

City of Sacramento Development Oversight Commission COMMUNITY WORKSHOP

DEVELOPMENT OVERSIGHT COMMISSION WORKSHOP

Monday, September 10, 2007

5:30 p.m.

Historic City Hall—915 I Street, Sacramento

Have a question about the City of Sacramento's development review process? Want to know more about how you can provide input? Have a suggestion or comment for improving the way we do business?

WE WANT TO HEAR FROM YOU!!

The City of Sacramento Development Oversight Commission welcomes community and customer feedback. We've dedicated our September meeting to giving homeowners, small builders and the community at large an opportunity to get immediate responses to development-related questions.

The DOC, along with City of Sacramento Development Services staff, will answer questions and respond to suggestions from citizens, developers and other customers. Interested participants are strongly encouraged to submit questions in advance to ensure that adequate information is gathered and that the appropriate staff members are available to respond.

Submit your questions to DOC@cityofsacramento.org by August 31, 2007.
