

- General Site Plan Notes:**
1. Contractor will remove, store, protect and reinstall both the soccer goals posts as well as the park sign at the completion of work at the park.
  2. Existing concrete curbs, gutter, and sidewalk shall be removed and replaced as needed for contractor staging area access.
  3. Geotextile separator fabric will be placed under a 6" layer of CL3 aggregate surface course for the 12' wide access roads.
  4. Contractor shall install 6' tall driven post chain-link fence surrounding the staging area to restrict public access to the park. Additional details will be included in this plan.
  5. Contractor shall protect all trees not designed to be removed.
  6. Contractor shall protect, or remove and replace, any existing park structures, pavement, utilities, and other facilities needed for construction access.
