<b>Description:</b>	EPC Submittal - Deferred/Revision to Issued Permit COM-1819613 - • The ceilings on the left side of the suite needed a framing plan. We added a new sheet for the plan. <ul style="list-style-type: none"><li>• The plumbing for both waste and supply were originally shown as underground to the front of the suite, but they are actually elevated lines at the rear of the suite. All the lines were revised to reflect this (including the use of a lift station).</li><li>• The front vehicle door was originally to be removed and moved over to a new location. It will remain and the front/main entry door swing will be reversed.</li><li>• The front grow room was built about 6' shorter than shown on the plan, so the rear grow room became larger.</li></ul>

<b>Description:</b> EPC Submittal - Deferred/Revision to Issued Permit COM-1819613 - • The ceilings on the left side of the suite needed a framing plan. We added a new sheet for the plan. <ul style="list-style-type: none"><li>• The plumbing for both waste and supply were originally shown as underground to the front of the suite, but they are actually elevated lines at the rear of the suite. All the lines where revised to reflect this (including the use of a lift station).</li><li>• The front vehicle door was originally to be removed and moved over to a new location. It will remain and the front/main entry door swing will be reversed.</li><li>• The front grow room was built about 6' shorter than shown on the plan, so the rear grow room became larger.</li></ul>
