3-2017 Housing Element Annual Report

Description/Analysis

Issue Detail: The 2013-2021 Housing Element, adopted on December 17, 2013, is the City's strategic housing plan and reflects the 2035 General Plan sustainable vision for growth over the next 20 years. The Housing Element identifies programs to increase the City's housing stock and assist with the development of affordable housing for households of all income levels.

City staff submits the Housing Element Annual Report annually to the State Department of Housing and Community Development (HCD) and to the Governor's Office of Planning and Research (OPR). The Housing Element is the primary chapter of the General Plan that focuses on the City's housing needs. The City is required to prepare an annual report detailing the progress made during the prior year in meeting its Housing Element goals. Two attachments summarize the City's progress: the Background, which provides highlights of the 2017 Housing Element Annual Report (Attachment 2); and the 2017 Housing Element Annual Report (Attachment 3).

Staff met with the Sacramento Housing Alliance on April 20th to discuss the City's progress towards implementing the goals and policies in the 2013-2021 Housing Element, and to discuss improvements to how the City reports on the progress of implementation programs.

Policy Considerations: The Housing Element Annual Report reports on the progress of the 2013-2021 Housing Element's goal of addressing the housing needs of all households in Sacramento through policies and programs.

Economic Impacts: Access to affordable housing improves community members' ability to improve their economic status, reduces poverty and homelessness, and promotes social integration.

Environmental Considerations: The Housing Element Annual report is exempt under California Environmental Quality Act (CEQA) Section 15061 (b)(3): The activity is covered by the general rule that CEQA applies only to projects which have the potential for causing significant effect on the environment. This is an annual report that is not changing City policy and will not result in a physical change in the environment.

Sustainability: A sustainable community includes housing for current and future households of all income levels. The City's Housing Element is designed to provide housing opportunities for all residents.

Commission/Committee Action: On April 26, 2018 staff presented the 2017 Housing Element Annual report to the City's Planning and Design Commission.

Rationale for Recommendation: This report is required by the State of California to be completed on an annual basis. This is an informational item and no action is requested.

Financial Considerations: Not applicable.

Local Business Enterprise (LBE): Not applicable.

Background

Under State law (Government Code Section 65400(b)), the City is required to prepare an annual report each year detailing the progress it has made during the prior year in meeting its Housing Element goals.

The City has implemented a wide variety of policies and programs over the years in order to address the challenge of providing affordable housing. These include:

- Redevelopment programs;
- Rehabilitation of existing housing;
- Affordable housing construction and preservation;
- Infrastructure development;
- Accessible housing;
- First-time homebuyer programs;
- 10 Year Plan to End Chronic Homelessness; and
- Single Room Occupancy Strategy.

The following sections summarize the City's progress toward meeting our regional housing needs allocation (RHNA) and highlight accomplishments in both facilitating and removing governmental constraints to housing development or preservation. More detailed information on the City's housing production and implementation programs can be found in Attachment 3.

1. Program Implementation Status

The Housing Element was adopted in December 17, 2013. The City and the Sacramento Housing Redevelopment Agency (SHRA) are making progress implementing Housing Element programs. Major successes include:

- Adopting the Fee Deferral Ordinance which will help save upfront costs and encourage more housing development.
- Collecting \$1,137,359 in Housing Impact Fees.
- Beginning process of implementing the new federal Assessment of Fair Housing (AFH), which will be submitted in 2020.
- Adopting the Central City Specific Plan.
- Issuing approximately 856 sewer credits, creating approximately 1,639 jobs.
- Being awarded \$907,026 for the Housing-Related Parks Program.
- Supporting three projects that submitted an application for 9 percent Low Income Housing Tax Credit (LIHTC): Shasta Hotel (79 units), St. Francis Terrace (48 units) and Village Park (50 units).

- Supporting two projects that submitted an application for Tax Exempt Mortgage Revenue Bonds and 4 percent LIHTC: Bel-Vue (22 units) and 800 Block of K (148 units).
- Rapidly rehousing 150 persons a year with emergency shelter assistance.
- Being awarded \$20,180,083 for The Sacramento Continuum of Care to fund 31 programs that serve people experiencing homelessness, in 2017.
- Beginning the process of replacing Twin Rivers with a new higher density mixed-use, mixed income community.
- Performing a total of 2,171 inspections in 2017 under the City's Rental Housing Inspection Program.

2. Regional Housing Needs Allocation Progress

The City of Sacramento was assigned its share of the RHNA by the Sacramento Area Council of Governments (SACOG) for the 2013-2021 Housing Element cycle. Under the Housing Element requirements, the City needed to identify sufficient sites for, and encourage the production of 24,101 housing units by 2021. The City has completed 26% (up from 14% last year) of its RHNA in four years from 2013-2017, with 6,244 units constructed. During those five years, 281 deed-restricted affordable units were built.

Overall the City issued permits for 2,881 housing units in 2017, which is over 1,300 more permits than what was issued in 2016. The increase in housing permits issued is an indicator of a strengthening housing market. Although the housing market has been trending upwards, overall housing production is not keeping up with increasing demand and population.

Nationwide, low housing inventory, due to the lack of new construction, has resulted in increasing housing prices and rents, with fewer moderate and low-income families being able to afford housing near where they work. Fortunately, building restrictions in North Natomas were lifted in 2015 because the City had demonstrated progress toward levee improvements. This has freed up additional land to be developed in the City and should help to increase available housing stock.

Consistent with the 2035 General Plan and SACOG's Sustainable Community Strategy, a shift towards more infill and compact development continues to be priority. However, infill development can be more complex and expensive than traditional suburban development. The City continues to look at ways of reducing costs for new development in order to create more affordable and sustainable housing opportunities.

Attachment 3 includes tables that comprise the 2017 Housing Element Progress Report. These tables include:

- The total number and affordability of residential building permits issued during calendar year 2017 (Tables A, A2 and A3);
- The overall progress toward the City's regional housing needs allocation (Table B); and
- The status of each Housing Element implementation program (Table C).

Administration Implementation Programs	2013 - 2015	2016 - 2017	2018 - 2019	2020 - 2021	On-going	Status of Program
<p>1. The City shall revise its Mixed-Income Housing Ordinance to promote affordable housing citywide and will require: 1) an affordable housing impact fee for all new housing units, and 2) large, single-family subdivisions to provide housing for a variety of incomes and family types.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-1.3.5, H-2.2.4, H-2.2.6 ▪ Responsible Department: Community Development; SHRA ▪ Objective: Adapt the current Mixed Income Ordinance to create new affordable housing opportunities and mixed income communities while being flexible, market sensitive, and responsive to the challenges of infill development. 		X				The Mixed Income Housing Ordinance was adopted on September 1, 2015.
<p>2. The City shall update its residential design guidelines to include Crime Prevention through Environmental Design (CPTED) strategies.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-1.2.3; H-1.2.7 ▪ Responsible Department: Community Development (primary) and Police. ▪ Objective: Ensure CPTED principles are incorporated into and consistent with the City's residential design guidelines. 		X				The City anticipates completing this program by Summer 2018. CPTED Guidelines were incorporated into the Central City Design Guidelines on April 19, 2018.
<p>3. To ensure on-going safety and security, the City through SHRA will annually inspect SHRA financed multifamily projects for compliance with security, maintenance, and social service requirements.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-1.2.3 ▪ Responsible Department: SHRA; Police; Community Development ▪ Objective: Ensure that SHRA-financed multifamily projects are safe, viable and attractive assets to the community and for the residents living in them. 					X	SHRA's Portfolio Management Department is responsible for ensuring on-going compliance with funding requirements, security, maintenance and resident services in all SHRA funded projects. Prior to project approval, developers must have SHRA approval of a management company and management plan, appropriate security measures and financing plan to ensure on-going operations. In addition, all projects must submit a resident services plan prior to funding approval with appropriate on-site services provided at least 15 hours a week, depending upon the number of units. Annually, the portfolio management department physically inspects each property to ensure that Housing Quality Standards (HQS) are met, that resident services are being provided and that all required record-keeping is up to date. At SHRA's sole discretion, additional compliance audits can be performed.
<p>4. The City shall provide Housing Choice Vouchers to very low- and extremely low-income Sacramento households in the City and County in order to continue to provide housing options to those most in need.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-1.2.8 ▪ Responsible Department: SHRA ▪ Objective: Provide approximately 12,400 vouchers. 					X	SHRA, in its role as the Housing Authority for both the City and County of Sacramento, administered approximately 12,000 Housing Choice Vouchers. Housing Choice Vouchers cover the portion of fair market rent above the tenant's share which is set at approximately 30% of their income. The average annual household income for the Housing Choice Vouchers is \$15,227.
<p>5. Prepare a new Analysis of Impediments to Fair Housing Choice (AI) in order to assess the City's efforts at reducing housing discrimination and enforcing fair housing laws.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-1.3.1 ▪ Responsible Department: SHRA ▪ Objective: Prepare a new Analysis of Impediments to Fair Housing Choice (AI). 		X				In 2016, SHRA received approval from the City Council of the City of Sacramento and Board of Supervisors of the County of Sacramento to enter into partnership with the surrounding jurisdictions to complete a regional AFH. In 2017, both governing bodies authorized the extension of the current Analysis of Impediments to Fair Housing Choice (AI) to December 31, 2019 to allow time to develop the regional Assessment of Fair Housing (AFH). The new AFH will be completed by October 2019 with the current AI remaining in effect until such time. The AFH is underway. Note that in January 2018, HUD extended the submission date nationally to October 2020.

Administration Implementation Programs	2013 - 2015	2016 - 2017	2018 - 2019	2020 - 2021	On- going	Status of Program
<p>6. The City shall disseminate fair-housing information by making the information available in appropriate public locations and events, such as the public counter at the Community Development Department, community centers, City-sponsored events, and on SHRA's website. The Community Development Department shall work with other departments, such as Neighborhood Services and Parks and Recreation, and with services providers to disseminate fair housing information.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-1.3.1 ▪ Responsible Department: Community Development; SHRA ▪ Objective: Educate the public and developers about fair housing requirements and reduce housing discrimination. 					X	<p>Continuing from the 2015 inception, SHRA in partnership with the City of Sacramento, County of Sacramento, and the Cities of Elk Grove, Citrus Heights, and Rancho Cordova continues to respond to resident concerns pertaining to fair housing assistance by seeking to identify the most appropriate resources to handle identified concerns. As a result of this effort SHRA on behalf of the City and in partnership with the County entered into a Fair Housing contract with 1) Legal Services of Northern California (LSNC) and 2) Sacramento Self-Help Housing (SSHH) with a subcontract relationship with Project Sentinal and the Sacramento Rental Housing Association (RHA) to provide a comprehensive Fair Housing program. The program includes a centralized Renter's Help Line with direct referrals to legal counsel that can pursue a full spectrum of remedies to prevent or rectify any fair housing concerns.</p> <p>SHRA provided the City with a Fair Housing flyer to be distributed to community centers, libraries and other public locations as deemed appropriate by City staff.</p>
<p>7. The City shall engage the Sacramento Area Council of Governments and other regional entities to develop a regional plan to pool local funding and staff capacity together in order to develop affordable, transit-oriented development in key locations in the region.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-2.1.2 ▪ Responsible Department: SHRA (primary); Community Development ▪ Objective: Work with cities, counties, and regional agencies in the SACOG region to increase the development of affordable housing throughout the region. 	X					<p>By 2015, SHRA and the City completed coordination efforts with SACOG and other regional entities to develop a regional plan to pool local funding and staff capacity together in order to develop affordable, transit-oriented development in key locations in the region. In 2017 and into 2018 SHRA is continuing its partnership with SACOG to build upon the regional plan and effectively target the types of locations suited for catalytic public investment. Identifying the types of locations will allow for the sizing of necessary funding required to be better defined and will inform the effective targeting of resources.</p>
<p>8. Consistent with Government Code § 65863, the City shall consider the impacts of rezones and general plan amendments of residential sites on the City's ability to meet its share of the regional housing need.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-2.1.1 ▪ Responsible Department: Community Development ▪ Objective: Ensure that rezoning does not reduce the City's ability and capacity to meet its share of the regional housing needs. 					X	<p>All applications for rezones or general plan amendments continue to be evaluated in light of the City's ability to meet its share of the regional housing need.</p>
<p>9. The City shall maintain a land inventory for housing production which identifies infill and greenfield sites.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-2.1.1 ▪ Responsible Department: Community Development ▪ Objective: Update land inventory regularly to ensure the City's ongoing ability to meet its share of regional housing needs. 					X	<p>The City, on a quarterly basis, determines if any land has been rezoned and updates the land inventory accordingly.</p>
<p>10. The City shall amend financing plans as needed to ensure that adequate funding is available to provide infrastructure improvements for new development. To ensure funding for large new developments, the City shall complete Mitigation Fee Act compliant finance plans for the 65th Street area.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-2.3.6 ▪ Responsible Department: Community Development ▪ Objective: Ensure adequate infrastructure to support for new development. 	X					<p>The Delta Shores, Railyards, 65th Street, and River District Finance Plans are complete. The 65th Street and River District Impact fees were adopted on February 14, 2017. The finance plan for the Central City Specific plan is expected to be adopted in April 2018.</p>

<p>11. The City shall develop a strategic investment plan to prioritize infrastructure financing consistent with the General Plan and focus funding in key infill areas.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-1.2.4; H-1.3.1; H-2.3.6 ▪ Responsible Department: Community Development ▪ Objective: Ensure adequate infrastructure to support infill development. 	X		X			Staff has drafted a Strategic Investment Plan that identifies and ranks priority infrastructure projects that would serve as catalyst projects for development in Priority Investment Areas (PIAs). The PIAs are generally in the Central City, 65th Street Area, and the Cal Expo/Arden Arcade Area. This program was never formally adopted. The city has instead focused on developing local area finance plans that have area-specific finance strategies and priorities.
<p>12. The City shall review and update the City's Emergency Shelter Site inventory every three years to determine if the sites are adequate, accessible, appropriate, and developable. New shelters, land uses, and rezones shall be considered when updating the inventory. The new inventory shall be posted on the 2013-2021 Housing Element website.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-2.3.5 ▪ Responsible Department: Community Development ▪ Objective: Ensure the availability of accessible, appropriate, and developable sites for emergency shelters. 		X		X		The City is on track to complete this program by 2018.
<p>13. The City shall prepare an annual report to the City Council on implementation of City housing programs and recommend revisions to the implementation strategies as appropriate.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-2.1.3 ▪ Responsible Department: Community Development ▪ Objective: To increase the effectiveness of the City's housing programs through an annual evaluation of program achievements and appropriate revisions to those programs. 					X	The City reports to the City Council on the implementation of Housing Element and other General Plan programs every Spring.
<p>14. The City may assist non-profit organizations with predevelopment loans in conjunction with applications for permanent supportive housing.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-2.1.4 ▪ Responsible Department: SHRA ▪ Objective: At least one loan during the planning period for permanent supportive housing projects. 					X	SHRA continues to offer, in limited circumstances, predevelopment loans to non-profit organizations. In 2017, no predevelopment loans were awarded.
<p>15. The City shall submit an annual report to the City Council that evaluates implementation of the General Plan and recommends appropriate revisions.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-2.1.3 ▪ Responsible Department: Community Development ▪ Objective: Increase the success of the City's strategy of encouraging infill through ongoing monitoring and appropriate modifications to the General Plan and related implementation efforts. 					X	The City reports to the City Council on the implementation of Housing Element and other General Plan programs every Spring.

<p>16. The City shall encourage and facilitate transit-oriented affordable housing development in key locations by maintaining a webpage with a map of sites in transit priority areas, near services/amenities for TCAC scoring, and/or sites owned by the former redevelopment agency. City Staff shall also conduct a seminar with affordable housing developers to discuss these priority sites as well as promote new development standards and programs that help facilitate affordable housing.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-1.1.1; H-1.2.4 ▪ Responsible Department: Community Development ▪ Objective: Promote affordable housing near transit facilities by increasing awareness of available sites and regulatory incentives. 		X				The City is currently examining transit-oriented sites, planning a workshop on Affordable Housing and sites in May of 2018, and proposing a transit oriented development ordinance to preserve TOD development opportunities citywide.
<p>17. The City shall encourage infill development by reducing barriers through infrastructure improvements and assistance to ensure that adequate infrastructure is in place to serve higher density and mixed use development in key opportunity areas.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-2.2.1 ▪ Responsible Department: Community Development (primary); SHRA; Economic Development ▪ Objective: Encourage the production of infill units. 					X	Community Development staff continues to work with other city departments to coordinate CIP funding in priority infill areas. This includes an annual review of the capital improvement program for consistency with the general plan. This consistency review is presented to the Planning and Design Commission. The Commission's findings of general pan consistency are then reported to the Council during the adoption of the capital improvement program. More recently, staff has been working with the Department of Utilities, Public Works, and Economic Development to establish a process for identifying and prioritizing projects that will remove barriers to development. Through the Central City Specific Plan, an infrastructure analysis and financing plan are being incorporated to reduce barriers for development and ensure adequate infrastructure for higher density uses is planned for in the plan area.
<p>18. The City shall pursue grant funding, including the State Department of Housing and Community Development Housing-Related Parks Program, Community Design Grant Program, and other revenue sources to provide critical amenities/services in infill areas to promote complete neighborhoods. Examples include:</p> <ul style="list-style-type: none"> ▪ Park Improvements; ▪ Sidewalk widening, streetscape improvements and street lighting; and ▪ Other infrastructure improvements. ▪ Implements Which Policy(ies): H-2.3.6 ▪ Responsible Department: Community Development; Parks and Recreation ▪ Objective: Obtain grant funding to assist with infill development including amenities and services in infill areas. 					X	In late 2016, the City submitted an application for grant funding from the Housing-Related Parks Program. The City was awarded \$907,026, which has been used for improvements to Nielsen Park, Camelia Park, and Woodlake Park outlined in Council Resolution 2018-0048.
<p>19. The City shall issue waivers for sewer and sanitation development fees for projects in which at least 10 percent are affordable to very low-income households.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-2.2.3 ▪ Responsible Department: Utilities ▪ Objective: Provide fee waivers for residential units annually. 					X	SHRA and the City continue to coordinate and provide fee waivers for qualified residential units. No waivers were requested / provided in 2017.
<p>20. The City shall use sewer credits to assist with infill and affordable housing.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-2.2.3 ▪ Responsible Department: Economic Development; Sacramento Area Sanitation District ▪ Objective: Provide sewer credits annually. 					X	In 2017, the city issued 856 credits and created approximately 1,639 jobs. Approximately, 220 credits were awarded to transit-oriented development.

<p>21. The City shall provide water development fee waivers to residential infill projects.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-2.2.3 ▪ Responsible Department: Community Development, Utilities ▪ Objective: Provide water development fee waivers annually. 					X	In 2017 the City issued forty-six water development fee waivers. All of the waivers were for single-unit dwellings.
<p>22. Through the Transit Oriented Development (TOD) Collaborative, the City shall coordinate with the Sacramento Area Council of Governments, Sacramento County, SHRA and other Agencies to develop funding sources and strategies to develop housing near transit.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-1.1.1; H-1.2.4; H-2.2.4 ▪ Responsible Department: Community Development, SHRA ▪ Objective: Facilitate housing development near transit facilities. 		X				<p>SHRA was the recipient of a Sustainable Communities Initiative Challenge Grant that focused on the development of a business plan to support Equitable Transit Oriented Development (eTOD). As part of the grant, SHRA convened an Equitable Transit Oriented Development (eTOD) Collaborative made up of regional partners (SACOG, RT, nonprofits, philanthropic organizations, lenders, and higher education) that meet as needed. The business plan was created in 2014 and SHRA and its partners have been transitioning to implementation. The Collaborative developed the parameters for new funding sources and strategies to develop housing near transit and is moving towards the development of an implementation plan.</p> <p>In 2017, limited discussion occurred. In 2018, SHRA will work with SACOG to coordinate the necessary analysis and partnerships required to target specific financial resources necessary to launch the eTOD program.</p>
<p>23. The City shall apply for new and existing Federal, State and local funding sources, such as Proposition 1C funds, HELP, BEGIN, and MHSA.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-2.2.4 ▪ Responsible Department: SHRA (primary); Community Development ; Economic Development ▪ Objective: Seek a variety of funding to increase the supply of affordable housing. 					X	<p>2013: SHRA funded the rehabilitation of the historic Ridgeway Studios (22 units) which leveraged tax credits and other financial assistance.</p> <p>2014: SHRA funded new construction or rehabilitation of 700 Block of K (137 units), Curtis Park Village Senior (91 units), Sierra Vista Senior (78 units), Sutterview Senior (77 units) and Woodhaven Senior Apartments (104 units). These projects collectively leveraged bonds, tax credits, and other financial assistance. The Curtis Park Village Senior development also received Proposition 1C funds. SHRA has one active BEGIN award for the City of Sacramento. The State of California did not publish a Notice of Funding Availability for the BEGIN Program in 2014. SHRA received an allocation of \$11.3 million in Mortgage Credit Certificates for the County of Sacramento, which will result in approximately 45 additional homeowners throughout the City of Sacramento.</p> <p>2015: SHRA funded the rehabilitation of Land Park Woods (75 units) which leveraged tax credits and other financing assistance. SHRA was the recipient of a \$30 million Choice Neighborhoods Initiative (CNI) Grant from HUD to be used for revitalizing and integrating the Twin Rivers public housing project into a mixed income development; this CNI Grant will leverage tax credits and other financing assistance.</p> <p>2016: SHRA continues to offer federal, state and local funding to increase the supply of affordable housing.</p> <p>2017: SHRA funded the new construction of the mixed-income and mixed-use 800 Block of K development (148 units consisting of 30 affordable units). SHRA applied to the State Department of Housing and Community Development for \$14 million in Affordable Housing and Sustainable Communities (AHSC) Program funds and \$35 million in Strategic Growth Council's (SGC) Transformative Climate Communities (TCC) Program for the Twin Rivers development. These projects collectively leveraged bonds, tax credits, and other financial assistance. The results of the AHSC and TCC applications will be announced in 2018.</p>

<p>29. The City shall work with SAFCA and other responsible agencies to achieve increases in flood protection to the City and surrounding areas so that City and other land use agencies can proceed with development plans and meet Federal Emergency Management Agency (FEMA) and State requirements for flood protection in 100-year and 200-year flood plains, respectively. Actions include: (1) finishing Folsom Dam spillway modifications, and supporting and implementing subsequent raising of Folsom Dam; (2) finishing construction of improvements along the perimeter levee system protecting Natomas; (3) accomplishing improvements needed to meet FEMA levee accreditation requirements for lands in the Sacramento area protected by levees; and (4) supporting development and implementation of plans for progressively improving the level of flood protection in Sacramento area to 200-year urban level of protection. The City shall monitor flood risk in the city and, in 2017, shall analyze the impact of flooding on the City's ability to accommodate its share of the regional housing needs. If flooding is found to impact the City's ability to accommodate the remaining RHNA, the City shall strive to identify additional sites with residential development capacity that are not impacted by flood risk. The City shall report the findings of analysis to HCD in the 2017 Housing Element Annual Progress Report.</p> <ul style="list-style-type: none"> ▪ Implements Which Policy(ies): H-2.3.4 ▪ Responsible Department: SAFCA (primary); Utilities ▪ Objective: Expedite the completion of improvements that will increase flood protection in the City and allow Sacramento to accommodate its share of regional housing needs. 		X			X	<p>Sacramento Area Flood Control Agency (SAFCA), with the support of the City of Sacramento, Sacramento County, American River Flood Control District and Reclamation District 1000, and in cooperation with the U.S. Army Corps of Engineers (USACE), U.S. Bureau of Reclamation (USBR), the Central Valley Flood Protection Board (CVFPB) and State Department of Water Resources (DWR), is working toward progressively increasing the level of flood protection in the Sacramento area to at least 200-year urban level of flood protection from major rivers and streams.</p> <p>A new auxiliary spillway on Folsom Dam by USBR and USACE, in cooperation with CVFPB and SAFCA, was completed in 2017. The new auxiliary spillway improves the ability to manage large flood events by allowing more water to be safely released earlier in a storm event and leaving more storage capacity in the reservoir to hold back the peak inflow when it arrives, thus providing increased flood protection for properties in the American River floodplain. Construction of up to a 3.5-foot raise of Folsom Dam also is being planned to increase flood storage capacity and further improve the ability to manage large flood events. In October 2017, USACE released a final joint supplemental environmental impact statement/environmental impact report (SEIS/EIR) in coordination with CVFPB and SAFCA to analyze environmental effects of potential dam raise plans as well as the cumulative effects of related projects.</p> <p>Substantial improvements to Natomas levees have been constructed by SAFCA in cooperation with the State under DWR's Early Implementation Program. Further improvements to achieve 100-year and subsequently 200-year levels of flood protection for Natomas area were authorized in the Water Resources Reform and Development Act (WRRDA) of 2014 (Public Law 113-121, June 2014). With passage of WRRDA, Natomas became eligible for an A99 Zone designation, and on June 16, 2015, the City obtained a new flood insurance rate map to provide Natomas with an A99 flood zone designation. With WRRDA, USACE is taking the lead on completion of remaining components of Natomas levee improvement work. Funds were appropriated in the Fiscal Year 2018 budget, and actions are proceeding for design and construction work. Construction of multiple reaches in Natomas will begin in Spring 2018. With these actions, Natomas homeowners are able to maintain flood insurance rates at preferred risk policy levels, and these rates will continue if levee improvements continue to be made.</p> <p>For areas of northern and southern Sacramento outside of Natomas, USACE actions resulted in the expiration of its levee certifications for FEMA's flood insurance program. SAFCA has evaluated the levee systems protecting portions of northern and southern Sacramento and determine that some further improvements to the levees are required to meet criteria established by FEMA for levee accreditation for the National Flood Insurance Program. In July 2015, SAFCA filed The Final Environmental Impact Report (FEIR) for the North Sacramento Streams, Sacramento River East Levee, Lower American River, and Related Flood Improvements Project, also referred to as the Levee Accreditation Project. SAFCA's schedule is for certification of various reaches of the levee systems surrounding Sacramento between 2016 and 2025 after accomplishment of needed improvement work in various reaches of levee systems. FEMA flood zones remain unchanged and currently there is no schedule for FEMA to remap the flood zones in the Sacramento area.</p> <p>In January 2016, USACE filed the American River Watershed Common Features General Reevaluation Report (GRR) Final Environmental Impact Statement/Environmental Impact Report (FEIS/EIR) with the Environmental Protection Agency for review and comment. This report presents proposed plans for improvements to flood control systems around the Sacramento area. The comment period has closed and a signed USACE Chief's Report is anticipated around mid-2016 recommending the work in the GRR be authorized for construction. This work is integral to plans for achieving Urban Level of Protection for the Sacramento area.</p>

						<p>State law required urban areas to have 200-year Urban Level of Flood Protection (ULOP) by July 2016 or show adequate progress on construction of facilities that would achieve this level of flood protection by 2025. As of July 2016, a city or county within the Sacramento-San Joaquin Valley is not to enter into a development agreement, or issue a permit for construction of a residence, or approve a tentative map for property in a flood hazard zone in an urban area unless it finds that the property is protected by facilities that provide 200-year urban level of protection, it has placed conditions on the development that will ensure that the development is protected to urban level of flood protection, or the flood management agency is making adequate progress toward providing urban level of protection. SAFCA with other agencies and the City and counties prepared an Urban Level of Flood Protection Plan and Adequate Progress Baseline Report in 2016 to provide a basis for the City and County to make the necessary ULOP findings for projects or properties protected by the State Plan of Flood Control. Improvements for levee certification, improvements proposed in the American River Watershed General Reevaluation Report (authorized in December 2016), and other system-wide improvements were incorporated into this plan. SAFCA has completed the annual reports in 2017 and 2018 showing adequate progress is being made.</p> <p>The South Sacramento Streams project addresses flood protection for the south part of the City. USACE construction of the last reach of improvements on Florin Creek was completed in 2017. A Letter of Map Revision (LOMR) is currently pending with FEMA to remove the last approximately 300 homes from the Florin Creek floodplain.</p> <p>In 2016, SAFCA issued an Environmental Impact Report on the Process for Updating the Local Funding Mechanisms for SAFCA's Projects (EIR) and Engineer's Report that studied replacing the existing 2007 Consolidated Capital Assessment District (CCAD) with a new assessment district (CCAD 2). On June 16, 2016, the CCAD2 passed under Proposition 218 guidelines. These approved assessment funds allows Natomas homeowners to maintain current "preferred risk policy" insurance rates and those living along the Sacramento River and in north Sacramento will avoid paying mandatory, high-cost flood insurance. The assessment also provides local funding for Sacramento to reach a 200-year level of flood protection by 2025, as required by state law.</p>
<p>30. The City shall prepare a study recommending new financing options to provide for infrastructure in infill areas. <p>31. The City shall implement the Asset Repositioning of the City's public housing units through acquisition and rehabilitating Housing Authority properties. These activities will be implemented through a joint venture between the nonprofit organization established by the Housing Authority and an established non-profit developer. This study set the stage for the implementation of a proactive strategy to "reposition" SHRA's public housing units to reduce dependence on HUD and eliminate capital and operating deficits. One of the guiding principles of this strategy was a "no net loss" policy.</p> <p>2014: Washington Plaza Senior (76 units), Sierra Vista (78 units) and Sutterview (77 units) Senior Apartments are undergoing renovation. In addition, SHRA was the recipient of a \$30 million Choice Neighborhood Initiative Grant from HUD to be used for revitalizing and integrating the Twin Rivers public housing project into a mixed income development.</p> <p>2016: The environmental consultant for the Twin Rivers project identified several issues that required additional investigation, mitigation, and various levels of approval from local, state and federal agencies before the final EIR could be issued, which is now anticipated in March of 2017. Substantial infrastructure, road realignment, and site design planning work was completed during the period which will result in one-for-one replacement of all 218 public housing units, as well as an additional 292 mixed income units including approximately 158 low-income tax credit units and 134 market rate units. Site map approval and entitlements for the first two building phases are expected by May of 2017.</p> <p>2017: The Final Twin Rivers EIR was approved in July of 2017. The Twin Rivers project was approved by the governing Boards in August. The relocation plan was approved in early September and the first phase of relocation involving 146 households began later that same month, expecting to be completed by March of 2018. Site map and entitlements for the two phases of construction were approved in November. Building permits are anticipated to be issued in May of 2018. The first phase of demolition of 146 units is anticipated to begin in April and be completed by June. The first phase of new construction including 107 housing units is anticipated to begin in November of 2018.</p>
<p>32. Department of Housing and Urban Development (HUD) Homeless Services Notice of Funding Availability (NOFA) that began to reallocate funding within the CoC to further support the "Housing First" model. An additional Rapid Rehousing (RRH) program was brought online as a result of this reallocation. Likewise, SHRA continued to support the provision of services as part of Permanent Supportive Housing.</p> <p>2017: The U.S. Department of Housing and Urban Development (HUD) announced Jan. 11 that the Sacramento Continuum of Care has been awarded \$20,180,083 this year to fund 31 programs that serve people experiencing homelessness. This is an increase of \$668,245 over last year's award and a \$5.2 million increase since Sacramento Steps Forward took over as the Continuum of Care lead agency in 2011. The award renews funding for 22 Permanent Supportive Housing programs and in doing so, retains housing and supportive services for people who were previously homeless. Without this funding, these individuals would likely return to a state of homelessness. It also renews funding for four Rapid Re-housing programs. HUD funded four new projects this year including two Permanent Supportive Housing programs operated by Sacramento Self Help Housing, one Permanent Supportive Housing program run by TLCS and a new Transitional Housing/Rapid Re-Housing project operated by TLCS and Wind Youth Services. Two awards were granted to Sacramento Steps Forward to administer the Homeless Management Information System and a planning grant, which covers the cost of the Point-in-Time count, among other programs.</p>

The program includes a centralized Renters' Help Line with direct referrals to legal counsel that can pursue a full spectrum of remedies to prevent or rectify any fair housing concerns.</p> <p>Summary of 2017 accomplishments: SSHH Renter's Help Line received 3,771 calls from City residents, and referred to its subcontractor Project Sentinel, 432 fair housing related cases from City residents with 12 dispute resolutions completed. The Renter's Help Line referred 79 City residents to the California Apartment Association of Sacramento Valley. 52 fair housing presentations were completed in the City by SSHH and Project Sentinel.</p> <p>RHA provided seven fair housing trainings with SSHH and Project Sentinel across Sacramento County in addition to answering questions from callers. Provided fair housing assistance materials to landlords and answered various fair housing related questions.</p> <p>LSNC attorney assigned to this project conducted 228 fair housing intakes throughout the County of Sacramento, three affirmative fair housing cases resolved; nine fair housing cases resolved without litigation with an additional five settled with litigation. One fair housing unlawful detainer represented and dismissed, filed one compliant with the Department of Fair Employment and Housing, two fair housing cases under investigation, and provided eight community presentations.</p>
