

Permit Updates

Visit the “Garage Upgrades” link at SacPark.org for more information

Merchant Validation Coupons **subject to change*

The red \$5 Merchant Validation Coupons will not be compatible with the new garage system.

If you are a merchant who currently participates in the City’s Merchant Validation program, it is advised that you either wait until the system upgrade at your respective garage to use the new validation system, or order in smaller quantities if your operation has an immediate need.

Any old merchant validations still in stock after the upgrade may be switched out for new coupons.

To trade old validations for new validations: Visit www.sacpark.org, then under Forms & Applications, choose “Online Merchant Validation Re-Order Form” under the Discount Forms heading

DEPP & PTEP PASSES

The current DEPP & PTEP cards will not be compatible with the new garage system.

You will be contacted by our office about how to receive your new card.

Efforts will be made to provide pick up locations at your assigned garage for your convenience.

Cards not picked up during distribution dates at the garage will be available in the Revenue Division Office (915 I Street, Room 1214)

To receive discount during construction period, please show pass to attendant.

AMCO PASSES

Due to the system upgrade, AMCO passes will no longer be sold until the garage system upgrade is complete.

Please visit www.sacpark.org for future updates about this program

Monthly Passes

The current monthly passes are compatible with the new system and may be used once the new system is live in your assigned garage.
