Youth Division

Youth, Parks, & Community Enrichment (YPCE, pronounced *Yip-See* to our friends), has a newly formed Youth Division. The Youth Division aligns youth serving programs into one area. Using a youth development approach, the Youth Division sets a high standard for programming.

The manager for the newly formed division is Kim Mohler. Kim comes with over 30 years of experience delivering recreation programs. Kim is an advocate for young people and has pioneered the youth development movement in our department. She has launched organizational change by creating partnerships and aligning the practices of youth development principles. She recognizes the importance of creating partnerships with school districts, community-based organizations, and non-profits to enhance program delivery to Sacramento’s youth.

Kim is a well-respected and well-liked manager, with strong leadership skills. She not only advocates for young people, she also nurtures and cultivates opportunities for department staff. Overall, Kim believes in the empowerment of people.

Kim directly manages the three primary units in the Youth Division. Each unit provides experiences and support that foster the development of young people. In each unit, Sacramento youth are supported through five fundamental pathways: safety, healthy relationships, engagement, connecting to community, and relevant skill building. The programs in the following areas allow youth to practice newly acquired skills in safe and supportive environments:

**Youth Employment** – Provides pathway opportunities for young people between the ages of 10-18 that focus on vocational and employment skills training. Youth gain 21st century skills needed for future success in academics and career. Programs include: Landscape & Learning, Prime Time Teen, Young Leaders of Tomorrow, and the Workforce Innovation and Opportunities Act (WIOA).

**Civic Engagement** – Provides opportunities for young people, age 14-24, to develop the tools and skill sets needed to emerge as leaders in their communities bringing youth voice to real city and community issues. Programs include the Sacramento Youth Commission and Summer at City Hall.

**Expanded Learning and Enrichment** – Provides a wide array of enrichment opportunities that promote life-long learning and skill-development for school-age youth. Programs include the 4th R licensed childcare, Sacramento START, youth sports, PASSage, and summer recreation programs.

Thank you, Kim, for your many years of leadership, and continued dedication and commitment to the development and success of Sacramento’s youth!
Community Enrichment Division

Joanna’s Kids “R” It - 34 years of dedication and commitment to Sacramento Youth

For 34 years Joanna’s Kids “R” It has provided quality programs at an affordable price for Sacramento youth. Students enjoy a supportive, non-competitive environment to discover, explore, and develop their skills in the arts of ballet, tap, and jazz dance, as well as in floor gymnastics. Joanna’s Kids learn that success and achievement are accomplished regardless of body type or the standards of the competitive community. Joanna and staff show a genuine care and commitment to each and every student and recognize the invaluable life skills taught through her program. Joanna’s dedication to providing everyone with an opportunity to explore and discover their talents in gymnastics and dance is reflected in the awards she has received over the years by special needs and inclusion organizations in the Sacramento area.

We are honored that Joanna has chosen YPCE as home to the many programs she offers. It is our belief, that the Kids “R” It “family” of students feels equally as blessed to have her, evident in their ongoing support during her yearlong battle, and successful fight against cancer. Way to go Joanna!

Here are a few things Joanna’s dance & gymnastics family had to say about her and the Kids “R” It program:

“Words cannot adequately express how grateful I am that I found Joanna’s program. Joanna has become far more than my daughter’s dance teacher. Joanna has become one of her mentors. My daughter has not only learned to dance but how to be strong, happy, and confident. She has learned how to smile and work through tough moments in her life, from Joanna. She has also learned how to care about who she is and what she does, more than what she looks like. I have had no regrets and Joanna’s program has surpassed my expectations.”
~Shelby’s Mom

“I knew I wanted my girls in dance- and by luck I found Kids “R” It. It was everything I was looking for- a chance to learn and work with other kids and adults without the pressure of perfection. Being able to take gymnastics was an added bonus. I love everything about Joanna’s program. Joanna and her staff are extended family who love my girls like their own family. Every child is given an opportunity to succeed, and they do because Joanna believes in them and they know she values them for what they are.”
~E Duarte

Congratulations Joanna, on 34 phenomenal years of leading, shaping, and inspiring multiple generations of young Sacramento dancers and gymnasts. Your passion and dedication is unparalleled and it has been a joy to see that passion instilled in our youth. Thank you for letting us be a part of it. We look forward to many more successful years to come.
Park Maintenance Division

**Be a Volunteer!**

Sacramento has one of the largest urban tree canopies in the world. A 2017 Treepedia Project MIT Study ranked Sacramento as the Greenest city in the States. Globally, we rank third after Vancouver and Singapore. A large portion of these trees are located within our 200 plus city of Sacramento parks. Sustaining their surrounding environment requires a tremendous amount of labor and energy.

YPCE’s Park Maintenance division is tasked with this responsibility. When there are just not enough hands to go around, the department calls on its secret weapon... VOLUNTEERS. During fiscal year 2018, YPCE logged in an astounding 141,967 volunteer community service hours. Some of our most dedicated volunteers have been our governmental representatives. Mayors (both current and former) as well as city council members and city managers go beyond city hall and out into the trenches to aid in the volunteer cause. Whether you are an army of one or a large contingency of volunteers, the objective is always the same: “Maintain and preserve our great natural recreational resource for future generations of families, flora and fauna” ...Be a volunteer.

YPCE NEWS

Community Gardener John Hunt grew this large pumpkin in his 20x20 plot at the Martin Luther King Jr. Community Garden, one of 15 community gardens in the City’s program.

The pumpkin was growing at a rate of 35 pounds and 4” increase in circumference each day at the height of it growing. The end weight was almost 900 pounds!

The City of Sacramento’s Department of Youth, Parks, & Community Enrichment plans, develops, and maintains neighborhood, community, and regional parks in Sacramento. During 2017-2018, the City opened one new park to the public, and made improvements to four other parks throughout Sacramento. R. Burnett Miller Park was finished in December 2017, improvements at River Cats Independence Field were completed in November 2018, Fort Natomas Playground was finished in October 2018, American River Trail enhancements were completed on January 17, 2018, and the Mangan Community Park Master Plan was approved in November 2018. Find out more information about each of these new projects below.

**R. Burnett Miller Park**

R. Burnett Miller Park is a 0.9-acre neighborhood park in the McKinley Village area. The park is designed for youth recreation and includes a tot playground for kids two to five years old, an adventure play area for older children, two pickleball courts, concrete game tables, and turf mounds. The park is located next to the private McKinley Village Recreation Center.
**Independence Field**

River Cats Independence Field is a local baseball field adjacent to the Samuel C. Pannell Meadowview Community Center. Recent renovations to the baseball field include resurfacing and new striping. The Field’s rubberized surface is ideal for players who use manual or powered wheelchairs, walkers, or crutches.

**Fort Natomas Playground**

Improvements at Fort Natomas Playground in South Natomas consist of irrigation and landscaping improvements, storm drain adjustments, and rubber surfacing. The park includes seven shade structures to provide relief from the heat, an adventure play area, and is located adjacent to the public Natomas Rose Garden.
American River Trail Enhancements

The American River Parkway Trail in Sutter’s Landing Park was recently enhanced. The three-quarter mile multi-use trail now includes a trailhead plaza with decorative concrete flatwork. There are new bike racks, trash receptacles, and interpretive signs detailing the three acres of habitat restoration on the banks of the American River.

Master Plans

Mangan Community Park is an 8.29-acre park located in Land Park. Anticipated improvements for the park under the Mangan Community Park Master Plan include an expanded pool area, additional shade areas, a grass volleyball court, a walking path with fitness equipment, bike parking, and public art. Sports lovers already appreciate the park’s existing amenities including soccer fields, horseshoe pits, a basketball court, and a softball field.

OnStage Theatre Arts
Have a child with an active imagination and a need to shine? OnStage theatre arts classes provide a place for imagination, confidence building and teamwork while improving reading and verbal skills. Students create characters from a box full of costumes, then collaborate to create a story which becomes the play that they will rehearse for the rest of the session. Young actors learn to support each other in the story and work as an ensemble as they also create set and prop pieces. Playing theatre games, practicing lines, exploring the basics of theatre arts prepares them for the performance and develops an appreciation of the many facets of theatre. It is wonderful to see the children confidently perform their creation for family and friends on the final day of classes.
