| Description: EPC - MULTI-FAMILY HOUSING - FEE ESITMATE ONLY- NOT A PERMIT. Size- 200,024 SF. Occupancy- R2. Construction type- IIIA &1A. This is an affordable housing project but the applicant has requested the estimated fees to be calculated as if market rate. The project site is presently 2 parcels (008-0392-012, 008-0392-019) totaling 1.42 acres. The construction will be for (1) 6-story building, totaling 130 units. For PIF, assume 30 units are less than 750 SF and another 100 units are between 751-1999 SF for a total of 88,000 SF in size. For estimation purposes, fees are shown for market rate senior housing but those fees eligible for \$0 rate or exempt for affordable housing are identified. - PLNG-INSP | | |

| Location: | # Units: 0 | Sq Ft: |
| Description: EPC - 1. On the morning of Friday June 24th 2022 the Sacramento Theater Company located at 1419 H Street had an electrical fire within the electrical switch gear. The switch gear contains the SMUD meter, main disconnect and power distribution to the entire building. New switch gear for the building is required. 2. We would like to provide temporary power generation to the building utilizing a diesel generator, to be placed on the street next to the building. We are in the process of obtaining a permit for the City of Sacramento to do so. 3. Installation of the generator will begin once the permit is approved, maybe next week. Generator use duration depends on several key factors; Permitting, availability and lead-time of the replacement switch gear, SMUD's acceptance of the project, and SMUD's ability to complete their portion of the project. This estimated duration could be 90 to 180 days. The use and maintenance of the Generators must comply with the City of Sacramento's Noise ordinance City Code Section 8.68.080 | | |

| Address: | 7575 RUSH RIVER DR | Issued: | | Finaled: | |
| Location: | | # Units: | 0 | Sq Ft: | 360 |
| Description: | EPC - The project consist of a tenant improvement of an existing daycare facility. NO change to existing occupancy. The interior 360 SQ FT open-air courtyard (not visible from the street), is being enclosed and converted to new conditioned space. | | | | |
| | The interior work consist of wall framing alterations, mechanical system replacement, plumbing alterations and additional fixtures, new lighting, and new finishes. | | | | |
| | Exterior scope consist of replacing existing window and door systems at existing locations (no increase in opening sizes - reduction in overall opening sizes at several locations). Removal of existing, exterior, freestanding wood pergolas. Removing existing rooftop-mounted HVAC equipment; new systems will provide a physical reduction in size and quantity of equipment (not visible from street level). Replacing existing pyramidal skylights in-kind. Existing skylights/solar tubes will be removed; new low-profile skylights will be installed in their location(s). New flatwork will be provided around the perimeter of the building to provide compliant egress path of travel, as well as a new accessible path of travel from the building to the existing public right of way, and to/from the new accessible parking stall. | | | | |
