Location:	# Units: 0	Sq Ft: 0
Description: . Bar pony wall frame approved pending others. 2. Plans indicate bar area is an A2 occupancy with an occupant load of 37. How many exits are required as plan do not call out the required amount of exits. 3. Plans show a 5' level landing on the exterior side of the door existing into the alley. This is not the case as their is a extreme slope in this location. Please revise plans indicating this. 4. Have architect provide more information as to how many exits are required, where the existing is to be along with the path of travel and is the elevator to be the accessible means of egress and entrance to bar. 5. Revise plans to show a 60" wide accessible bar counter. 6. Plans call for power assisted door. Contractor states this is going to be an opening and a new wall and door will be located closer to the bar in the bar space
