• Questions for the Panel
Alcohol Beverage Control (ABC)
# COVID-19 TEMPORARY CATERING AUTHORIZATION APPLICATION

Before completing this application, please review Form ABC-216-CWV 6/216 for important information regarding the COVID-19 Temporary Catering Authorization.

Instructions: Indicate the license number this temporary authorization will apply to in the appropriate space. If the application is for ABC use only, submit separate applications. Submit this ABC-216-CWV 6/216 with a non-refundable payment in the amount of $150.00. Acceptable forms of payment are business/personal checks, applicable charges on the credit card, money order, or pre-printed remittance advice. You must also submit Form AABC 216-CWV, which clearly identifies where the area is in relation to the licensed premises. If you are seeking an agreement with another person or entity for that activity, you must also submit a copy of the agreement or contract which establishes the terms of this business relationship. Incomplete or incorrect applications may result in delay or denial of the application. If approved, a COVID-19 Temporary Catering Authorization will be sent to you via email address you provided below. If you do not have a valid email address, the authorization will be mailed to your business.

## SECTION 1 (Application Details And Licensee Acknowledgment)

</tbody>
</table>

In Completing This Application For A COVID-19 Temporary Catering Authorization, I Acknowledge All Of The Following:

- Check all of the boxes below. Failure to acknowledge all of the boxes may result in delay or denial of the application.

---

The temporary expansion and the intended operation is to remain consistent with state and local health and safety directives. Additionally, I have forwarded a copy of this application request to the appropriate local law enforcement agency.

This authorization is limited to serve the alcohol that is licensed by the appropriate license type.

If approved, the authorization will be limited to serve only on or before the date of the temporary expansion area, as defined by the department, or as may be extended, after agreement with the department.

Except as to any conditions that the Department has determined will not be enforced under other notice of Regulatory Relief, any operating conditions in place for the existing licensed premises will apply to the temporarily expanded area.

If the Department determines that operation of the temporarily expanded area is contrary to public health, safety, or welfare, new or additional operating conditions may be added to the authorization at the time of or after its issuance.

If the temporarily expanded area is being shared with other ABC licensees, we will be held jointly responsible for any violations that may occur within the shared area.

If approved, the authorization may be revoked by the Department at its discretion including, but not limited to: (1) upon termination of the temporary operation, (2) upon violation of the terms of this authorization, (3) by action of any law, rule, or ordinance, or direction by the Department's decision or decision by law enforcement; (4) if the decedent of the Department determines that the permit will negatively impact the public health, safety, or welfare.

## SECTION 2 (Licensee Declaration And Signature)

I declare under penalty of perjury that to the best of my knowledge these statements are true and correct.

---

## SECTION 3 (For ABC Use Only)

- **APPLICATION APPROVED**
  - Yes, No
  - **DATE ISSUED**
  - [Date]
**SUPPLEMENTAL DIAGRAM**

**Instructions to Applicant:**
- Draw a sketch of the area on which the licensed premises is or will be located. Show adjacent structures and nearest cross streets. (If this is an event for a daily license, catering authorization, event authorization or miscellaneous use, show the area where sales and consumption of alcoholic beverages will occur. Post a copy of this diagram with Daily License, Catering Authorization or Event Authorization where the event is held. Sales and consumption of alcoholic beverages must be confined to the area designated on the diagram and supervised to prevent violations of the Alcoholic Beverage Control Act.)
