

City of Sacramento, Neighborhood Services Department Brings the City to the Customer (C2C)

Please join the Department of Neighborhood Services in celebrating Customer Service Week. Staff will be at a community center near you acting as “car hops” to provide you with a free cup of coffee* or lemonade* and a bag chock-full of information on the services available to city residents. Ask questions and get answers all by staying in your car. Call (916) 808-6789 for more information.
