# Roosevelt Park Design Study OPEN HOUSE

CADA and the City of Sacramento are contemplating a renovation of Roosevelt Park to better accommodate users and make the site more attractive and functional. The first step in this planning process is the creation of a Conceptual Plan which will be used to guide the renovation process. We are seeking community input so that we can prioritize improvements and make sure that the Conceptual Plan reflects the needs of park users and neighbors.

Please join us for a discussion of the possibilities for Roosevelt Park and let your voice be heard.
