

ACCOMMODATIONS...

The rustic wood cabins each have overhead electric lighting and are furnished with at least one double and one single bed and simple furnishings. Bedding or linens are not provided. Although cabins are not heated, campers stay comfortable even if temperatures drop into the 40's, as long as plenty of warm clothing and bedding are packed for the trip. A few insulated cabins with better heat retention are available. Insulated cabins are #'s 26-30 and 58-66. Only insulated cabins have power outlets. No cabins have running water. Modern lavatory buildings provide showers with plenty of hot water and wall outlets for electric razors and hair dryers. Cabins are 25-100 ft from bathroom facilities.* **Insulated cabins and those closest to the restrooms are reserved quickly as cabins are assigned on a first come, first served basis.**

Accessible cabins are numbers 1, 2, 3, 9H, 64, 65, and 66.

Camp Sacramento offers amenities including a laundry facility and camp store with limited toiletries and snacks and many common areas for relaxing, socializing and more!

*Camp maps available online at www.campsac.org or upon request.
