March 22, 2017

Background

2015

- **Initiated coordination with SLPNA**
- **Conducted neighborhood survey and public meeting**
- **Investigated/applied for grant funds for preliminary engineering**
- **Obtained \$2.2M in grant funds from SACOG**

2016

- **Initiated procurement process for preliminary engineering/environmental documentation**
- **Selected engineering/planning firm**

Our Task

Del Rio Trail

Reality

Concept

Project Development

January to
June 2017

**Project
Planning**

June 2017 to
June 2018

**Environmental
Clearance**

June 2018 to
June 2019

**Final
Design/ROW**

Dependent on
Funding

Construction

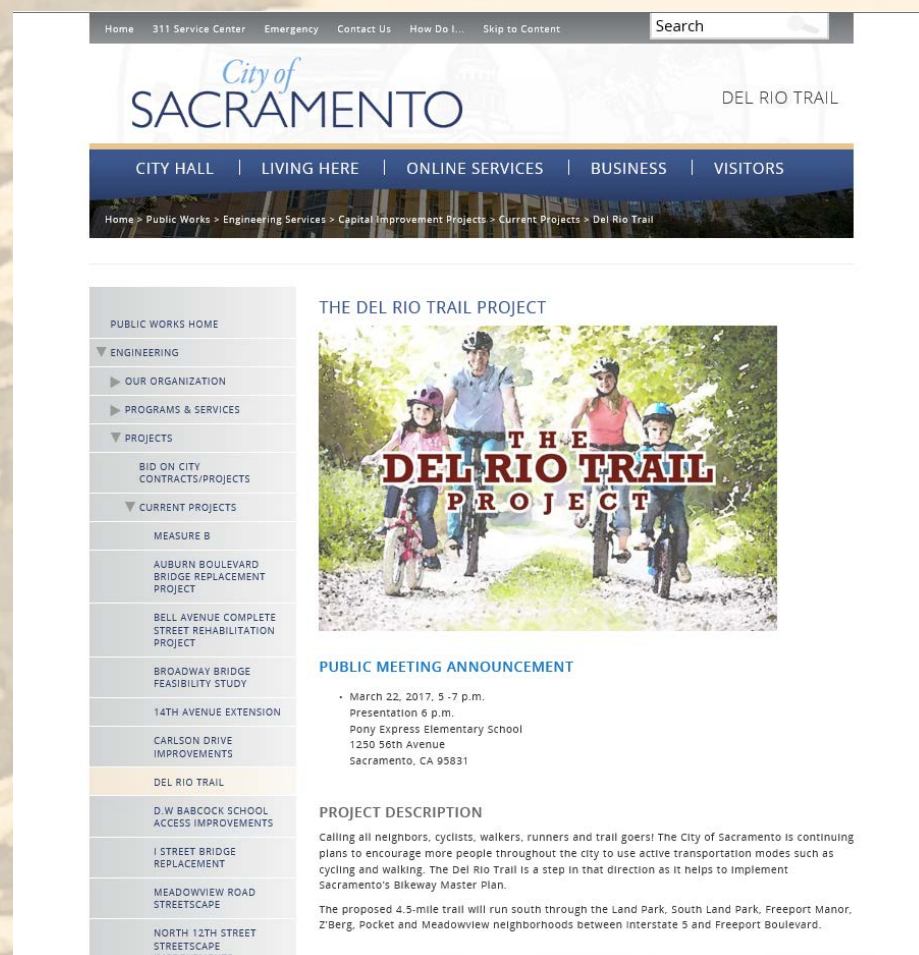

We are here

Project Purpose

- **Complete the planned connection in the Bikeway Master Plan.**
- **Improve pedestrian and bicycle access throughout the project length.**
- **Provide an ADA compliant, active transportation connection for pedestrians from south Sacramento communities to schools, retail, jobs, and recreational destinations.**

Activities Completed

- **Site evaluation**
- **Constraints**
- **Survey to 43rd Ave**

- **Stakeholder group**
- **Project website**
- **Concept exhibit**

Upcoming Activities

- **Survey completion**
- **On-going outreach**
- **Safety evaluation**

- **Crossing analysis**
- **Access point refinement**
- **Preliminary engineering**

Tonight's Objective

- **Share the current trail concept**
- **Answer questions**
- **Obtain the community's comments**

Next Steps

- **Evaluate public comments**
- **Consult with stakeholder advisors**
- **Refine project elements**
- **Public Meeting No. 2 (May – June)**
- **Update conceptual design**
- **Initiate environmental studies**
