

# Freeport

The **Freeport** Annexation area consists of 140+ acres at the southwestern edge of the City, including the Town of Freeport and the City owned Bartley Cavanaugh Golf Course.

Previous effort to annex to the City was defeat by election in 2005.

Due to failing septic systems and there has been a renewed interest in annexing to the City. The City and County have been working to provide cost estimates for sewer service to Freeport to determine which jurisdiction can provide the most cost effective service. The City, County and Sacramento Area Sewer District (SASD) provided the [cost estimates](#) at a meeting in May 2009. At the meeting, the residents indicated interest in SASD's low pressure sewer system and requested SASD apply for a USDA grant to lower the cost of the sewer system.
