- 1) Includes interest earnings/revenue associated with Water Development Fees Fund and the Water Use Fee Fund.
- 2) FY15 miscellaneous revenue includes one time credit of \$4.5 million for defective material credit.
- 3) The voter approved general fund tax is equal to 11% of the collected utility rate revenue. See "General Fund Tax on Water system Revenues"
- 4) Adjustments to the Rate Stabilization Fund are estimated to result in the Rate Stabilization Fund being funded in an amount equal to 25% of all debt service (parity, subordinate and unsecured)
- 5) Pursuant to the terms of the Funding Agreement between the California Department of Health and the City, deposits to the reserve fund must be made over the first ten years of the loan repayment term. The amounts shown here include \$31,926.47 per semiannual payment for this purpose. Balance as of June 30, 2015 equals \$159,651.67.
- 6) Existing payments by the Water Fund to the City's General Fund to cover existing general fund debt for water-related facilities associated with the City's Master Lease revenue Bond Program. The Water Fund revenue is utilized, but not directly pledged, to make debt service payments.
- 7) The Beginning Unrestricted Fund Balance is based on the City's budgetary basis of accounting which treats purchase order encumbrances and multi-year project appropriations as expended in the year appropriated. As a result, the Beginning Unrestricted Fund Balance is significantly lower than the unrestricted cash and investments reported in the City's Comprehensive Annual Financial Report.
