*Day determined by July 6

When community centers are closed for the day, administrative staff housed in the building will continue to work in their offices, school year teen and summer youth/teen programs will continue to operate, the Tiny Tots program will continue to be held and rentals may be permitted. However, fitness rooms will not be open, school year youth programs will not operate and no public access will occur. Leisure enrichment classes will be relocated to the extent possible by working with the outside instructors and registrants.

County of Sacramento senior nutrition (lunch) programs will be reduced from a Monday through Friday schedule to Tuesday/Thursday at Mims Hagginwood and Monday/Wednesday/Friday at Pannell Meadowview. This reflects a County decision to reduce services.
