If awarded the Agreement, the undersigned agrees to sign said Agreement and furnish the necessary surety bonds and insurance certificates within ten (10) days after receipt of the notice of award of Agreement, and to begin work within fifteen (15) days after receipt of the Notice to Proceed by the City.

It is understood that this Bid Proposal is based upon completion of the Work within a period of **ONE HUNDRED AND TWENTY (120) CALENDAR DAYS**. The undersigned agrees that all underground work for this project will be completed before the rainy season begins. The Contractor shall refer to Section 1.2 Completion Time of the Special Provisions for calculation of the completion date.

The Landscape Architect's order of preference will be as follows: base bid first, followed by additive alternates in chronological order, based on funds available.

In determining the amount bid by each bidder, the City shall disregard mathematical errors in addition, subtraction, multiplication, and division that appear obvious on the face of the Proposal. When such a mathematical error appears on the face of the Proposal, the City shall have the right to correct such error and to compute the total amount bid by said bidder on the basis of the corrected figure or figures.

When an item price is required to be set forth in the Proposal, and the total for the item set forth separately does not agree with a figure which is derived by multiplying the item price times the Engineer's estimate of the quantity of work to be performed for said item, the item price shall prevail over the sum set forth as the total for the item unless, in the sole discretion of the City, such a procedure would be inconsistent with the policy of the bidding procedure. The total paid for each such item of work shall be based upon the item price and not the total price. Should the Proposal contain only total price for the item and the item price is omitted, the City shall determine the item price by dividing the total price for the item by the Engineer's estimate of the estimated quantities of work to be performed as items of work.

If the Proposal contains neither the item price nor the total price for the item, then it shall be deemed incomplete and the Proposal shall be disregarded.

The undersigned has examined the location of the proposed Work, the local conditions at the place where the Work is to be done, is familiar with the Contract Documents and is familiar and expressly agrees to the liquidated damages provision of the Contract Documents. The undersigned has checked carefully all of the foregoing figures and understands that the City of Sacramento will not be responsible for any errors or omissions on the part of the undersigned in making up this Bid Proposal.

Witter Ranch Park Phase 2 - LU93

Item #1 - General Questions from bidders and the appropriate responses

- 1.1 I need information on the "Spring Rider" noted on sheet 7 of 14 for the above referenced project. The plans state "PER SPECS" but I have been unable to find anything on the rider in the specs. Can you please let me know the manufacturer and model number of this component? There is no line item on the bid sheet for this rider. Do you want it added to line item #17 "Play Structure at Tot Lot Area to Install"? The manufacturer is Landscape Structures. This item, Custom Spring Rider Cow is available from Ross Recreation Equipment Company; Representative: Chris Tait at phone 916.985.6348, fax 916.985.6421. There is no model number. Ross Recreation is aware of the type & design of this item. The cost for this item shall be included in the "Play Structure at Tot Lot Area To Install".
- 1.2 Also, on sheet 5 of 14, there is a Bronze Pig Sculpture that states "INSTALLED BY ARTIST" with a detail on sheet 7 (detail 3) showing the base that needs to be constructed to set the sculpture on. There is no Line Item on the Bid Sheet for this base. What line item do you want this in? The cost for concrete work, concrete pad and foundation piers, shall be included in the Concrete Flatwork line item. The cost for the soil backfill and decomposed granite shall be figured, respectively, in the soil grading line item and the decomposed granite line item.
- 1.3 Can a Contractor that is City of Sacramento certified as an ESBE entity need to find other ESBE subs to do the 20% of the work if the Contractor can fulfill the 20% minimum requirement? No, as long as the requirements are satisfied as described in the ESBE Program Requirements section, III. DETERMINATION OF ESBE PARTICIPATION LEVEL.

THE ORIGINAL BID DUE DATE OF MAY 2, 2007 REMAINS THE SAME.

This addendum is issued in conformance with the original plans and specifications. Unchanged portions of the plans and special provisions remain in effect.

MINIMUM QUALIFICATIONS QUESTIONNAIRE

Sacramento City Code section 3.60.020 authorizes the Sacramento City Council to adopt standard minimum qualifications for bidders on competitively bid public works construction projects, and requires, among other provisions, that a bidder meet such minimum qualifications at the time of bid opening to be considered responsible. On June 8, 2004, the City Council adopted Resolution No. 2004-433 establishing these standard minimum qualifications. Pursuant to City Code section 3.60.020, a bidder failing to meet these minimum qualifications at the time of bid opening shall not be considered a responsible bidder.

All bidders must demonstrate compliance with the minimum qualifications established by Resolution No. 2004-433 by completing all of the questions contained in this questionnaire. If a bidder answers "yes" to any single question, fails to submit a fully completed questionnaire, or submits false information, this will result in a determination that the minimum qualifications are not met, and the bidder shall not be considered a responsible bidder for purposes of bidding on this contract. If two or more entities submit a bid on a contract as a Joint Venture, each entity within the Joint Venture must separately meet these minimum qualifications for the Joint Venture to be considered a responsible bidder.

The City of Sacramento ("City") shall make its determination on the basis of the submitted questionnaire, as well as any relevant information that is obtained from others or as a result of investigation by the City. While it is the intent of this questionnaire to assist the City in determining whether bidders possess the minimum qualifications necessary to submit bids on the City's competitively bid public works construction contracts, the fact that a bidder submits a questionnaire demonstrating that it meets these minimum qualifications shall not in any way limit or affect the City's ability to: (1) review other information contained in the bid submitted by the bidder, and additional relevant information, and determine whether the contractor is a responsive and/or responsible bidder; or (2) establish pre-qualification requirements for a specific contract or contracts.

By submitting this questionnaire, the bidder consents to the disclosure of its questionnaire answers: (i) to third parties for purposes of verification and investigation; (ii) in connection with any protest, challenge or appeal of any action taken by the City; and (iii) as required by any law or regulation, including without limitation the California Public Records Act (Calif. Gov't Code sections 6250 et seq.). Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the bidder submitting the questionnaire. If any information provided by a bidder becomes inaccurate, the bidder shall immediately notify the City and provide updated accurate information in writing, under penalty of perjury.
