

## Candidate Nomination Submission Package

<b>District 2 Candidate</b>	Sean Loloee
<b>Ballot Designation</b>	Small Business Owner
<b>Participating in Code of Fair Campaign Practices</b>	Yes
<b>Campaign Statement Submitted for Voter Guide</b>	
<p>The job of the City Council is to ensure every resident and neighborhood has access to essential resources. During times of crisis, we should expect basic government services, clean parks, and safe neighborhoods where our children can play. Strong, innovative leadership is needed to overcome our challenges, as well as a plan to restore small businesses and increase access to healthcare.</p> <p>As owner of Viva Supermarkets, I know the importance of investment. We pay living wages and support our employees. We have worked to keep our team and community safe and want every resident to feel valued and heard as we push for progressive policies.</p> <p>My plan is to restore our neighborhoods and attract diverse businesses while ensuring residents aren't priced out of their communities. It's time to revitalize our economy and bring real job opportunities and creative spaces for all. On day one, I'll push for reliable transportation that connects residents to regional resources.</p> <p>I am running for City Council because we need honest leadership and new ideas. We face great challenges, but for District 2 a bright dawn is ahead. I'm confident we will overcome. I would be honored to have your support.
