

Paper Airplane

Materials Needed:

- 3 jumbo popsicle sticks
- 5 small popsicle sticks
- Glue
- Cardboard
- Bead

Optional: Stickers, gems, markers

Activity Instructions

1. Glue the 5 small popsicle sticks together and let them dry.
2. While the sticks are drying, cut the edges of cardboard to long ovals. Color it or cover it with colored paper.
3. Gently glue a black bead on top of the X shape propeller and let them dry.
4. Take the 5 glued sticks and on their wider sides, glue 2 large sticks roughly .5" from one end (one of each side). And let them dry.
5. Cut the third jumbo stick and cut it in half and layer it to make the end of the airplane.
6. Glue the X shape propeller to the top of 5 sticks
7. Let it dry for 2-3 hours and decorate it!
