Email: keenypowell@grant.k12.ca.us

Website: twinriversusd.org (student achievement)

Contact Name: Keenya Powell

Ages of Youth: 14-18 years old

Mentoring Type: one-to-one

Commitment Length: The minimal program commitment is one 55 minute meeting, once a month for the entire school year.

Types of Activities: academic mentoring with attention to college and career education. Each student will be matched to a team of 12-15 students and 2-3 mentors

Meeting Times: Because we are only meeting once a month it is important that the mentee commit to the entire school year. Each meeting has been mapped out for the school year so; the mentor knows from day one when and where they are expected to meet with their team. They may meet with any of the mentees on their team outside of the group meetings, but the group meetings are the most important for the program to work successfully. I have also expanded the age group of the program.
