI) parking pilot program for Washington Elementary School. This pilot is limited to 10 on-street spaces that border the school property line.

Washington Elementary School staff will use EI permits that restrict their parking to these pilot spaces. Staff are **not** allowed to park in residential permit (RPP) areas with EI permits.

This pilot will assess whether allowing school staff to park only along school property lines will reduce their need to park in RPP zones.

Existing regulations for parking spaces that are not included in this pilot will remain the same.

Thank you for your support during this pilot program.
