Description:	HSG Case 18-032526 Siding and roofing replacement initiated without permit or approvals. South & West Elevations Siding and window wells repairs to be replaced like-4-like with materials that were originally installed on this building.. Window well area roof assemblies to be installed with approved roofing and flashing materials, Roofing materials to match original wood shakes along with vertical walls beneath drip edge of window wells.. All work subject to field inspection with some requested removals of installed materials, likely. Per Planner Helen Selph, the currently installed product, which appears to be a t1-11 is not approved for use. The original vertical wood siding product is to be installed like-4-like as is the original vertical shake sidewalls where applicable. Deviation from this scope of work and materials will require staff level site plan and design review submittal. Helen provided the Staff level review application to the applicant.
