

2022 SCHEDULE: CLIMATE ACTION MILESTONES

The City of Sacramento is accelerating rapid decarbonization. This agenda summarizes key public climate milestones and opportunities for input. Action is occurring under broad buckets of activity:

- Climate Plans & Communications (Comms; general, or multi-sector issues)
- Electrification
- Transportation
- Energy
- Water & Urban Cooling/Forestry
- Green Workforce
- Organic waste

Actions that have already occurred are included for reference. More information and links are available online at CityOfSacramento.org/ClimateAction.
