<b>Description:</b>	EPC - REVISION TO COM-1912444: The scope of this revision captures modifications to mechanical and electrical design serving the server room (room was previously submitted and approved in previous revision). We have also updated which door we are using for the second egress from the building - proposed door is easier to modify with required panic hardware. We are also modifying the exterior sidewalk to address the level landing from interior to exterior of the building. Last inclusion is updated fire alarm plans to show as-built conditions in the overall building.
