

Adult/Senior Activities

Wood Coaster

What you'll need:

- Flat piece of wood big enough to hold a cup
- Paint markers and white paint
- Brushes
- Resin to seal (optional)

How to:

Prep your wood by making sure its clean and smooth. Apply a layer of white paint over the wood (this will help your paint marker colors stand out). Use your markers to decorate as you'd like. Seal with resin using the directions on the resin bottle. Let dry completely and enjoy a refreshing drink.
