Description: The scope of work consists adding an unoccupied interior equipment platform for future HVAC equipment support to an existing unoccupied cold shell building. Also included is an at grade exterior equipment screen wall enclosure in an existing loading dock. These improvements are part of the phased permitting and construction of the initial T1 in (e) warehouse building. The HVAC equipment to be located on the interior platform and in the exterior screen enclosure will not be installed under this permit. The future phased T1, under separate permit, will have a phased occupancy and will consist of office space, lab space, modular clean room and ware house spaces.	# Units: 0	Sq Ft: 47643
