The \$2 billion in new funding may be used for the same purposes as provided in the Housing and Economic Recovery Act of 2008 (with some changes), but the funding formula will be more competitive.	\$2.0 billion (redevelopment of abandoned or foreclosed homes)	Competitive among states, localities, nonprofits. HOME funds will be administered by the State of California Tax Credit Allocation Committee (TCAC) in the Treasurer's Office. The HOME funding allocation compliments a tax provision in the ARRA that allows TCAC to exchange up to 40% of their credits for cash. These two provisions will bring equity to projects awarded tax credits in 2007, 2008 and 2009 that lost investors due to the declining market and that have funding gaps. TCAC released their draft guidelines for the use of the HOME funds on March 17th, and are recommending priority first for special needs and at-risk projects.
