

THE WATER LINE

Ordinance Revisions

The Sacramento Marina staff is considering revising and clarifying the existing Sacramento Marina Harbor Ordinance for more efficient operational purposes. The proposed revisions include:

- Boat owners insurance requirement,
- Managing subleasing "in-house",
- Including a 10% overhang policy,
- Charging for berthing by the length of the boat or the length of the berth, whichever is greater; and
- Prohibiting the transfer of the berth with the sale of the boat.

A draft copy of the proposed changes is available to be downloaded from our website at <http://www.sacramentomarina.com/MAC/info.htm>. If you do not have access to the Internet, copies will be available at the Sacramento Marina administration office.

A special Marina Advisory Council (MAC) meeting has been scheduled for March 1st, 2006 at the administration building to enable you to provide input on the proposed changes. You may also convey your input to a MAC member. A roster with the MAC's contact information is available on our website, or you may call the Marina Office and we will provide you with that information. Please see the reverse side for the Agenda of this special MAC meeting.
