**Item No. 8**

---

**Supplemental Material**

For

**City of Sacramento  
Planning Commission  
Agenda Packet**

**For the Meeting of:** April 12, 2007

Additional Information

**Contact Information:** Heather Forest, Associate Planner (916) 808-5008

**Project Name:** South Land Park Cell Tower (P06-205)

**Subject:**

1) The following modifications have been made to the Conditions of Approval:

Condition #6 shall read: The applicant shall complete all necessary federal telecommunications regulatory filings prior to commencing construction.

Condition #8 shall be deleted.

Condition #9 shall read: Should the applicant ever discontinue using the tower for wireless services then the applicant shall remove all wireless antennas and associated equipment from the steeple. The applicant shall also remove all ground equipment and equipment cabinets. All of the above shall be done within six months of termination.

2) City staff has received one letter of opposition to the proposed project, which is attached for reference.

Contact UsCommentsI am opposed to the cell phone tower plan at 5700 S. Land Park Dr. I live on 34th Ave, have two small children and don't care that there is minimal radiation. Any radiation near my family is just wrong. The tower will also effect the value of my property. If I was looking to buy a house I would never purchase near a cell phone tower. I am appalled that a church would approve this. This is a residential area as you state in your proposal, we do not need an eye sore of a cell tower in our neighborhood. I hope you take my letter into consideration, I am a resident that will be effected. Thank you. Jennifer Silva
