PUBLIC SAFETY

- Sacramento Community Police Review Commission
- Developed Use of Force Policy - Passed by Council November 2016; Revised in 2020

USE OF FORCE:

USE OF FORCE POLICY

The City Manager must ensure that police officers:

- ✓ **Comply with AB392** and all State legislation.
- ✓ Develop and issue specific guidelines for the type of force and tools authorized for a given level of resistance.
- ✓ **Are issued and carry less lethal weapons consistent with current best practices.**
- ✓ Do not move in front of or shoot at moving vehicles unless the person poses a threat with a weapon other than the vehicle OR has exhibited a specific intent to use the vehicle as a weapon.
- ✓ Intervene when an officer observes another officer using force that is clearly beyond that which is objectively reasonable based on the totality of the circumstances known to that officer; and when in a position to do so, to prevent the use of unreasonable force and report the incident to their immediate supervisor as soon as reasonably possible.
- ✓ Receive training in de-escalating encounters with the public to include individuals with physical, mental health, developmental, or intellectual disabilities.

USE OF FORCE POLICY

The City Manager must ensure that police officers:

- ✓ Are trained in basic first aid and render such aid as soon as safe to do so after a deadly force incident.
- ✓ Make reasonable attempts to shield the public's view of the corpse after a deadly force incident.
- ✓ Make death notifications to family member of a subject that has died as a result of an officer involved shooting or while in police custody.
- ✓ **Release all video** associated with an officer involved shooting, in-custody death, or complaint reported to OPSA **within 30 days**, where said video does not hamper, impede, or taint an ongoing investigation or endanger involved parties. The family of all descendants will be offered the opportunity to review the video prior to public release. **All faces will be blurred to protect the identity of those present** and a warning will also be included to advise of the graphic content of the video. If the video cannot be made public by the 30th day, the Police Chief will provide the reasons and obtain a waiver from the Council.

PAST **VS** PRESENT

Joseph Mann

July 2016

- Two months to release footage
- Medical aid not rendered after shooting
- No body cameras

Darell Richards

September 2018
