RATING AFFIRMED

Dated: May 4, 2021

NOTICE IS HEREBY GIVEN that on May 3, 2021, Moody's Investors Service ("Moody's") affirmed the "A2" long-term rating and affirmed the outlook as negative for the 2019 Sacramento Tourism Infrastructure District Assessment Revenue Bonds.

Attachment: Moody's affirms Sacramento Tourism Infrastructure District No. 2018-04 assessment bonds at A2; outlook remains negative
RATING RATIONALE

The A2 rating on the bonds reflects the economic strength of the assessment district, which includes all of the City of Sacramento (Aa2 stable) and neighboring unincorporated areas of Sacramento County (A1 stable) primarily to the east. While the assessment district was newly established in 2018, it is nearly contiguous with a tourism marketing district formed in 2012, which has a track record of collecting similar assessments, and prior to the coronavirus outbreak, was experiencing robust growth in travel and tourism.

The A2 rating further reflects the limited nature of the assessments pledged to repay the bonds, which are economically sensitive. The assessment district was formed by lodging businesses in the Sacramento area for the purpose of funding a new ballroom at the city’s convention center through a 1% assessment on lodging revenues. The rating incorporates the solid historical demand for hotel rooms, as demonstrated by the rapid growth in assessments collected in the overlapping tourism marketing district, as well as projected demand that prior to the pandemic was resulting in notable new hotel construction. The rating further incorporates favorable debt structuring and legal provisions, which are key credit features.

Coverage for the bonds from current revenue provided 1.3 times in fiscal 2020. Coverage, however, has declined to below 1.0 times in fiscal 2021 and is not expected to provide 1.0 times coverage again until fiscal 2024. The district has a surplus revenue account funded to 50% of maximum annual debt service (MADS) equal to $1.4 million available to pay debt service, but has not been used to do so. American Rescue Plan Act funds will be more than sufficient to cover the expected shortfalls.

RATING OUTLOOK

The negative outlook for the STID bond ratings reflects the city’s expectation that pledged revenue will provide less than 1.0 times coverage for several years and uncertainty around when coverage will return to 1.0 times.

FACTORS THAT COULD LEAD TO AN UPGRADE OF THE RATING

- Substantial growth in debt service coverage
- Restoration of hotel occupancy rates to normal levels could result in removal of the negative outlook

FACTORS THAT COULD LEAD TO A DOWNGRADE OF THE RATING

- Recovery of assessment revenue from the effects of the coronavirus outbreak that lags projections
- Authorization and issuance of substantial new debt beyond the remaining bonds permitted for current project completion
- Depletion of available reserves
- Use of the debt service reserve surety

LEGAL SECURITY

The STID bonds are secured by a first pledge of and lien on all of the pledged revenues from assessments on the lodging businesses in the district, excluding vacation rentals, although any assessments paid by vacation rental owners are also available for payment of debt service. Parity bonds are permitted for the costs of ballroom completion or refunding outstanding bonds. Subordinate obligations permitted for other tourism
infrastructure projects approved by the tourism district committee in accordance with the STID Management District Plan. There is an additional bonds test (ABT) of 1.15 times MADS. The debt service reserve account was funded at closing with a surety at the lesser of 10% of original principal, MADS, or 1.25 times average annual debt service (the standard three-pronged test). Additionally, a surplus revenue account was cash funded at 50% of MADS and any draws will be replenished over time from excess revenues.

PROFILE

The Sacramento Tourism Infrastructure District was formed through petition by lodging businesses located within the district and approval by the City of Sacramento to provide specific benefits to payors, by providing funding for the construction of a second ballroom as part of the Sacramento Convention Center and other infrastructure project and marketing designed to increase room night sales for assessed lodging businesses. The Tourism District was formed pursuant to the Property and Business Improvement District Law of 1994, as augmented by an ordinance adopted by the City Council pursuant to its charter powers. The assessment rate is 1% of total room revenues of lodging businesses within the district, with collections beginning in September 2019. Assessments on lodging businesses located outside of the city but within the district are collected and remitted to the city by Sacramento County. At its inception, the district had over 100 lodging businesses (excluding vacation rentals) with nearly 11,000 rooms.

Sacramento is located at the confluence of the Sacramento and American rivers in the northern Central Valley, 75 miles northeast of San Francisco (Aaa negative). The city encompasses 100 square miles and has over 500,000 residents as of 2018, making it the sixth largest city in the state. It was incorporated in 1849 and is the California (Aa2 stable) state capital and the seat of Sacramento County (A1 stable). The full-service city is governed by a nine-member city council including an elected mayor.

MOODY’S credit rating is an opinion as to the creditworthiness of a debt obligation of the issuer, not on the equity securities of the issuer or any form of security that is available to retail investors.

Additional terms for Japan only: Moody's Japan K.K. ("MJKK") is a wholly-owned credit rating agency subsidiary of Moody's Group Japan G.K., which is wholly-owned by Moody's Overseas Holdings Inc., a wholly-owned subsidiary of MCO. Moody's Japan K.K. ("MSFJ") is a wholly-owned credit rating agency subsidiary of MJKK. MSFJ is not a Nationally Recognized Statistical Rating Organization ("NRSRO"). Therefore, credit ratings assigned by MSFJ are Non-NRSRO Credit Ratings. Non-NRSRO Credit Ratings are assigned by an entity that is not a NRSRO and, consequently, the rated obligation will not qualify for certain types of treatment under U.S. laws. MJKK and MSFJ are credit rating agencies registered with the Japan Financial Services Agency and their registration numbers are FSA Commissioner (Ratings) No. 2 and 3 respectively.

MJKK or MSFJ (as applicable) hereby disclose that most issuers of debt securities (including corporate and municipal bonds, debentures, notes and commercial paper) and preferred stock rated by MJKK or MSFJ (as applicable) have, prior to assignment of any credit rating, agreed to pay to MJKK or MSFJ (as applicable) for credit ratings opinions and services rendered by it fees ranging from JPY125,000 to approximately JPY550,000,000.

MJKK and MSFJ also maintain policies and procedures to address Japanese regulatory requirements.
