SECTION – 6

Budget Resolution

RESOLUTION NO. xxxx-xxx

Adopted by the Sacramento City Council

June XX, 2010

**APPROVING THE FISCAL YEAR 2010/11
OPERATING AND CAPITAL IMPROVEMENT PROGRAM BUDGETS
FOR THE CITY OF SACRAMENTO**

BACKGROUND

- A. The City Manager is required to present a balanced budget to the Mayor and City Council no less than 60 days prior to the beginning of each fiscal year pursuant to Article 9, Section 111 of the City Charter.
- B. The City of Sacramento, through the leadership and direction of the Mayor and City Council, has maintained a sustainable budget philosophy. Given this concept of fiscal sustainability, the Council adopted the following strategies and principles on February 11, 2010, for the development of the Fiscal Year (FY)2010/11 Proposed Budget:
1. Budget Development Strategies
 - a. Alternative Service Delivery
 - b. Streamlining the Organization
 - c. Revenue Improvements
 - d. Planned Use of One-Time Reserves
 2. Fiscal and Organizational Principles:
 - a. Develop a Sustainable Budget Plan
 - b. Balanced Budget for FY2010/11
 - c. Use One-Time Resources Strategically
 - d. Balance Layoff Impacts with Service Level Decisions
 - e. Address Full Service City Status
- C. The City Manager released the FY2010/11 Proposed Operating Budget and the 2010-2015 Proposed Capital Improvement Program (CIP) (which includes the FY2010/11 CIP Budget) on April 30, 2010, for review and consideration.
- D. The Mayor and City Council conducted hearings during the months of May and June 2010 related to the adoption of the City's FY2010/11 Operating and CIP Budgets.
-

- E. On June 28, 2005, the City Council approved Resolution 2005-548 authorizing the establishment of the “City of Festivals” Special Event Fund (Fund 2505) and established an annual appropriation of \$100,000 from the Parking Fund (Fund 6004) to the project. In order to comply with new Governmental Accounting Standards Board (GASB) requirements which restricts the uses of special revenue funds, the “City of Festivals” activity should be accounted for in the Parking Fund. Therefore, staff is recommending that Resolution 2005-548 be rescinded.
- F. On February 26, 2008, the City Council approved Resolution 2008-114 authorizing the establishment of the “SEED Corporation Working Capital Fund” and reallocation of General Fund resources. Staff have also determined that this procedure would not be compliant with the new GASB requirements. Therefore, staff is recommending that Resolution 2008-114 be rescinded.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- A. The Summary of Changes in Appropriations, attached as Exhibit 1, and the Summary of Changes and Technical Adjustments, attached as Exhibit 2, are hereby approved.
- B. The FY2010/11 Operating and CIP Budgets, as defined in Section 2.1, are hereby approved (collectively the “Approved Budget”).
- C. The 2010-2015 CIP, which provides a comprehensive five-year plan for the City’s capital project expenditures, is hereby approved.
- D. Sections 1 through 16 below, which define the authority and responsibilities of the City Manager in implementing the Approved Budget, are hereby approved.
- E. The City Manager is authorized to incorporate final decisions of the City Council, and refine/add content, as may be needed to meet Government Finance Officers Association (GFOA) and California Society of Municipal Finance Officers (CSMFO) budgeting award application requirements, into the Proposed Operating and CIP Budgets in order to create the FY2010/11 Approved Operating Budget and 2010-2015 CIP.

- G. Resolutions 2005-548 and 2008-114 are rescinded.

- 10.3 Capital appropriations shall be used solely for the originally approved project or projects except as provided for in this section.
- 10.4 Annually, completed or inactive projects will be closed, except for projects that have existing litigation or payment disputes. An inactive project is defined as one where transaction activity is less than \$1,000 over the prior three years. Closures are the responsibility of the designated project manager. The managing department and/or City Manager has the authority to process the necessary documentation to close inactive projects.
- 10.5 All multi-year CIP projects in existence on June 30, 2010, shall be continued in FY2010/11 except as provided otherwise in Section 10.4. The FY2010/11 CIP Budget is summarized on Schedules 2 and 4 as displayed in Exhibit 3.

Projects requiring continuing appropriations will require City Council action through programming within the CIP or through a separate appropriation to the project.
- 10.7 Each fiscal year, on June 30, the balance of each CIP project must be zero or have a positive balance by fund. Projects in excess of the budget from all funding sources (i.e., with a negative balance) shall be treated as follows:
- (1) If the project balance exceeds the budget by \$100,000 or less, the project account shall first be corrected within each fund and, second, any remaining negative balance shall be corrected by a transfer from the project manager's department Operating Budget (all transfers of \$100,000 or less shall be made as provided for in Section 6.2); or
 - (2) If the project balance exceeds the budget by more than \$100,000, the project account shall be submitted to City Council for approval by resolution of a corrective plan of action.
-

- 10.8 Except in the General Fund, the City Manager is authorized to transfer appropriations up to and including \$100,000:

 - (2) Between funding sources within a project if the total appropriation remains unchanged.
- 10.9 Upon completion and closure of a capital project, the City Manager is authorized to transfer any remaining project balance:
- (1) To the available fund balance of the respective fund, the Capital Projects Base Reserve in the Utilities CIP or, in the case of the General Fund, Administrative Contingency; or
 - (2) As provided for in Section 10.8.
- 10.10 Except as provided for in Section 10.9, the City Manager is authorized to increase or decrease project budget appropriations by not more than \$100,000 for each project. Appropriation changes exceeding \$100,000 in total for any project shall be submitted to the City Council for approval by resolution.
- 10.11 Community/Neighborhood projects and appropriations established with one-time funding sources under Resolution 2000-682 (11/21/00), 2001-765 (11/20/01), 2003-412 (6/17/03), 2004-551 (6/29/04), 2006-367 (5/23/06), and associated staff reports are governed by the following procedures:
- (1) Savings of up to \$50,000 due to lower than expected costs or the securing of alternative funding sources may be administratively reprogrammed into other projects, within the same City Council District, at the request of the City Council District Office and with the approval of the City Manager; or
 - (2) Savings above \$50,000 to be reprogrammed requires City Council approval by resolution.

10.12 Measure A Sales Tax (Funds 2001 and 2005) and New Measure A Construction/Projects (Funds 2023, 2025, and 2026) expenditure and revenue budgets can be loaded into the City's financial system prior to Sacramento Transportation Authority (STA) Board approval. Work on CIP projects in these funds is done prior to receiving funding. Project funding/appropriations shall be as follows:

- (1) The City Manager is authorized to enter the revenue/expenditure budgets as reflected in the Approved Budget (revenues) and CIP Budget (expenditures);
- (2) The City Manager is authorized to enter expenditure/revenue budgets prior to STA Board approval; and
- (3) STA Board approval is required for all Measure A reallocations. In cases where the City Council takes action on recommended Measure A reallocations prior to STA Board action, City Council approval shall be contingent on STA Board approval.

10.13 Projects funded by the following reimbursable funds are included within the Operating and CIP Budgets for planning purposes: Grant Funds (Funds 3702, 3703, and 3704), SHRA Community Development Block Grants (Fund 2700), and Tax Increment (Fund 3701). Work on CIP projects funded by these sources is done prior to receiving funding, and project funding/authorization for these projects shall be as follows:

- (1) Funds 2700, 3701, 3702, 3703 and 3704: Expenditure and revenue budgets will not be loaded into the City's financial system until agreements (Program Supplements/E-76's, Individual Project Agreements (IPA), Cooperative Agreements, etc.) have been executed between the City and the funding authority.
- (2) Funds 3703 and 3704: The City of Sacramento is eligible to receive federal and/or state funding for certain transportation projects through the California Department of Transportation (Caltrans). Master Agreements, Program Supplemental Agreements, Fund Exchange Agreements, and/or Fund Transfer Agreements must be executed with Caltrans before such funds can be claimed. The Mayor and/or City Manager are authorized to execute all Master Agreements, Program Supplemental Agreements, Fund Exchange Agreements, Fund Transfer Agreements, and any amendments thereto with Caltrans.

The City Manager is authorized to transfer matching funds as specified in the approved CIP from the state and federal Grant Match Program (T15007200) and to enter the revenue/expenditure budgets as reflected in the grant agreement, provided that the amount is not more than \$100,000 different from what was reflected in the Approved CIP Budget which authorized the project funding. Project agreements that exceed \$100,000 difference from the anticipated budget shall be submitted to the City Council for approval by resolution.

- 10.14 The CIP Budget may include "Credit Projects." Credit projects are established to account for turnkey parks, infrastructure, and other improvements provided by a developer in exchange for City fee credits. In an effort to provide a more accurate reflection of proposed spending by fund, these projects are identified in the CIP Budget as funded by Developer Credit/Obligations (Fund 9501). At the time these improvements are accepted by the City of Sacramento, the projects and related appropriations will be recorded in the appropriate City fund provided the Credit Projects were included in a Capital Budget approved by the City Council or in a separate action by Council.
- 10.15 The CIP Budget (Exhibit 4) includes projects that are directly supported by user and developer fees. The City Manager is authorized to adjust department revenue budgets and CIP expenditure budgets for projects directly supported by fees based on the actual fees collected, less any operating costs associated with delivering the service.

SECTION 11. OPERATING GRANTS AND EXTERNALLY FUNDED PROGRAMS (EFP)

- 11.1 City Council approval is required for the establishment and/or cancellation (without completion) of an operating grant/EFP, except as follows:
- (1) Where the operating grant/EFP is under \$100,000 and does not require any of the following:

 - (b) Matching funds from City resources; or
 - (c) Any ongoing service or funding by the City.
 - (2) Where the City Manager is authorized to establish operating grants/EFP in excess of \$100,000, and to authorize spending and allocation of resources in

The Department responding to these events shall report to the City Council within 60 days of receiving formal program documents from the requesting governmental agency(s) to obtain approval to enter into agreements and accept reimbursements.

- 11.2 The City Manager is authorized to adjust staffing levels and associated service and supplies, in accordance with Section 5.2, for renewals or expansions of fully offset grants previously approved by City Council.
- 11.3 If the grantor of a grant/EFP requires City Council action, as a condition of funding the grant/EFP, then establishment of the grant/EFP shall require approval by the City Council regardless of the grant amount.
- 11.4 Operating grants/EFP appropriated in the Approved Budget do not require additional City Council approval to be expended upon receipt of such grants or funds for EFP.
- 11.5 All multi-year operating grant/EFP budgets in existence on June 30, 2010, shall be continued in FY2010/11.
- 11.6 The City Manager is authorized to adjust revenue and expenditure budgets for renewals, up to the amount previously approved by City Council, and augmentations up to \$100,000 of fully offset grants and externally funded programs.
- 11.7 Each fiscal year, on June 30, the balance of each grant/EFP budget must be zero or have a positive balance by fund. Grants/EFP in excess of the budget from all funding sources (i.e., with a negative balance) shall be treated as follows:
 - (1) If the project balance exceeds budget by \$100,000 or less, the project account shall first be corrected within each fund and, second, any remaining negative balance shall be corrected by a transfer from the project manager's department Operating Budget (all transfers of \$100,000 or less shall be made as provided for in Section 6.2); or
 - (2) If the project balance exceeds budget by more than \$100,000, the project account shall be submitted to City Council for approval by resolution of a corrective plan of action.

SECTION 12. MULTI-YEAR OPERATING PROJECTS

- 12.1 Multi-year operating projects are used for:
- (1) Economic Development Assistance, and Development Programs (i.e. Inclusionary Housing, Infill and Low-Income Fee-Waiver programs);
 - (2) Planning, audit, and other consultant studies that will take more than one fiscal year to complete; and
 - (3) Other projects and activities that are multi-year in nature and are not capital improvement projects.
- 12.2 City Council approval is required for the establishment and/or cancellation (without completion) of a multi-year operating project.
- 12.3 Unobligated appropriations in existence on June 30, 2010, for all existing multi-year operating projects shall be carried over to the next fiscal year.
- 12.4 Multi-year operating project appropriations shall be used solely for the originally approved program or study. Annually, completed or inactive multi-year operating projects will be closed. An inactive project is defined as one where transaction activity is less than \$1,000 over the prior three years. Closures are the responsibility of the designated project manager. The managing department and/or City Manager have the authority to process the necessary documentation to close inactive projects.
- 12.5 Each fiscal year, on June 30, the balance of each multi-year operating project must be zero or have a positive balance by fund. Projects in excess of the budget from all funding sources (i.e., with negative balances) shall be treated as follows:
- (1) If the project balance exceeds budget by \$100,000 or less, the project account shall first be corrected within each fund and, second, any remaining negative balance shall be corrected by a transfer from the Operating Budget organization of the project manager (all transfers of \$100,000 or less shall be made as provided for in Section 6.2); or
 - (2) If the project balance exceeds budget by more than \$100,000, the project account shall be submitted to City Council for approval by resolution of a corrective plan of action.
- 12.6 The City Manager is authorized to increase or decrease project budget appropriations by not more than \$100,000 for each project. Transfers that exceed
-

\$100,000 in total for any project shall be submitted to the City Council for approval by resolution.

SECTION 13. IN-LIEU PROPERTY TAXES AND IN-LIEU FRANCHISE FEE

13.1 An in-lieu property tax and in-lieu franchise fee are hereby imposed on the Community Center (Fund 6010), Parking (Fund 6004), and Sacramento Marina (Fund 6009) funds in the amounts provided in Schedule 3 as displayed in Exhibit 3. The City Council finds that the in-lieu property tax as detailed in Schedule 3 represents the property tax revenue, which would be received by the General Fund if the real and personal property owned by these enterprises were taxable under private ownership. The in-lieu franchise fee as detailed in Schedule 3 represents the franchise fees which would be received by the City from private entities as a rental or a toll for the use of City streets and rights-of-way.

SECTION 14. APPROPRIATION LIMITS

14.1 The appropriation limit and the appropriations subject to the limit are hereby amended pursuant to Article XIII B of the California Constitution for FY2010/11 as detailed in Schedule 5 as displayed in Exhibit 3.

SECTION 15. MIDYEAR FINANCIAL REPORT

15.1 The City Council shall be provided a Midyear Financial Report including a revised estimate of the financial condition of all funds, revised estimated revenues and expenditures, and recommendations for eliminating any projected fund deficits.

15.2 The City Council shall act on any projected fund deficits as part of the fiscal year end close process.

SECTION 16. MISCELLANEOUS CONTROLS/CONSIDERATIONS

16.1 No expenditures by fund at the department level shall exceed the Approved Budget as amended by any subsequent approval by the City Council or by the City Manager in accordance with this resolution.

16.2 Subject to approval by the City Manager and pursuant to the sections governing transfers and appropriations, projected deficiencies in any department by fund shall be corrected by:

- (1) Reducing expenditures in the department (e.g. freezing vacant positions, restricting purchase orders, etc.); or

- (2) Making an appropriation transfer from administrative contingency and/or available fund balance subject to the provisions of Section 6.

16.3 The City Manager is authorized to:

- (1) Adjust budgets to reflect all required debt service payments pursuant to the official statements;
- (2) Adjust budgets in the Special Revenue funds for appropriations required based on the action/direction of the City Council relative to capital projects, transfer requirements, and the availability of funds;
- (3) Establish and adjust budgets for private development activities managed in multi-year operating projects, that are fully offset by development fees; and
- (4) Adjust budgets in the CIP project funds for the current year based on previous actions of the City Council for projects on a multi-year basis.

16.4 In all staff reports that come before the City Council, net budgetary impacts on all funds shall be stated clearly and concisely, including indirect impacts, so that the Councilmembers have a full understanding of the financial considerations and impacts of their decisions.
