

THE RAILYARDS - MOVING FORWARD!

UPCOMING PUBLIC HEARINGS SCHEDULED

JOIN THE DISCUSSION

The Railyards - a collaborative planning effort between the City of Sacramento and Thomas Enterprises - is a 244-acre brownfield site located just north of Sacramento's central business district and east of the Sacramento River. It is recognized as the largest urban infill site in this region, presenting Sacramento with an opportunity to accommodate future growth utilizing sustainable and smart growth principles.

Over the past several years, Sacramento residents, businesses and community leaders have provided valuable input and commentary on the Railyards plans. This fall, there will be several more opportunities to learn about the Railyards and provide input. In September and October, the City Planning, Design and Preservation commissions will hold three joint meetings, allowing them to learn about the project and hear public comments as one unified body.
