

ADULT/SENIOR ACTIVITIES

DIY FACE MASK

What you'll need:

- Scissors
- Fabric glue or hot glue
- An old tshirt

How to:

Using your scissors, cut out a piece of your t-shirt about 6in x 10in. Cut two thin pieces of fabric about 1in x 10in long for the ear straps. Fold the 6in x 10in fabric in on itself as shown below. Seal with glue making sure to not to close the holes you've created. Once the glue is dry lace your straps through the holes you've made and adjust as necessary.

White lines: glue

Dotted lines: fold

Fold and glue top and bottom first
