10/25/13, approximately 1512 hrs, Sac PD Communications received a CODE93/CODE3 COVER call from Roseville PD advising of an officer down with shots fired and a suspect jumping over fences. With the Kinney Facility, 3550 Marysville, being the closest SPD entity with the ability to respond for mutual aid, I began to assemble officers immediately. I broadcast via radio for all responding units to assemble in the front parking lot of the Kinney Facility. More information on the shooter came into dispatch advising that a parolee at large identified as Sammy Durant was armed with a handgun and had shot an officer. As more information began to come into Communications, I learned that Roseville PD had set up a command post at 1600 Vernon St. Based upon this new information, I requested our units to respond Code 3 to the Roseville CP. Approximately 1520 hours, I responded Code 3 from the Kinney Facility. I arrived at the CP location at approximately 1536 hours, I broadcast the exact location of the CP as Vernon/Dudley Streets in Roseville. Lt. Buckley, SPD watch commander, arrived simultaneously with me and I made contact with her. I observed that numerous officers from area agencies began to arrive at the location and assemble. As the only sergeant on scene, I began to take command of the officers on scene while Lt. Buckley made contact with the Roseville incident commander. I directed officers to put on protective gear, helmets, and I began to identify officers who were carrying rifles. I divided officers up into 10 officer squads, assigning a team leader and ensuring that the rifle officers were equally dispersed among the teams. Information from the Roseville IC advised to position a team of officers on Windsor Dr, which was on the outer perimeter of the suspects location, located to the east. I assembled a 10 officer squad made up of several SPD and Folsom PD officers, and I directed them to walk into the location for outer perimeter positions. I received information to assemble a second team of officers for Mayfair/Dudley. I assembled a second 10 officer squad and directed them to walk into the location and set up perimeter positions. A third team officers went with SWAT Sergeant Nichols, who had just arrived (some of these officers ended up in positions on the inner perimeter. Approximately 1600 hours, I responded with my vehicle to Dudley/Mayfair, which was west of the suspect's barricaded position, which was broadcast to be ██████████ Hampton. I contacted officers in the outer perimeter positions and adjusted as necessary for best coverage. I maintained text phone contact with the SPD watch commander and monitored the RPD channel. While in this location, I heard several different exchanges of gunfire just to the east of our

location. I directed officers to maintain their perimeter positions until we were relieved by Roseville PD officers approximately 1900 hrs. At the direction of Lt. Buckley, I began to relieve SPD dayshift officers on our inner perimeter and return them to the CP. I contacted Lt. Buckley via text and was directed to check on the officers on 6th Av near Mayfair-Hampton. Due to the SWAT activity occurring near the barricaded suspect's location, I could not make physical contact with SPD officers nor determine their positions. I contacted Officer Thebeau via cell phone. Officer Thebeau advised me that none of the inner perimeter officers were in a position to be relieved. He also advised me that three SPD officers had engaged the suspect with gunfire. He advised that Officers Kraintz, Piazza, and K9 Officer Dahl were involved in the shooting. He advised me that SWAT Sgt. Nichols was in charge of the SPD officers assigned to the inner perimeter. I advised him to maintain his position until relieved. I contacted Lt. Buckley by phone advised her of the SPD officers involved in the OIS. I then returned to the CP and contacted Lt. Buckley. Approximately 2030 hrs, I conducted a round count on the weapons discharged by SPD officers. The round count was recorded on ICC, vehicle #11525 at approximately 2032 hrs. I inspected Officer Kraintz weapon, department issued AR-15 Serial [REDACTED]. Officer Kraintz advised that he used only one 30 round magazine, and he was unsure if the magazine was full or not before the OIS. Officer Kraintz cleared his weapon for me, and I counted 3 rounds left in the magazine, and one round in the chamber. I then inspected the weapon of Officer Piazza. Officer Piazza cleared his department issued AR-15 rifle, serial [REDACTED]. He advised that he had a full 30 round magazine before the OIS. He showed me that he had 16 round left over, including the chambered round. I next inspected the weapon of Officer Dahl. He presented and cleared his department issued Sig Sauer P226 .40 caliber pistol, serial [REDACTED], Officer Dahl had 2 rounds left, including the chambered round. At their request, I contacted RPD detectives at the scene and provided them with a round count. I was cleared by Lt. Buckley at 2145 hrs, I cleared the CP and returned the kinney facility. I briefly contact Officer Kraintz in the station and checked on his welfare. I further advised him that he was EOW. I ensured that all patrol officers assigned to the incident had been returned to service or had gone EOW. No further info for this report.

Subject: **OFC. GOGGIN**

Related date/time: **Oct-25-2013 (Fri.) 2226**

I, Officer Goggin, am currently assigned to the Sacramento Regional Post Release Community Supervision Team. Our primary duties include, but not limited to, identifying, monitoring, and closely supervising AB 109 releases that have a high probability of relapsing into criminal behavior, intervention and referrals, participation in surveillance, searches and apprehension of persons with fresh criminal charges, probable cause wants, outstanding warrants and responding to regional crime series.

On Friday, 10-25-2013, at approximately 1513 hours, Officer Shippen and I were working our detail assignment in the area of Stockton Blvd and Mack Road. We were both wearing marked uniforms and driving a marked Sacramento Police Department vehicle. At the time listed above a call was received regarding an Roseville Police Officer who had been shot. Officer Shippen and I responded from Stockton Blvd and Mack Road to the Incident Command Post that had been identified at the location of 1600 Vernon Street in Roseville. Information was received via MDT that the suspect was identified as Samuel Duran, a wanted parolee at large, armed with a handgun. When we arrived on scene at the Incident Command Post Sergeant Start directed Officer Shippen and I to a perimeter location along Dudley Drive and Mayfield Drive. Our patrol vehicle was placed at the intersection of Dudley Drive and Mayfield Drive. I maintained my perimeter location at Dudley Drive and Mayfield Drive.

After several minutes Detective Halsted and I moved south to the front of [REDACTED] Mayfield Drive. I held my perimeter location in front of [REDACTED] Mayfield Drive. I heard a large volley of weapon fire northeast of my location. Immediately following the gunfire information was broadcast that the suspect had an automatic rifle and had engaged officers from a residence on 6th Street and Hampton Drive. Several minutes later additional gunfire could be heard from the same location.

I was instructed to move back from the front of [REDACTED] Mayfield Drive to my original perimeter location at Dudley Drive and Mayfield Drive. I never observed the suspect, I never fired my weapon or observed any other officers fire their weapons. I remained at that location until directed to return to the Incident Command Post. I was instructed to stay with Sacramento Police Officers. After a short time I was instructed to return to Sacramento.

Related date/time: **Oct-30-2013 (Wed.)**

On 10/25/2013, at approximately 1513 hours, I, Det. T. Shrum was enroute to the Sacramento County DA for follow up and was monitoring Sacramento Police radio traffic. Dispatch broadcast that Roseville Police were advising of shots fired and an officer down in Roseville and Roseville was asking for Sacramento Police Units. I am familiar with Roseville and I began heading that way. The suspect description was given out. Lt. Buckley advised to send units to Roseville and I began responding Code 3 from westbound 80 at Truxel Road. I advised dispatch and then began monitoring Roseville's radio channel.

I arrived on scene just prior to 1700 hours and was directed to a staging area on the east side of Vernon Street west of Dudley Drive. I put on tactical gear including my bullet proof vest, a tactical helmet, and a raid vest that clearly identified me as a police officer and then met with Sgt. Pease who was directing arriving Sacramento Police officers. Sgt. Pease sent me with a group of officers that were going to take positions on Mayfair Drive.

I began walking eastbound Dudley Drive to Mayfair Drive and Mayfair was already being covered by several officers who directed us south to areas that needed coverage. I continued southbound Mayfair where it turned into Windsor Drive at the south end of the neighborhood. I took a position on the south side of Windsor at the 600 block. I was advised that I was near the location where the original shots had been fired and near the suspect's family's home.

After some time, I heard over the radio that there was a door kicked in at [REDACTED] Hampton and heard tactical units were clearing surrounding yards in preparation to clear the address. I heard a volley of several gunshots and then a report that an operator (generally a SWAT officer) had been shot in the face by the suspect through the window of the house as they were approaching.

After a short period of time, I heard that another operator had been injured and was being taken out. A tighter perimeter was formed around the suspect location at [REDACTED] Hampton. I heard additional bursts of gunfire. I heard operators being told that there was a "green light" to shoot the suspect.

I heard over the radio that another officer had been injured and was going to be transported out.

After a period of time, nearby Sacramento Police officers went to the address of the suspect's family where a family member was having a medical emergency. An ambulance was requested and the family member was transported out of the perimeter. I was advised by nearby Sacramento Police officers that our officers had shot at the suspect. I would be a part of the Officer Involved Shooting investigation and I contacted Det. Sgt. Chan with the information.

I heard over the radio that negotiators were attempting to talk to the suspect over the phone and then heard that the green light was only authorized if the suspect appeared and was armed. Over the radio, I heard the tactical units being advised to give the suspect every opportunity to surrender peacefully.

I was in contact with Sgt. Chan regarding the incident and at approximately 1930 hours, he directed me to go home if possible and to be prepared to assist with this officer involved shooting. The scene of the original shooting and the family home was being covered by additional officers. I advised the officers near me that I was going and I left.

Sgt. Chan advised me shortly after I returned home that we were not requested to assist with the shooting(s).

On 10-25-2013, at approximately 1515 hours I responded to an officer involved shooting in Roseville. I received information via SPD dispatch that an officer had been shot and the Roseville Police Department needed units to set up a perimeter. SPD dispatch advised the suspect was a parolee at large and that he was armed with a handgun. Responding units were initially directed to the BMX track, located at 648 Riverside Blvd. At approximately 1520 hours I arrived at 648 Riverside Blvd and took up a perimeter position.

At approximately 1530 hours numerous units located at 648 Riverside were directed to the command post (CP), located at 1600 Vernon Street. At approximately 1534 hours I arrived at 1600 Vernon Street and contacted Sgt. Pease and LT. Buckley. After I arrived numerous SPD officers and I walked from the CP to the intersection of Dudley & Mayfair and took perimeter position between Mayfair and 6th Street. Officer Goggin and I took at position at [REDACTED] Mayfair Drive. While on scene at [REDACTED] Mayfair I heard numerous gunshots being fired at different periods of time. After the first exchange of gunfire there were radio transmissions indicating that several officers had been shot.

After several hours (unknown time) Sgt. Pease requested I assist K-9 officers, which were located in the backyard of [REDACTED] Mayfair. I entered the backyard of [REDACTED] Mayfair and contacted SPD Officers: A. Thompson, S. Thomson and Hosmer. At approximately 1830 hours I turned over my position to three Roseville Police Officers. I responded back to the CP and contacted LT. Buckley and Sgt. Pease. LT. Buckley advised I could go end of watch.

At no point during the incident did I discharge my firearm nor did I see anyone discharge their firearm.

Upon arrival our team was directed to take inner perimeter positions near the intersection of Dudley Dr. and Mayfair Dr. I deployed my patrol rifle on the inner perimeter directed towards the area between Mayfair Dr. and Hampton Dr. While on scene, several tactical teams responded and assisted with the inner perimeter. I directed responding patrol officers to position themselves in groups of two S/B on Mayfair Dr. from Dudley Dr. in every driveway on the west side of the street, and directed patrol rifle operators on the inner perimeter in front of [REDACTED] Mayfair Dr. and [REDACTED] Mayfair Dr.

While on the inner perimeter I heard a large volley of multiple gunshots from the north-east of where I was positioned. At the time I was positioned in front of [REDACTED] Mayfair Dr. Shortly after this volley of gunshots I heard radio traffic advising a swat operator had been wounded and officers requesting medics. After a brief period of time, I heard another volley of multiple gunshots and officers advising via radio that the suspect was inside a residence, later determined to be [REDACTED] Hampton Dr.

I assisted on the inner perimeter with patrol rifle duties and provided a radio relay to an El Dorado County Sheriff K9 Deputy on scene who had no radio communications on the Roseville PD radio channel. I was eventually directed to return to the command post at 1600 Vernon where I assisted K9 Ofc. Dahl in his post shooting photographs and interview (public safety statement) with a Roseville PD detective and Placer Co. DA investigator. I remained on scene until advised to clear by Sgt. Start.

On 10-25-13 at approx. 1512 hrs, I, Sgt. Oliveira (K9SM9), was off-duty when contacted by K9 Officer Van Dusen who advised he was en-route to Roseville along with additional SPD units to assist with an officer down shooting in the area of Riverside and Vernon. He informed me the suspect was still outstanding and there was a large perimeter being set. I advised him to keep me advised if additional K9 resources were need from SPD. Shortly after, I was in contact with Roseville PD K9 Officer Matt Leatherman who advised they needed additional K9 resources. I contacted Watch Commander Lt. Buckley who was en-route to the incident and she approved calling out additional K9's to respond. I contacted our SWAT K9 Officers Dahl, A. Thompson, Harshbarger and Azevedo to respond. Officer S. Thomson also advised he would start his shift early and respond to assist. I also responded to assist with my police service dog, K9 Sig.

At approx. 1555 hrs, I arrived at the Command Post (1600 Vernon St) and was briefed by Lt. Buckley. I received the suspect info and a photo from Lt. Buckley and distributed it to the K9 Officers via cell phone. Officer Van Dusen was already on scene assisting on the perimeter. I coordinated and assigned K9 Officers Dahl, A. Thompson, Harshbarger, Azevedo and S. Thomson to take perimeter positions along Mayfair Dr, Hampton Dr and 6th St alongside SPD officers until further direction. I took a perimeter position at Hampton Dr/Mayfair Dr with SPD Sgt. Murrietta.

Shortly after taking a perimeter position, Falcon-30 (Placer Co. Sheriff Air Unit) spotted the suspect jumping fences within the perimeter and lost visual of him in a backyard. I held my perimeter position. At approx. 1615

On 10-25-13 at approx 1522 hrs, I, Officer Streich #247, was dispatched to 1600 Vernon Street (Roseville) regarding shots fired and an officer down. I responded Code 3 from I-5 / J Street to 1600 Vernon Street with no incidents. I arrived onscene at approx 1539 hrs.

I responded to the command post, where I was given the assignment of taking a perimeter spot in the area of Sixth / Mayfair by Sgt Forbeck. I responded in my patrol vehicle to that location and held a perimeter spot across the street in front of [REDACTED] Mayfair.

During that time, I took cover behind a large tree. While I was onscene, I heard multiple gunshots at different times within the 4 hrs I was onscene. I did not observe any one shooting and did not have visual on the target location.

I released by Sgt Pease at approx 1900 hrs.

On 10/25/13 at approximately 1515 hours Officer Eaton # 286 and I (Officer Andy Hall # 204) responded from Oak Park Code 3 to Roseville regarding an officer involved shooting. We were wearing plain clothes with POLICE raid vests on. Our badges were clearly displayed on our duty belts. We were riding in a fully marked police vehicle (Officer Eaton was driving).

We are currently assigned to the South Sacramento Gang Enforcement Team (G.E.T.). Our primary duties are to gather intelligence information regarding gang members, investigate gang related crimes, and proactively patrol known gang locations.

Upon arrival we met with Lt. Buckley at the Command Post at 1600 Vernon St. Officer Eaton and I (along with the rest of the South Gang Enforcement Team) were briefed on the situation. We were advised that an ICE agent was shot by a suspect named Samuel Duran, DOB: 11/02/80. We were deployed to Windsor Dr. south of 6th St. and east of Hampton Dr. Officer Enkoji and I deployed our department issued M-16 rifles.

We held an inner perimeter position in front of [REDACTED] Windsor Dr. We were advised by Roseville PD officers that this residence and several in the

Shortly thereafter I heard a heavy volume of gunfire coming from northwest of our location. I heard several volleys of gunfire sporadically coming from that area. I did not see anyone firing any of these shots. We were advised via radio that at least 3 officers were injured. After it was confirmed that S-Duran was inside a residence and that residence was completely surrounded, we were relieved from our perimeter position and returned to the Command Post.

On 10-26-13, at about 1513 hours, Officer Perez and I (Officer Gannon) were assigned as 2C23. We were in the process of loading our police vehicle after roll call and heard over the radio that Roseville PD had shots fired and an Officer down. We responded code three to area of Riverside Blvd/Darling Way. I observed the following in summary:

While e/b I-80 our vehicle started to over heat and stalled near Madison Ave. We pulled to the side of the freeway and restarted the vehicle and continued. Our vehicle would not exceed over 45 MPH and stalled at least 7 more times while enroute. It took us well over 20 minutes to finally make it near the scene. While on Riverside Blvd near Cirby we also experienced a flat tire. About 300 yards from the BMX track Officer Streich pulled next to us and asked if we needed a ride.

Officer Perez and I gathered our rifles/helmet and continued to the scene in Ofc Streich's vehicle. We exited on foot near the BMX track and established cover behind several large oak trees. We were informed by a Roseville PD Officer that the suspect was just to our west.

We could not establish radio contact to communicate to 3sm2 (Sgt Pease).

Officer Perez called him via cell phone and informed him of our location and that we deployed rifles.

We remained in that location for several hours. On several occasions were heard multiple rounds being fired in a n/w direction from our location.

While on scene radio traffic was difficult to understand. Officer Streich eventually called my cell phone and informed me that Sgt Pease said we were clear to leave. She responded to us and gave us a ride back to our vehicle. We requested a tow for our vehicle and responded back to Kinney. We had no further involvement in the incident.

On 10/25/13 at approx 1512 hours I was on routine patrol as GNG53 when it was broadcast that a Roseville PD Officer was down and that Roseville PD was requesting assistance form all outside agencies in the area. It was then confirmed with my supervisor SGT Murreitta that the entire Gang Team would respond. The Command Post (CP) was announced as 1600 Vernon St and I responded code 3 from the area of Franklin Blvd and Florin Rd. Once on scene at the CP I reported directly to LT Buckley where she documented my basic information.

LT Buckley also advised me of the following upon my arrival;

Samuel Duran was a PAL wanted in connection with the shooting of an ICE Agent who was in stable condition. I was also provided a picture of Duran and a basic update of the suspects last known location and the fact that the area was a well known hang out for Duran and his family and friends.

At the time that I arrived to the CP I was dressed in a black tactical vest with the word "POLICE" across the front and back in approx 3-1/2 inch letters and along with my standard duty belt and handgun I was also equipped with a rifle and my tactical helmet. On my duty belt I carry 2

extra magazines and I also was carrying 2 extra rifle magazines in my cargo pockets of my pants.

LT Buckley assigned me to a team with SGT Nichols and SGT Murrietta and instructed us to report to the area of 6th St and Mayfair Dr because assistance was requested to that position. We utilized SGT Nichols SUV to respond to our assignment. Once we arrived at the location we were met by several Roseville PD Officers who had a laptop computer stationed on the trunk of a car. On this laptop they gave us an update on citizen sightings, known locations of the Duran family, and the suspected current location of Duran. Shortly after my arrival to 6th St and Mayfair Dr Placer County SWAT conducted a search of [REDACTED] Mayfair Dr. During this search I held a perimeter spot at the 1/2 corner just north/west of the residence. At this time we utilized squad cars for cover because the only armoured car on scene was being utilized by SWAT. During the search of [REDACTED] Mayfair Dr the fences were breached and it was broadcast that the suspect had run south bound. At this point LT Buckley requested that our team move to the south near Mayfair Dr and Hampton Dr to assist Sacramento PD Officers with the perimeter.

We moved as a team to the area of Hampton Dr and Mayfair Dr where we met SGT Oliveira. At this time our team split apart and I became the cover Officer for Ofc Azevedo and his K9 partner just north of Mayfair Dr on Hampton Dr. We were positioned along the bend of Hampton Dr directly east of [REDACTED] Hampton Dr. We utilized a SUV parked in the drive way as well as Ofc Azevedo's patrol car as cover. At this point we were basically the south/east corner of the inner perimeter of [REDACTED] Hampton Dr due to the fact that officers south of us could not see past the bend in the roadway. As the search continued onto Hampton Dr the information consisted of the following;

SWAT observed the suspect running south bound from [REDACTED] Mayfair Dr where both SWAT and the Air Unit lost visual of the suspect. As SWAT moved to [REDACTED] Hampton Dr to clear the back yard they broadcast that there was an open window along the north side of [REDACTED] Hampton Dr.

Within a short period of time, approx 10 min or less, I observed a hail of gun fire coming from the residence. It appeared that SWAT moved around to the east side of the house to escape the gun fire while firing back into the house at the suspect. It was then broadcast that a SWAT Operator was injured and a medical evacuation was needed. I then observed the armoured vehicle pull up to the front of [REDACTED] Hampton Dr and pick up the injured SWAT Operator.

Once the armored vehicle was gone within approx 10 min I observed the vehicle that was parked in front of the residence to the east being struck several times by another hail of gun fire coming from inside of the residence. I would estimate no less than 15 rounds struck the vehicle though the front windshield and out of the rear windshield. These rounds were travelling directly at a team of Officers positioned on the east side of Hampton Dr. It appeared that those Officers fired back into the house at the suspect.

Shortly after the second large round of gun fire it was broadcast that there were several hostages inside of the residence. An evacuation plan was broadcast as it was executed and all of the hostages were able to escape without injury. All of the hostages escaped from the north side of the residence. From my position I only observed the hostages make their way across 6th St in a north/east direction away from the house where they were met by Officers.

I remained in my position on the inner perimeter until SGT Nichols arrived on scene with the Sacramento PD armoured car and relieved me. I was in this position along with Ofc Azevedo, [REDACTED] and a Citrus Heights Officer for approx 2 hour. During that time after the initial gun fire an armored car moved into position along the north side of the residence and there were several occasions when the armored car fired into the residence from the north side of the house. I could clearly observe the Officer firing the rounds from the top of the armoured vehicle but I was unable to observe any of the suspects actions due to the location within the house and the limited visibility during night time hours and the minimal light source that illuminated the house.

Once I was relieved I reported back to the CP and directly to LT Buckley. After a short debrief the Sacramento PD Officers were dismissed as a group to go end of watch.

On 10/25/13, at approximately 1515hrs, I (Sgt. Murrietta#3115) received permission from LN23 (Lt. Buckley) for SGET to respond to Roseville for the officer down. I immediately advised my team and I began responding Code-3 from downtown. I immediately began monitoring RPD's radio traffic. While en route I had our dispatch change the location of the call to reflect the updated location of the Command Post (1600 Vernon St.). I also advised SGET units to respond to the CP, with their helmets, as a team, and that SPD would be communicating on SPD CH-1. RPD initially did not want us on their channel.

Upon arrival I checked in with Lt. Buckley and Sgt. Pease. SGET units were deployed as a team to an inner perimeter position. I sent a text to SGET units with the suspect's picture. Moments later additional officers were needed at another inner perimeter position. Ofc. Putman, Sgt. Nichols, and I were initially deployed to the area of 6th St./Mayfair. While onscene at this location the suspect was observed in the backyard of the residence located at the S/E corner. Outside agency units began moving in on the suspect (removing fence boards, attempting to go through the wooden fence, etc.). I could hear the air unit yell out several times "watch the cross fire!" I was approximately 200ft away and I did hear any shots fired.

However, RPD advised that shots had been fired.

There was a strong perimeter to the north and moments later Lt. Buckley advised that we were needed further south. We connected with Sgt. Oliviera at Mayfair/Hampton. During this time I kept hearing updates from the air unit above and ground units that the suspect likely moved to the east and possibly south. At some point we were advised that it was clear for us to turn our radios to RPD's channel. I heard ground units advise that the backdoor of 600 Hampton had been kicked. A short time later I heard over the radio that RPD SWAT was going to make contact at █████ Hampton. I then heard a large volley of gunfire that lasted 5-10 seconds, followed by ground units advising that a SWAT operator was down. I believe I heard a second volley of gunfire and a ground unit advise that the suspect was armed with a large caliber, fully-automatic rifle.

Both Sgt. Nichols and Ofc. Putman had rifles and deployed behind a large tree approximately 3-4 houses north on Hampton. Sgt. Oliviera and I were using his car as cover and remained at Mayfair/Hampton. As the hours went by I could hear several other volleys of gunfire and received updates of other officers being injured. I maintained communication with SGET units via cell phone and was able to supply them with two extra batteries and water.

As additional Roseville Officers arrived it became apparent that our position was redundant. I moved further south and contacted other SGET units and confirmed that their position was also redundant. RPD officers were there and I communicated with them that we would be pulling our officers out. I communicated this with Sgt. Oliviera who advised that he would communicate this to Lt. Buckley. We responded back to the CP and eventually checked out with Lt. Buckley and were clear to return to the city.

Nothing further to report.

This officer advise the officer who was shot had been hit in the face and was asking for emergency medical assistance.

Officers advised over the radio that suspect Duran was armed with an AR-15 assault rifle. Approx. a short time later, I heard another volley of gun fire coming from the area of [REDACTED] Hampton Dr. The gun fire lasted for approx. 5-7 seconds. At some point after both large volley's of gun fire, I heard officers advise over the radio that other officers were injured.

We were positioned approx. 200 yards from [REDACTED] Hampton Dr. I did not see anybody shooting. I only heard the gun fire. At approx. 2045 hours, Sgt. On 10-25-13 at appx 1610 hrs, I (Ofc Harshbarger) and my partner K9 Brig responded to a mutual aid request by Roseville PD. An officer had been shot by a parolee-at-large (Sammy Duran) and was not in custody. I was dressed in full SPD K9 uniform and driving a marked SPD K9 vehicle. The following was observed in summary:

While I was responding I heard on RPD main channel that Duran was spotted in a back yard and last seen running near 6th St/Hampton. On my arrival I took a position across the street from [REDACTED] Hampton. I had SPD SWAT officer Rosin as cover along with several other outside agencies.

Yard to yard searches were being conducted my numerous tactical teams. As one team cleared the south side (#2 side) of [REDACTED] Hampton, I heard them broadcast that a door had been forced open. Seconds later gunfire erupted and I saw the tactical team backing out and dragging a wounded officer. Rosin and I moved up to assist with the officer rescue. I provided cover on the front windows while others gave medical aid to the downed officer.

A armored vehicle responded up to transport the officer out of the scene. Once the officer was rescued we took cover behind a Placer Co SUV that was in front of [REDACTED] Hampton. Shortly after, the armored vehicle responded back

On 10/25/13, at approx 1530hrs, I, Ofc Redlich #739, responded code 3 to the command post in Roseville to assist with the officer involved shooting.

When I arrived on scene at the command post, I met with Sgt Forbeck and was given direction to respond to Mayfair Dr / 6th St. Once at that location Sgt Forbeck directed me to a perimeter location at the n/w corner of Dudley Dr / Mayfair Dr (approximately two houses north of the intersection). My assignment was to face west, the opposite direction officers were facing, to ensure the safety of those officers. At this time it was not clear if the suspect was within the inner perimeter.

At this perimeter location I was with Ofc Streich, Ofc Cunningham and Ofc Butler (all SACPD). There were additional SACPD officers in close proximity but I did not take note as to who they were.

Once it was determined that the suspect was within the perimeter, I moved further south on Mayfair Dr, between Dudley Dr and Hampton Dr. At this location I was with Ofc Wiseman. I was able to hear three or four sets of gunfire, for which it was confirmed gunfire by officers on the radio. Each set of gunfire I heard was approx 3-4 seconds. I did not make note of the

Officer Azevedo observations: (K9-8)

On Friday, 10/25/13, I officer Azevedo, was notified via text by my immediate supervisor, Sergeant Oliveira, (K9SM9), that an officer had been shot in the line of duty in the Roseville area and the suspect outstanding. Additional communication indicated that a mutual aid request had been received and available K9 officers were requested to respond.

Responding code three from my home I arrived at the command post on Vernon St where I contacted Sergeant Oliveira. Sergeant Oliveira instructed me to respond to a perimeter position near Mayfair Dr and wait for additional instructions. While enroute to the perimeter I was advised via radio that the suspect had been visually observed and was actively attempting to elude capture in a residential neighborhood. I responded to the area of Hampton Dr just north of Mayfair Dr where I took a perimeter position utilizing my patrol vehicle as cover and concealment.

After remaining in position for several minutes I suddenly heard the sound of multiple rounds being fired just north of my position on Hampton Dr. It was broadcast that the outstanding suspect had fired rounds from inside ██████████ Hampton Dr striking and wounding two officers. I then moved northbound in

my patrol vehicle and took a new position of cover and concealment in in front of [REDACTED] Hampton Dr.

While remaining in position I heard several officers just north of my location in front of [REDACTED] Hampton Dr yell that they could see the suspect as they fired multiple rounds toward [REDACTED] Hampton Dr. The officers were also behind cover and concealment and were out of my view. I could hear the rounds being fired and could see affect of them striking the home and vehicles in front but could not see the officers firing. From my position I could not see the suspect and did not fire any rounds.

During the passage of multiple hours the suspect was observed on multiple occasions as officers again fired rounds toward the house. I was unable to observe the responsible officers or the rounds fired from my position.

As additional tactical operators arrived I was eventually relieved and instructed to respond back to the command post. There I contacted Lieutenant Buckley and was released from the scene.

On 10-26-13 I, Ofc.Williams #687, responded to 1600 Vernon St Roseville CA regarding reports of shots fired and an officer down. I responded to the scene and observed the following in summary:

I responded Code3 from the Kinney Police Facility to 1600 Vernon St Roseville CA without incident. There I was advised by Sgt.Pease #3051 to become a member a member of a SPD perimeter unit. I along with approx 15-20 other SPD officers were instructed to move on foot along Dudley Dr EB to the intersection of Dudley Dr/Mayfair Dr to occupy the western perimeter of the scene. There I occupied the intersection of Dudley Dr/Mayfair Dr behind a SPD patrol vehicle.

Some time later Roseville SWAT advised that they had seen the suspect near the NE corner of 6th Ave/Hampton Dr. Several groups of officers along with Roseville PD K9 took positions along the fronts of the residences along the western curb of Mayfair Dr. I accompanied SPD K910, Thompson #471, to the backyard of [REDACTED] Mayfair Dr. I eventually contacted the occupants of the residence and was granted entry. I was able to observe the entire backyard and over their neighbor's fences from my position.

During the subsequent search from house to house for the suspect the residents of [REDACTED] Mayfair Dr advised that a house of interest, [REDACTED] Mayfair Dr, belonged to their relative. They provided me with detailed information which I relayed on Roseville PD radio.

I maintained that position for some time. I was in and around that residence when the shots were fired at [REDACTED] Hampton Dr and after. At approx 1820hrs I was advised by Sgt. Pease to return to the staging area, 1600 Vernon St, for a new assignment. I walked back to the staging area. There I contacted LN23, Buckley #4068, who advised me to clear the scene and return to the city and go end of watch.

On 10-25-2013 at approx. hours, Ofc Turner and I Ofc Price 0793 (RT39) were dispatched to the command post at 6th St/ Vernon St. in Roseville to assist with the shooting.

Upon our arrival, Ofc Turner and I both put on our riot helmets and he got his rifle. We contacted Sgt. Pease at the command post and he instructed us to join up with several other Sac PD officers. We were instructed to form 2 teams. Sgt. Pease assigned me as team leader for my 7 man team. Along with the other 7 man team were instructed to take perimeter positions along Mayfair Dr. and Windsor Dr. Our 2 teams deployed from the command post in 2 columns east on Dudley. My team walked down the North curblin and the other team walked along the South curblin.

When we got to the intersection of Dudley/Mayfair our teams split I assigned my team to go North on Mayfair and team up spaced out within eyesight of each other. Approximately 70 feet from the intersection to the north there was police officers from other agencies taking a position of cover behind a patrol vehicle. My team took a position of cover/concealment behind an ivy covered fence and some trees in the yard on the North/West corner spread out facing both East and West.

I spoke to a Roseville PD K-9 officer who was at the intersection and he advised that the last reported location of the suspect was South/East of our location.

We held our position until we heard the broadcast that the suspect was hiding under a patio table. The address was 2 houses North/East of our location. I saw a group of approx. 8 officers from another agency approached the rear fence and made an announcement and immediately the air unit advised that suspect was running and jumping fences from that location in a South/ East direction. 4 Sac PD officers crossed the street and took the 1-4 corner of [REDACTED] Mayfair and 3 Sac PD officers went to the 1-2 corner. We had one rifle at each location. I was on the 1-4 corner of the house and was looking over the fence down the 2 side and had visual to the rear fence. Ofc Shippen was standing to my right with his rifle and had visual toward the middle of the yard and the 3-4 corner. We were communicating back and forth with any sounds and visuals that were occurring.

We did not see the suspect cross our line of sight. I heard a radio transmission that stated that the suspect possibly entered the residence one house East and two houses North of our location. We held our position. I heard a radio broadcast stating that officers where moving toward that area. All of a sudden I heard multiple rounds fired coming from the area the suspect was possibly hiding . I do not recall how many rounds were fired but it was more than 20 rounds. After the shots were fired we heard that officers had been shot. I never heard that the suspect was down. I told the officers at the 1-2 corner and the officers I was with to hold their positions.

We held our position and nothing else was seen. I heard another burst of gunfire coming from the same area.

We stayed at our positions until we were told to back out by the command post at approx. 1745 hours. I met with Sgt. Pease at our location and he released Officer Turner and I to go back to our normal duty.

On 10-25-13 at approx 1522 hrs, I (Ofc Swift #668) was dispatched to [REDACTED] Windsor Rd regarding a Roseville PD officer down call. I responded C3 from 300 Richards Blvd to the CP (command post) located at the corner of Vernon St and Dudley Dr in Roseville. I arrived on scene at approx 1542 hrs.

Upon arrival, I was directed by Sgt Pease (3SM2) to join a team walking eastbound on Dudley Dr and assist in locking down an outer perimeter on Mayfair Dr.

Upon arrival, I took up a perimeter spot in the driveway of [REDACTED] Windsor Dr.

While on perimeter, I monitored RPD's radio traffic.

At approx 1615 hrs, I heard a volley of gunfire to the north in the direction of Hampton and 6th St which was the area of the suspects last sighting.

I heard on the radio units calling for evac of a SWAT officer and saying he had taken a round to the face. An update was given that the suspect was armed with a high powered fully automatic AR15 style assault rifle.

Per the rules of engagement given by a Roseville LN unit, officers had a green light to engage the suspect if sighted and was armed.

Units advised a female and two children were evacuated from the rear window of the target residence. She advised the suspect had turned on the gas in the house and units advised they could smell odor of natural gas coming from the residence.

I heard another long volley of gunfire from the same area. Per units, they had traded fire with the suspect inside the target residence.

Later, I heard another volley of approximately 5 gunshots. A unit came up on the air and advised he had sighted the suspect at one of the windows and had fired.

HNT units were able to make contact with the suspect via phone. Per the LN unit, the green light was rescinded unless they saw the suspect was still armed.

A short time later I heard two more gunshots. A unit from one of the tactical vehicles advised he had observed the suspect at a window or door and he was still armed. He had taken two shots and was unsure if had hit the suspect.

Radio traffic stated the suspect had ceased communication with HNT.

I heard no other shots fired.

Units later advised a light in the bathroom had momentarily turned on then turned off again.

I had moved to [REDACTED] Windsor Dr (next driveway east) and stood perimeter with Ofc Yepes and Ofc Marquez.

At approx 1955 hrs, Roseville PD officers arrived on scene at our perimeter position and relieved us.

We returned to the CP where we were debriefed.

On 10-25-13 at aprox 1516 hours I, Ofc Welsh and Ofc Wanger #231 (2C11) responded code-3 from Kinney to the Command Post. We arrived on scene at aprox 1535 hours and observed the following in summary:

We made contact with 3SM2, Sgt Pease who detailed us to deploy our rifles onto Mayfair and Dudley.

We remained in place during the incident.

We heard gunfire north east of our deployment locating on two separate occasions.

Sgt Pease advised us to return to the command post at aprox 1825 hours.

We were debriefed by LN23, LT Buckley before exiting the Command Post.

On Friday, 10-25-2013, at approx. 1514 hours, I (Ofc. Wiseman, #346) was dispatched to 1600 Vernon Street in Roseville, Ca. regarding a mutual aid request from Roseville PD following an officer-involved shooting. The text of the call stated that shots were fired and an officer was down. The suspect was named to be a Sammy Duran, a parolee-at-large who was armed with a handgun. I arrived on scene at approx. 1525 hours. I was driving a fully marked SPD patrol vehicle and I was in full SPD uniform.

Upon arrival, I responded to the area of 1600 Vernon Street where Roseville PD had established a command post. I took direction from other Officers on scene who advised that we would be walking on foot to assist in maintaining a perimeter. I deployed my rifle and responded on foot to the area of Mayfair Street and Dudley Drive. Once at that location, I maintained a perimeter spot with other officers on scene.

As I maintained a perimeter position, I heard multiple gun shots coming from the north side of the perimeter. At that time, officers on the radio advised that the suspect had barricaded himself inside of a residence at [REDACTED] Hampton Drive. They also advised via radio that an officer had been shot in the face. At the direction of supervisors on scene, I continued to

maintain my perimeter position. There were three different exchanges of gunfire between what I believed to be the barricaded suspect and officers on scene. Each exchange resulted in numerous rounds being fired.

I maintained my position throughout the incident, providing scene security until I was relieved by Sgt. Pease (3SM2) at approx. 1800 hours.

On 10/25/13 at approximately 1512 hours, Ofc Magner #492 and I (Ofc Paiz #270, 2C14) responded code-3 (red lights and sirens) along with multiple other officers to 1600 Vernon St (Roseville) regarding shots fired with Roseville Police Officers and an officer was down. We arrived on scene at approximately 1527 hours.

Upon arrival, we were tasked along with other officers to set up along the 600 block Mayfair Dr as inner perimeter units.

While standing by, the suspect was see in the backyards of the 600 block of Mayfair Dr and 600 block of Hampton Dr and running through backyards eastbound. We assisted K9 units and stood by [REDACTED] Mayfair Dr and [REDACTED] Mayfair Dr holding perimeter positions while S.W.A.T officers were searching yards for the suspect.

While standing by on our perimeter, we heard a volley of gunshots exchanged by officers and the suspect. Shortly after the first volley of gunfire, we heard a second volley of gunfire exchanged between the suspect and S.W.A.T.. While we maintained our perimeter, we could hear a couple more much smaller volleys of gunfire which S.W.A.T. advised was them.

On 10-25-2013 at approx. 1524 hours, Ofc. Turner 544 and I Ofc Price (RT39) responded to 1600 Vernon St. (per Lt. Greenlee) to assist with the mutual aid shooting. We responded C-3 from 29th St. /N St.

Upon our arrival, we contacted Sgt. Pease who was on scene at the command post. Sgt. Pease advised us to put our helmets on and for Ofc. Turner to get his rifle and meet with the group of SPD officers that were on scene.

We joined the group and Sgt. Pease put us in two teams and assigned me team leader for one of the teams. We were given the instructions to walk east on Dudley and take perimeter positions on Mayfair and Windsor St. We formed up in two columns and my team walked down the north curbline of Dudley and the other team formed a column formation and walked east on Dudley on the south curbline. Each team had a mix of officers with rifles and without. We all continued east on Dudley and at the intersection of Dudley/ Mayfair I contacted a Roseville K-9 officer who advised us that the suspect was last reported just south/east of that intersection. I advised my team that we would take Mayfair perimeter positions and the other team went south on Windsor. There was already outside agency officers mid block Mayfair to 6th. I advised my team to team up and spread out within eye

sight of each other along the yard on the north/west corner of Mayfair/Dudley. All of are units took a position of cover/ concealment behind trees and a fence that was heavily covered with ivy. We held this position.

It was broadcast that the suspect was hiding under a patio table at the house on the south/east corner of Mayfair/ 6th. This location was two house north and just across the street from our location. Several Roseville PD officer approached that residence and I heard commands to the suspect to show his hands. Almost immediately the air unit advised that the suspect was running south/east of that location jumping fences. Myself and three other SPD officers took the 1-4 corner and three other SPD units took the 1-2 corner of [REDACTED] Mayfair which was located directly east of our original location. We had a rifle team member at each corner. The rest of our team stayed at our original location. I was looking over the fence down the 4 side of the residence and Ofc. Shippen was next to me on my right with his rifle looking down the 4 side to the 3-4 corner to the center of the rear yard. The fence line on the 4 side was covered with heavy vegetation and trees between [REDACTED] and [REDACTED] Mayfair. Ofc Shippen could not see down the fence line to the rear fence so I stayed at this location from my vantage point I could see to the rear fence line. Ofc. Shippen and I were communicating any sounds and/or movement that we observed.

We held this location for some time and I heard the air unit advise that there was a residence 1 house east and 2 houses north of our location. It was broadcast that other units would be checking on that residence. A short time later I heard several rounds fired, all sounding like rifle rounds. The shots were coming from north east of our location. I do not recall how many rounds were fired, but it was a lot. When the shooting stopped it was broadcast another officer was shot. I did not hear anything about the suspect being down. Our officers wanted to leave there spots. I told everyone to hold their spots. We held our location and it was confirmed the suspect was not down and that he was baracaded in the house.

Some time past and I heard some more gunfire approx. 10-15 rounds very rapidly. I heard that the suspect had tried to exit the house and exchanged more gunfire with officers before retreating back into the house.

While we were at that location we were advised that the suspect had a rifle possibly automatic.

We stayed at our location until advised by incident command to back out.

Sgt. Pease released Ofc. Turner and I and we drove back to the city and

On 10/25/13, at approximately 1512 hours, I heard on our K9 office radio scanner reports of an "officer down" call in the Roseville area with the suspect still at large. I requested dispatch to ask if Roseville PD needed K9 resources to assist with the call. Sgt Pease advised me to respond to the area and determine how Sacramento PD could assist. I responded to the scene with lights and sirens. On the above date and time I was in full police uniform and driving a marked patrol car working as K9-2 with my police service dog, Bosko.

While enroute to the call I obtained approval from Lt Buckley to coordinate with Sgt Oliveira for additional SWAT trained K9s to be called in to assist. I advised Sgt Oliveira of the call and he organized the response of several additional Sac PD K9s.

While driving to the call I heard additional updates on the radio that the suspect had been observed by citizens running w/b through the neighborhood within the established police perimeter. The suspect was described as a male hispanic adult, 5-6/130 bro/bro wearing a beanie and grey shirt. He was known to be Sammy Duran(11/2/80) and was wanted for an outstanding felony parole violation.

Upon arrival on scene I asked Roseville dispatch where K9 resources could be best utilized. I was then requested by Roseville PD Lt Doanne to respond to the area of [REDACTED] Windsor Dr. I made contact with Lt Doanne and an additional Roseville PD officer standing at an open gate to the back yard of the residence. Lt Doanne advised me that the suspect was most likely armed with a handgun and had been involved in two exchanges of gunfire with officers. He further advised that one officer had been shot but that all injured officers had already been removed from the scene.

Lt Doanne advised me that the resident of [REDACTED] Windsor Dr reported the suspect had ran through the gate into the backyard after the second exchange of gunfire and had most likely continued w/b over the fence. Lt Doanne requested the back yard be cleared so he could post officers there to reduce the chance of the suspect doubling back. I outfitted myself with my ballistic helmet, SKIDDS/SWAT tactical ballistic vest as well as placed K9 Bosko in his ballistic vest. Sac PD SWAT Officer Doug Rosin(#828) responded to assist and teamed with me as a cover officer. With the assistance of Roseville PD we cleared the rear yard of [REDACTED] Windsor Dr. No K9 warnings were made due to the chance it would jeopardize the safety of officers.

At approximately that time additional reports were being broadcast over the radio that the suspect was possibly hiding under a table in the rear yard of [REDACTED] Mayfair Dr. Officer Rosin and I responded to the north side of [REDACTED] Mayfair Drive where we observed several Roseville PD SWAT operators beginning to group. [REDACTED] Mayfair Dr is a corner lot. The front of the residence faces west. Officer Rosin and I took a position behind cover on the north sidewalk of 6th St which allowed us a clear view of the north side fences of [REDACTED] Mayfair Dr and [REDACTED] Hampton Dr.

At approximately 1610 hours Roseville SWAT entered the rear yard of [REDACTED] Mayfair Dr. I observed the suspect flee e/b over the fence into the rear yard of [REDACTED] Hampton Dr. I could see him through the spaces between the fence boards as he fled to the #2 side(south) of [REDACTED] Hampton Dr and out of my view. I requested that the Roseville SWAT armored vehicle be driven through the north fence of [REDACTED] Hampton Dr in order to get high cover from the turret into that yard and decrease the opportunity for the suspect to flee back west over the fence. High cover in the top of the armored vehicle would also allow a position of advantage into the yard to the south([REDACTED] Hampton Dr) if the suspect attempted to flee again.

Once the armored vehicle was in the rear yard of [REDACTED] Hampton Dr providing perimeter support, Officer Rosin and I moved our perimeter position behind cover to the s/w corner of 6th St/Hampton Dr. This position allowed us a

clear view of the #1 side of [REDACTED] Hampton Dr. I observed several Roseville SWAT Officers running from 6th Street to the side gates of [REDACTED] and [REDACTED] Hampton Dr. As they started to enter the gates, Officer Rosin and I suggested to them to hold and wait for additional resources before entering the yards to search. The officers held at the gates. Officer Harshbarger arrived to my location with his K9 partner, Brig. Officer Dahl arrived at a south perimeter position with 2 Roseville SWAT officers in the front yard of [REDACTED] Hampton Dr.

Officers stood by while Roseville Officers were checking the residence of [REDACTED] Mayfair Dr. While officers were checking that location I observed a Placer County K9 handler(Shawn Rosner) searching the back yard of [REDACTED] Hampton Dr with his police K9 partner. Officers requested him to exit the yard and stand by for additional cover officers out front.

A short timelater, I observed a large group of Roseville and outside agency officers enter the rear yard of [REDACTED] Hampton Dr on the #2 side(south). The officers advised via radio that they observed a "kicked" side door and were going to check it. Almost immediately I heard a large amount of gun fire coming from the south side of the residence. I observed officers retreating to the front yard and they were dragging a Roseville SWAT operator with them. I immediately ran to front yard of the residence with K9 Bosko, Officer Rosin and Officer Harshbarger. I observed that the officers who pulled the injured SWAT operator to the front yard had stopped pulling him once they reached the grass area. Officer Rosin ran to the SWAT operator and with assistance from an unknown officer, began pulling him to cover behind a large tree in the front yard. K9 Bosko and I took a position between them and the two windows on the east(#1) side of [REDACTED] Hampton to provide cover and K9 deployment to distract the suspect if he engaged officers while we trying to extract the injured operator. Officer Harshbarger was to my south with K9 Brig also providing protection and cover for the downed officer in case the suspect emerged from the south side of the residence.

As soon as Officer Rosin was able to get the injured officer behind the tree he yelled to me he was clear and I moved back to cover with them. I observed the injured officer's face and neck area were covered with blood. Officer Rosin removed the officers vest and retrieved his medical kit from his own SWAT vest and began medical aid, with assistance of several other officers. I maintained cover on the two windows on the east side of the residence and requested on the radio for the armored car to move from the rear of the residence to the front and evacuate the injured officer. Upon arrival of the armored car, several officers loaded the injured officer inside while myself and additional officers maintained cover on [REDACTED] Hampton

Dr.

Once the injured officer was removed from the scene I moved back across the street to cover with additional officers and then to the #4(north) side of the residence to assist officers there with K9 perimeter resources. Officers Harshbarger and Dahl remained on the #1(east) side to provide K9 resources there. I moved my patrol vehicle to the #4 side to provide cover to myself and unknown Rocklin and Placer County Officers at that location. From my position I had a view of the #4 side of the residence which had a sliding glass door and two bedroom size windows on it.

While on scene, dispatch advised that the occupants of [REDACTED] Hampton Dr were calling in saying they were inside the house and the suspect was inside with them and armed with a gun. Dispatch described the occupants as a female and a small child. A short time later I heard yelling and observed a female at the middle window on the #4 side of the residence. She was yelling to officers that were positioned near the large hole in the fence that had been created by the armored vehicle earlier. I observed no screen on the window at this point and saw the female starting to crawl out carrying a child. Myself and a Rocklin PD officer ran to the north yard of the residence and positioned ourselves behind a tree in the yard to provide cover if the suspect attempted to stop the female from leaving. Almost immediately after the female left the window and ran to officers at the east corner of her yard, I observed a male figure at the window. I immediately recognized that the male was not Sammy Duran. I yelled at the male to jump out the window and come to me. I heard him yelling that he couldn't. I did not see any other people in the room through the window. I yelled again at him to climb out the window. The male subject followed my orders and climbed out the window. He fell to the ground and then got up and ran east to officers at the broken fence area. I then observed a small tan and white Corgi dog at the window. I called to the dog and whistled for it to come to me and it jumped out the window and after running around the yard for a few minutes ran down 6th Street out of my view. Myself and the Rocklin officer backed up to our original location on the north side of 6th St to watch the #4 side of the residence. At some point around this time I heard the Roseville incident commander advise officers on the perimeter that if Duran was observed lethal force was authorized.

A short time after the residents of the house escaped, I heard a barrage of gunfire from the #1 side of the residence. Officers advised the suspect had exposed himself on the #2 side of the residence and then retreated back inside. I requested armored vehicles respond to the north side of the residence to provide better cover than our patrol cars. A while later a large tan armored vehicle belonging to Citrus Heights PD arrived and was

positioned in the street to allow high cover to look into the #4 side sliding glass door and windows of the residence. A short time after the vehicle arrived, I heard several gun shots coming from the high cover officer. We were advised that he observed Duran through one of the windows and that he entered a small door that looked like possibly a closet door.

A short while later, we were advised via radio that negotiators were having surrender conversations with Duran and that officers were only to use lethal force on him if he was observed with a weapon. A while after hearing the rules of engagement change on the radio I heard additional gun shots from the top of the Citrus Heights armored vehicle. I was informed by officers that Duran had been observed through the windows still armed with a gun.

I held my position on the north side of 6th Street just west of Hampton until Placer County and Rocklin officers were pulled from the area. I then teamed up with a group of US Marshals behind several vehicles along the north side of 6th St at Hampton. This position provided me with a view of the #1 and # 4 side of the residence. I held this position the rest of my time on the perimeter while negotiations continued. At no point did I fire my weapon during the situation. At approximately 2100 hours I was requested by K9SM9 to report to the command post with all the remaining SPD K9s on the call. I responded to the command post and was released to go end of watch slightly after 2100 hours.

Observations:

On 10-25-13 at approx. 1515 hrs I, Ofc Zeek, responded to the area of Riverside Blvd and Vernon St in the City of Roseville, in the County of Placer, to assist on an officer involved shooting that had just occurred.

Sgt Pease had initially request SPD units meet at the Kinney Station so we could drive en masse to Roseville, but Roseville PD was actively asking for units to assist with a large perimeter so Lt Buckley diverted all units straight to Roseville. I had just pulled into the gate at Kinney when Lt Buckley changed the plans so I turned around and headed for Roseville.

While en route a SPD unit advised the command post was the BMX track on Riverside, which I know is north of I-80 from the Auburn Blvd / Riverside exit. I arrived on scene at approx. 1528 hrs and saw a large number of outside agency patrol cars in the parking lot and on the street in front of the BMX track.

I contacted an officer near a police SUV and he told me this was the scene of the the first shooting, where the ICE agent was shot, not the

command post and that the command post was on Vernon St. I broadcast this information our SPD CH 1.

As I walked back to my car Lt Buckley and Sgt Pease were just arriving along with other SPD units. I advised them where the command post was and they left.

After advising a few more SPD and other agency units as they arrived I was walking back to my car when an unknown CHP officer from the parking lot of the BMX track advised me they had a loose perimeter extending west from the parking lot into the wooded area behind the BMX track and that this was the area of the last sighting of the suspect who had shot the ICE agent. He asked if I could take a spot to help fill a hole in the perimeter.

I grabbed my shotgun and deployed myself among the trees where the CHP officer had directed me. There were other officers approx. 200 feet away on either side of me. I was facing north toward backyards of homes that were on Windsor Dr and Mayfair Dr.

I maintained this position from approx. 1535 hrs to 2115 hrs when I was relieved by a Roseville PD officer.

While in my position I monitored the Roseville PD radio channel that the operation was being broadcast on. I heard several volleys of what sounded like full auto gunfire, though from my position I could not see the house the suspect was in or any of the activity at the actual scene.

After being relieved I checked in with Lt Buckley at the command post on Vernon St and she released me to go end of watch because I was day shift.

On 10-25-13, at approximately 1514 Hours, Officer C. JOHNSTON (#211) and I were assigned 2C21 and responded to the area of 648 Riverside in Roseville per the request of Roseville Police and upon the orders of Sgt. PEASE. We arrived at the above location, along with several other officers, at approximately 1528 Hours.

Upon arrival, we were re-directed to the area of 1600 Vernon Street in Roseville. Upon our arrival there, we were instructed to proceed to the area of Windsor Drive/ Hampton Drive to establish a perimeter position. Officer JOHNSTON and I took a rooftop position at the location (Upon the authorization of the home owner). We remained at the position until we were re-directed to the front yard of [REDACTED] Hampton Drive. We remained at that position with several other officers, until we were instructed by Sgt. NICHOLS to return to the C.P. at 1600 Vernon Street. We were instructed by Sgt. NICHOLS to provide information to Lt. BUCKLEY with regard to the amount of personnel in front of the [REDACTED] Hampton Street address. Upon delivery of the message, we were released from the scene by Lt. BUCKLEY.

On 10-25-13, at approximately 1524 hours, Ofc Price (0793) and I, as RT39, responded to the area of 1600 Vernon, in the city of Roseville, to assist on a call where an officer was struck by gunfire. We arrived at approximately 1540 hours at the staging area.

Once on scene, we reported to 3SM2 Sgt Pease (3051) and were assigned to teams.

Once deployed, we went to the area of Mayfair Dr and Dudley Dr, where we held perimeter positions while SWAT teams moved in.

While on scene, we were able to hear the sounds of gunfire from the area north of us, but did not see anyone firing.

We were cleared from the scene by Sgt Pease at approximately 1800 hours.

On Friday (10/25/2013), at approx. 1522 hours, I (Ofc. Lopez #571) was dispatched to 1600 Vernon St in Roseville, CA. Dispatch was advising that shots were being fired and an officer was down. I responded code 3 from Arden Way / Royal Oaks Dr. I was in full SPD uniform driving a marked SPD patrol vehicle.

Upon my arrival, I met up with other Sac PD officers on scene. We were directed to Mayfair Dr and Dudley Dr. We were on a perimeter spot north of the intersection.

While on the perimeter spot I heard approx. 10 rapid fire gunshots coming from a northeast direction. Other officers on scene advised that they observed the suspect shooting from [REDACTED] Hampton Dr, they also advised that the suspect had just shot another officer. [REDACTED] Hampton Dr was one street east of my location.

I maintained my perimeter spot and heard officers exchange gunfire with the suspect on three different occasions.

At approx. 1800 hours Sgt. Pease released me from my perimeter spot.

On October 25, 2013 at approximately 1510 hours, I heard Sacramento Police Department K-9 Officer Van Dusen broadcast, via police radio, that Roseville Police Department had an officer involved shooting with one officer down. At the time, I was working uniformed patrol in a back fill capacity and was writing reports at the north end of Rosin Court.

I am normally assigned to the Metro Division as part of our department's SWAT Team. At the beginning of my shift, I had loaded my tactical vest, helmet, communications system and rifle into my patrol vehicle in the event they were needed.

After hearing the broadcast, I waited momentarily to determine if the authorization to respond to Roseville to assist would be broadcast. I started driving in the direction of Roseville when I heard Sergeant Pease authorize several patrol units to respond to assist as needed.

I had already known Officer Van Dusen was responding. As I neared the scene, I telephoned Officer Van Dusen and asked if he wanted me to partner with him and his K-9 during the incident. Officer Van Dusen agreed and I met up with him approximately 3 to 5 minutes after he arrived on scene, approximately 1532 hours.

Officer Van Dusen and I initially met up in the 600 block of Windsor Drive. We were asked by Lt. Doan with the Roseville Police Department to assist with the perimeter in the back yard of [REDACTED] Windsor Drive. We went to that back yard and another officer was standing by. We were advised that that particular back yard was not cleared, so we cleared it, with the use of Officer Van Dusen's K-9.

We were there only a few minutes when a radio broadcast from dispatch advised that the resident at [REDACTED] Mayfair Drive was reporting that someone was possibly hiding in his back yard.

Officer Van Dusen checked with Lt. Doan about repositioning both of us to assist with a perimeter on that address as we had a K-9 available. Lt. Doan advised us to go ahead and respond to that address to assist.

Officer Van Dusen and I both arrived in the area of [REDACTED] Mayfair Drive. We took a position to the north of the residence along the north curb line of Sixth Street. We positioned ourselves behind a full size truck parked in the area.

We stayed in this position for what I would estimate was over 30 minutes. There were many more resources arriving and being deployed to handle containment and search responsibilities.

At some point, dispatch again broadcast that the resident at [REDACTED] Mayfair Drive was now reporting that there was a subject crouched down and hiding under his patio. There were several radio transmissions regarding moving the Roseville SWAT Team down to this area to address the report.

As resources were arriving towards the front of this residence, Officer Van Dusen and I observed the subject run east from the back yard of [REDACTED] Mayfair Drive, jump the fence and run into the back yard of [REDACTED] Hampton Drive. We last saw the suspect run out of our view along the south side of [REDACTED] Hampton Drive. Officer Van Dusen attempted to put this information out over the radio, but it is unknown if it went out due to the heavy radio traffic at the time.

I observed multiple officers, who I believed to be Roseville Police Department SWAT Team members, run around the residence of [REDACTED] Mayfair Drive and east along Sixth Street. Both Officer Van Dusen and I yelled to them that the suspect had jumped the fence into the back yard behind [REDACTED] Mayfair Drive. This information was again trying to be broadcast on the radio, but it is unknown if it went out.

I observed several SWAT Officers kicking and pulling out fence boards to the back yards at [REDACTED] Mayfair Drive and [REDACTED] Hampton Drive along the Sixth Street side of these residences. Officer Van Dusen and I both continued to yell to them the suspect was in the back yard to [REDACTED] Hampton Drive and they should get behind cover.

I observed the SWAT Officers run around to the front of [REDACTED] Hampton Drive and back to the side several times. While they were doing this I continually yelled to them to try and contain it and take a position of cover. Two Roseville SWAT Officers then kicked the fence down along the south side of [REDACTED] Hampton Drive in an effort to see along the south side of the residence.

Officer Van Dusen and I made are way around to the front of [REDACTED] Hampton Drive. We took cover behind a parked car in front of the residence across the street. We eventually observed a couple of Roseville SWAT Officers stop in between [REDACTED] and [REDACTED] Hampton Drive. Within minutes a BearCat (Armored Vehicle) had driven through the fence to the back yard of [REDACTED] Hampton Drive along the Sixth Street side. This back yard appeared to have been cleared by the BearCat personnel and officers on the ground.

Officer Van Dusen and I stayed in our position across from [REDACTED] Hampton Drive. We observed several officers and a K-9 from different departments clear the yards of [REDACTED] and [REDACTED] Hampton Drive. It also appeared the back yards nearby along Mayfair Drive had been cleared.

I heard a radio broadcast related to finding an open window with the screen removed at a nearby residence on Mayfair Drive. Arrangements were being made for a SWAT Team to set up containment on that address while other back yards could be cleared.

After some time, several Roseville SWAT Officers, a Placer County K-9 Officer, Sacramento K-9 Officer Dahl and several other officers had gathered in between [REDACTED] and [REDACTED] Hampton Drive. A Placer County Sheriff SUV was pulled up nearby and several officers took a position behind this vehicle.

Several Roseville SWAT Officers started walking along the south side of [REDACTED] Hampton Way. I could hear one of them say something to the affect of "this door has been kicked in." Shortly after that, I heard something to the affect of "stack up" and "get a bang" or "prep a bang."

I could just see the tail end of the SWAT officers who were up along the

south side of [REDACTED] Hampton Drive at this time. The next thing I heard was what sounded like three to four small caliber handgun rounds, followed by several automatic fired rifle rounds, followed by a flash bang and then some more automatic fired rifle rounds. I could see several SWAT Officer retreating towards the front of the [REDACTED] and [REDACTED] Hampton Drive.

A very short time later, I heard a SWAT officer yell, "officer down." I repeated the Officer Down call and broke cover to assist. While running towards the front of [REDACTED] Hampton Drive I saw one SWAT Officer pulling the downed officer out into the front yard by his tactical vest. Just as I got to him, the officer was asking for help. I told the officer we needed to get him behind cover to triage him. I helped this officer pull the downed officer behind the large oak tree in the front yard. I also continued to yell to the other officers to get behind some cover. I removed the officer's rifle and made sure the weapon system was on "Safe."

Once behind cover I started to assess the officer's injuries. I could see he had been shot in the left side of his face and had a substantial amount of blood along the upper left shoulder area. I yelled to one officer near me to get my medical kit off the back of my tactical vest and get my bandages or Combat Gauze. I started removing the officer's vest and ran my hand along his upper torso trying to determine any obvious signs of trauma or penetration. Once his vest was off, I had come to the conclusion that his facial injury was probably the only gun shot wound he had that needed attention at this time. I was able to remove several 4x4 bandages and started to apply direct pressure to stop the bleeding. I wasn't sure if the bullet had passed into the officer's shoulder, as there was a lot of blood pooled there. While holding direct pressure, I quickly checked his shoulder area and could not locate any obvious signs of trauma or penetration. The officer was mumbling what sounded like "Officer Down." I reassured him we knew that and we were going to take care of him. The officer then sounded like he was telling me that he needed to sit up and I thought that blood might be pooling in his throat while lying on his back. I leaned him up against the tree and this seemed to at least make the officer feel better.

A short time later, the BearCat pulled up into the driveway. The officer was making movement as though he wanted to stand up. I asked the officer if he could walk and he nodded in the affirmative to me. I stood the officer up and myself and I think another officer rushed him over to the BearCat and he was loaded in for transport. I did not have time to relay any injury information to the Medics in the BearCat, due to how quickly things were transpiring.

After the officer was secured and transported out of the area, the front of [REDACTED] Hampton Drive had several officers in positions that did not offer them the best of cover. I had heard a broadcast that the officers believed the suspect had an automatic rifle. I started to move some officers around to better cover and better fields of fire on the front of the residence.

Within minutes it seemed the BearCat was back on scene. I had the BearCat pull in front of several officers that were with me. Once we had adequate coverage from the BearCat, I had it reposition in front of the residence. I had a Placer County Sheriff SUV moved to clear the way to pick up several more Roseville SWAT Officers still behind the large tree in the front yard. With the SUV moved out of the way, I had the BearCat pull up to the tree to provide cover for these officers to move back to a safe position. The BearCat was then positioned in front of the residence, along the west curb line with clear view of the east side and covered carport at [REDACTED] Hampton Drive.

It was still somewhat chaotic at the time and I think there were several agencies at the BearCat. I know Roseville PD SWAT, Rocklin SWAT, Placer County Deputies, Medics and possibly others were with Officer Van Dusen and myself.

As the incident started to slow down, I know Sergeant Defreece with the Roseville Police Department was with us at the BearCat. It appeared that we had plenty of resources for containment from our position.

Over the course of the next several hours, there were several more shots exchanged with the suspect from several positions around the residence. To my knowledge no one from this BearCat fired any rounds toward the suspect.

The first large asset to arrive was Citrus Heights SWAT Team's Armored Vehicle. I directed their Sergeant to take a position along Sixth Street, to the north of the residence for containment.

As it started to get dark, arrangements were being made for supplemental lighting. At some point an additional armored vehicle was provided by Homeland Security and their personnel arrived on scene. They had supplemental lighting to be utilized as needed. I took one of the light standards and lights and left one set of lights and light standard with them.

I instructed them that I needed their armored vehicle to take a position to watch and contain the south side of the residence and to utilize the supplemental lighting to illuminate that same area. Their armored vehicle

eventually did this from a position south of our BearCat and off set to the east.

Sacramento Police Officer Harshbarger and his K-9 had relieved Officer Van Dusen and his K-9 at some point and was now with our BearCat. Officer Harshbarger and I set the supplemental lighting up in front of the BearCat illuminating most of the east side of the residence.

Our position and assignment didn't change for some time. We were advised that contact had been made with the suspect and he may possibly surrender. I made up an arrest team that was comprised of Roseville SWAT Officers and Officer Harshbarger in the event the suspect surrendered to us. The Arrest Team consisted of myself giving the suspect verbal commands, less lethal options with Sergeant Defreece, lethal cover options with Roseville SWAT Officers and custody officers as Officer Harshbarger and myself.

This arrest team was in place for some time and then the surrender phase of negotiations slowed. The arrest team members changed several times over the course of time, but I tried to make sure during any given time, that the needed personnel were aware of their responsibilities.

Over the course of the next hour or two, personnel were being moved around as needed to assist with the operation. At about 2230 hours, I was advised to clear the scene so that in the event this incident went into the next morning I would be available to assist if needed.

I responded back to the Tactical Command Post and check out with Lt. Jones of the Sacramento County Sheriffs Department.

No further action by this officer.

the front as well as the back. I was also driving an unmarked police vehicle and had no incidents driving code 3 from Sacramento.

Once on scene, Ofc. Baptista and I deployed our M-16 rifles and took up an inner perimeter spot in front of [REDACTED] Mayfair Street, which is just south of 6th Street. The police helicopter advised us that they observed the subject (identified as Samuel Duran) running southbound from the general area of 6th/Street/Mayfair jumping over fences. The police helicopter lost visual of the suspect and we were advised that there was an open window with the screen ripped off at [REDACTED] Mayfair Street. Ofc. Baptista, Ofc. Dahl, and I took up a position of cover in front of [REDACTED] Mayfair Street. While in a position of cover, I heard a barrage of gunfire. Some of the gunfire appeared to be coming from an automatic weapon and the gunfire seemed very close. I then heard officers say (via the radio) that shots had been fired that that we had officers down. I then observed officers east of our position come walking out on foot. I see a Roseville SWAT officer (who appeared to be Officer Beagly, from my prior contacts with him) walk out with numerous pieces of shrapnel all throughout his face. Then the SWAT armored vehicle helped extract another wounded Roseville SWAT police officer, who had been shot in the face. The armored vehicle drove westbound on 6th Street to a waiting ambulance just east of Mayfair Street. Sgt. Forbeck coordinated the loading of the wounded officer into the ambulance to be transported to the hospital. It was broadcast that the suspect had shot at and hit officers from [REDACTED] Hampton Street and was still inside the residence.

After the wounded officers were cared for, Ofc. Baptista, Ofc. Dahl, Sgt. Forbeck and I took up a position of cover on the north side of 6th Street, just east of Mayfair.

The fence surrounding [REDACTED] Hampton Street had been partially torn down by the armored vehicle so officers could observe the residence.

A short time later, a radio broadcast advised officers that the suspect had cut the gas line to the house and that the suspect might have a high powered rifle. We were then advised that a female subject had called 911 and advised that she and her family were inside the residence with the suspect. We were then advised via dispatch that the female and her family were going to try and come out of the window on the north side of the residence ([REDACTED] Hampton Street). I observed a female, male, and a small child crawling out of the window of the residence on the north side. Ofc. Baptista, Ofc. Dahl, Sgt. Forbeck and I left cover and ran to another position of just north of the fence that surround [REDACTED] Hampton Street to try and provide cover for the family. The subjects were able to get out of the

During the 4 plus hours we were on scene, we heard and observed numerous shots fired and gun battles on both the north side of the residence and the east side of the residence.

At approx. 1930, we were relieved of our inner perimeter spots and returned to our duties in Sacramento.

On 10-25-13, approx. 1518 hrs I was teamed with Ofc. Dahl and Sgt Forbeck. We are currently assigned to the Sacramento Police Department's Crime Suppression Unit. We were wearing plain clothes with department issued raid vests that say "POLICE" on the back and chest area in bright yellow lettering.

An all units broadcast came out that there was an officer shot in Roseville. We responded code-3 to the command post and were given direction to set up in the area of Mayfair south of 6th St. We were advised over the radio that the outstanding susepct was Samuel Duran. We observed a prior booking photograph of Duran prior to arriving on scene.

Ofc. Morgan, Dahl, Sgt Forbeck and I took up a cover position behind a vehicle on the east side of the street across [REDACTED] Mayfair. I had my department issued M-16 rifle depyoled.

Broadcasts were going out over the radio that the screen was off a window at the above address. Falcon-30 was overhead advising that there was a heat source in the back of [REDACTED] Mayfair. We stayed at our cover position as these broadcasts were going out.

Roseville PD SWAT was travelling east on 6th St on their armored car. They drove the armor car into the backyard of [REDACTED] Mayfair. We stayed at our position as they checked the backyard. A broadcast went out that the suspect was running. We stayed at our position and I heard numerous rounds being fired west of our position.

A broadcast went out that there was an officer shot. We responded to the corner of Mayfair and 6th St and I observed an officer walk out from the north side of [REDACTED] Hampton. He had cuts to his head and was bleeding. Sgt Forbeck had that officer walk west on 6th St to a position of cover. Ofc Morgan, Dahl and I assisted with escorting the officer.

Roseville PD backed their armored car out of the backyard of [REDACTED] Mayfair with the wounded officer and drove west on 6th St. The wounded officer was loaded up into an ambulance.

I responded back to the north side of 6th St just east of Mayfair and took cover behind a vehicle. A broadcast went out that officers could smell natural gas coming from [REDACTED] Hampton. There were several officers to my east along the north curblineline that were in the prone position with their guns/ rifles drawn.

There was one officer approximately one car length from me laying on the ground pointing his rifle at the north side of [REDACTED] Hampton. A broadcast came out that there were people inside the house. One officer to my east announced that there was a woman and child coming out of a window on the north side of the house. They came out of the house and officers escorted them out of the area to the west. Officers advised again that a male was coming out of the window on the north side. I walked up to a vehicle that was on the south curblineline of the street to provide cover for the male that came out of the window. He was escorted by other officers to the west on 6th St.

I responded back to my position of cover on the north side of the street when I heard a barrage of gunfire coming from the east side of [REDACTED] Hampton. Officers advised over the radio that the suspect exited the house and went back in.

I stayed at my position of cover. The officer that was on the ground to my east fired rounds into the house. He later advised me of seeing the suspect near a window.

Another armored car took up a position on the north side of [REDACTED] Hampton in

I am currently assigned as the supervisor for the PRCS Regional Team. On 10-25-2013 on-duty PRCS Team members consisted of myself and SSD Deputies Griggs, and Mcguire. Sacramento County Probation Officer Rossi and Sacramento Police Officers Shippen, Mallot and Goggin.

At approximately 1630 hours the PRCS Team was conducting normal duties in the area of Stockton Blvd and Mack Road. I heard via the police radio of an incident occurring in Roseville involving a officer involved shooting with an injured officer.

I contacted Lt. Buckley via radio and offered assistance from my team. Lt. Buckley authorized our team to respond to the Roseville incident. We arrived and reported to the command post located at the intersection of Dudley and Vernon Street. My team was given the assignment of perimeter positions in the area of Mayfair Drive and Dudley Way.

Member of the PRCS team maintained perimeter positions for several hours until they were no longer needed in the area. During this time I heard several volleys of gunfire from the area of 6th and Hampton Drive.

Once the PRCS team members were no longer needed in perimeter positions we returned to the command post. At the command post I assisted Lt. Buckley with the coordination of SPD shooting officers. The PRCS team was dismissed from the incident at approximately 2130 hours.

On 10-25-2013, at approximately 1600 hrs., I was at the San Diego International Airport with Lt. Joy preparing to return to Sacramento from a training class. Lt Joy advised me there was an active search for a suspect who had shot an officer in Roseville.

Although I was scheduled to leave at 1950 hrs., I was able to get on an earlier flight that left at 1620 hrs. I arrived in Sacramento at approximately 1740 hrs. Lt. Joy advised me via a text that there were now several more officers shot.

I got into a taxi and immediately contacted Lt. Watson and advised him I was back in town and available to respond to the scene. He requested that I take our Bearcat to the location in Roseville. He told me to make contact with Lt. Buckley who was in charge of the Sacramento Police officers on the scene. I contacted Lt. Buckley who advised me the command post was located at Vernon and Dudley. I arrived at approximately 1730 hrs. I contacted Lt. Buckley who directed me to take the Bearcat to the tactical command post which was located on 6th St near Mayfair Dr. I was advised to make contact with SSD Lt Jones (SED Commander). I was also told to advise Lt. Buckley what are job was and if our Bearcat was necessary.

I pulled up and contacted SSD Officer Prehoda. I told him I was looking for Lt. Jones. We were approximately 50 yards away from the house where the suspect was barricaded. I heard two rifle rounds fired from the area where the suspect was contained. Shortly afterwards, I heard a command issued over the radio not to fire at the suspect unless he was actively threatening them. They were in the process of negotiating with the suspect. They ordered that there was "no longer a green light."

I contacted SSD Lt. Jones who told me they had sufficient armor on the inner perimeter and that we would be held in reserve. During this period, there was concern that the suspect was filling the residence with natural gas. PG&E had been contacted and a plan was being put together to protect the PG&E workers while they worked to stop the flow of gas into the house where the suspect was barricaded.

I periodically updated my status with Lt Buckley via a text message.

SSD Sergeant Randy Winn advised me that he would provide a team that would go in our Bearcat to protect the PG&E workers. Sgt. Nichols arrived at the Bearcat shortly after I was advised of this plan. I told him what our mission was. I drove to Windsor Dr, just south and east of the suspect's location. Sgt Winn deployed his officers while Sgt Nichols and I stayed with the Bearcat. When they were done bleeding the gas lines, we returned our to the tactical command post.

At approximately 2230 hrs., Lt Jones advised Sgt Nichols and I that he wanted our Bearcat to remain on scene with a driver. He advised he was going to send the SSD SED team home to get some sleep with plans to return and relieve the Roseville and various other SWAT teams who were on the inner perimeter. Sgt Nichols made plans for me to stay until 0500 when he would return and relieve me.

At approximately 2330 hrs., one of the robots made contact with the suspect inside of the house. The robot was blocked by pieces of furniture that the suspect had placed in the hallway. HNT advised the suspect to move the furniture and walk out and surrender to the officers. He complied with HNT and surrendered.

I contacted Lt. Jones who advised me I was clear to return the Bearcat to our station.

On 10-25-13, at approx. 1515 hrs., I, Sgt. Mike Nichols #3016, was assigned as the Sgt. for the Sacramento Police Dept. SWAT team, specifically team 20. I was at 300 Richards Blvd. and became aware of an officer involved shooting in Roseville, via police radio. Information was that one officer had been shot. Roseville PD was requesting assistance from any available officers from outside agencies.

At 1525 hrs., I received a phone call from SWAT officer Rosin #828. Officer Rosin was the only available SWAT officer from Sac. PD. Officer Rosin had been working in patrol when the call came out. Officer Rosin was working out of the Kinney Station. Sgt. Pease was advising north area officers over the radio to meet at the Kinney Station to respond to the call together. This was later changed, and officers from the Kinney Station were told to respond to the scene. I told officer Rosin to continue to respond as a patrol officer and take up an assignment as needed once at the scene. I told him he would not be acting in a Sac. PD SWAT capacity because the rest of our team was not available.

At 1531 hrs., I called Lt. Watson #4093 (Sac. PD SWAT Lt.). I advised him of what was happening in Roseville and that Roseville PD was requesting all available assistance. I told him I was going to respond to the Command

Post, but that I would not be operating in a SWAT capacity. I told him once I was at the command post, I would fill in where I was needed. Lt. Watson approved my response.

I responded Code 3 and arrived on-scene at approx. 1600 hrs. I went to the Command Post at Vernon St. / Dudley Dr. I was wearing a fully marked Police vest, duty belt, helmet, with my M-4 rifle. I went directly to (Sac. PD) Lt. Buckley. I told Lt. Buckley that our SWAT team was not available. I asked Lt. Buckley if she wanted me at the Command Post to help in a supervisory roll or if I was needed on a perimeter spot. Lt. Buckley directed me to be in charge of a small team consisting of Sgt. Murrietta, Off. Putman, and three SSD deputies (Unk names). We were requested to take up a perimeter spot on 6th Ave. near Mayfair Dr. I went to get my Suburban so we could deploy. When I returned the SSD deputies had already left. I don't know where they went.

At approx. 1615 hrs., I deployed with Sgt. Murrietta and Off. Putman. We stopped on 6th Ave. west of Mayfair (about 30 yards west). There were a large number of officers filling perimeter positions all along 6th Ave and down Mayfair.

Roseville SWAT arrived and began to deploy in the area of 6th Ave. and Mayfair. The helicopter (Placer Co.) was flying above. Based on Roseville SWAT's movements it became apparent that Roseville SWAT possibly saw the suspect in the backyard of the house at the southeast corner of 6th Ave. and Mayfair Dr. Based on Roseville SWAT's movement it appeared that the suspect was moving east through the backyard. Roseville SWAT's armored vehicle broke down the north fence of the backyard. The suspect was not found.

At approx. 1630 hrs., Lt. Buckley requested that we move to a perimeter spot south of where the suspect was seen. I moved with Sgt. Murrietta and Off. Putman to the intersection of Mayfair Dr. and Hampton Dr. We met up with K-9 Sgt. Olivera. I had Off. Putman move up to a perimeter position with K-9 Officer Azevedo about 3 houses north on Hampton Dr. because Off. Azevedo did not have a cover officer. Tactical officers were searching near █████ Hampton Dr. and the helicopter was still overhead.

At approx. 1700 hrs., I heard numerous shots fired from different weapons. The shots were coming from north of where I was. I heard over the radio, that an officer had been shot in the face and that the suspect was armed with an assault rifle. Sgt. Murrietta stayed with K-9 Sgt. Olivera at Mayfair and Hampton. Off. Putman and I moved to the front yard of █████ Hampton to fill a spot in the perimeter. As we arrived at █████ Hampton Dr.

I saw an armored vehicle pull in front of the house at the southwest corner of 6th Ave and Hampton Dr. (████ Hampton Dr.) We were across the street and approx. 100 yards away from █████ Hampton. I could see the two front windows of █████ Hampton and a small white car in the driveway.

Within approx. half an hour of the shots being fired at █████ Hampton, numerous more shots were fired. I could not see who was firing or where exactly they were coming from. I could see the windows in the small white car in the driveway breaking due to gunfire. Nobody at █████ Hampton fired any rounds.

At approx. 1810 hrs., K-9 Officer Azevedo moved to █████ Hampton Dr. and told me that there were 3 Sac. PD officers at █████ Hampton Dr. and that he thought they fired during the last exchange of gunfire. █████ Hampton was out of my view because of houses in between and a bend in the road. He told me the officers were: K-9 Officer Dahl, Off. Kraintz, and Off. Piazza. This was the first time I became aware of Sac. PD officers being involved in the shooting. I called Lt. Buckley at 1810 hrs and was eventually able to advise her at 1823 hrs. Lt. Buckley told me that tactical officers would be coming to █████ Hampton to relieve us.

At approx. 1925 hrs., Off. Griffin #406 (Sac PD SWAT) arrived at the tactical command post. I left K-9 Officer Azevedo and Off. Putman at █████ Hampton along with a Citrus Heights PD officer. No tactical officers had arrived to relieve us at that point.

I met with Off. Griffin at the Bearcat and put on my SWAT tactical gear. We were assigned to team with SSD SWAT and provide cover with the Bearcat for PG&E personnel while they shut off gas to the area. After the gas was shut off we went back to the tactical command post. I advised Lt. Buckley and Lt. Watson when we were done providing cover for PG&E. Off. Griffin and I spoke to Capt. Mike Jones (SSD) and he requested that we keep the Bearcat on-scene with a driver. I left the scene at 1144 hrs. and Off. Griffin stayed with the Bearcat. I was going to return by 0500 hrs. to relieve Off. Griffin if the stand-off continued.

The suspect surrendered at approx. 0030 hrs (10-26-13). I advised Lt. Watson and Lt. Buckley.

On 10-25-13 I (Ofc. Tavelli 724) was working with Ofc. Derrick and SPD patrol unit 2B15. We were in full SPD uniform and driving a marked SPD patrol car.

At approximately 1700 hours we responded to the city of Roseville in regards to a report of an officer involved shooting. We responded code 3 from I-80/ Winter Avenue to Douglas Blvd/ Riverside Avenue.

When we arrived on scene we reported to Lt. Buckley at the command post. We were instructed to report to Sgt. Pease at the intersection of Dudley Dr/ Mayfair Drive for orders.

While en route to our assigned position we heard the sounds of gunfire.

We contacted Sgt. Pease and were assigned to be a rescue team on the West side of the perimeter. At approximately 1830 hours we were relieved and told to fall back to the city.

We responded back to Sacramento without incident after checking out at the command center.

Approx 1609 hrs, 10-25-13, I(Officer Thomson #364) and my Police Service Dog(K9 Dutch) responded to the area of 1600 Vernon in the city of Roseville regarding a call for Mutual Agency Assistance. I had received a message from K9 Sgt Oliveira (3075) that an officer had been shot near that location and that assistance was required with the perimeter and search. I responded from my personal residence in Folsom and arrived in the general area at approx 1634 hrs.

Upon arrival, I was directed to take a perimeter spot off Mayfair Dr and provide assistance with my K9 partner. I eventually ended up taking a position in the backyard of [REDACTED] Mayfair Dr acting as cover for Officer Thompson(471) and his K9 partner "Hutch". Officer Hosmer(319) was also there. The rest of the yards surrounding ours had already been occupied with officers.

During the incident, I remained in that yard the entire time. I heard multiple gunshots that were fired, but never saw the officers or suspect who fired them. I also could not observe the residence that the suspect was contained in, or the actions that were taken around the house. I stayed in that yard for the next couple hours until we were relieved by a Roseville Tactical Team. I then cleared the location, advised Sgt Oliveira

On 10-25-13 at apprx. 1515hrs it was broadcast that an Officer had been shot by S-Duran. The suspect was also advised of being outstanding and on foot in Roseville.

it came out via radio that SPD officers were being sent.

At the time I had nearly completed my datshift watch as 1B63. I sent a message to 3SM6 (Sgt Stinson) advising I could switch out gear at Richards and relog as MTR92 (Motorcycle Unit). 3SM6 agreed.

I quickly swapped out gear and relogged on as MTR92 and proceeded to Roseville (The Incident Command Center @ 1600 Vernon St.) code 3. I arrived onscene w/o incident and reported to 3SM2 (Sgt. Pease). Sgt Pease advised myself and several others to stand-by the IC to possibly deployed in a team.

While standing by, I secured a Thomas map book and with the help of Union Pacifis staff, made apprx 50 maps of the target area near Dudley and Vernon for distribution to tactical teams/units.

On 10-25-13, at approx 1600 hrs, Ofc Marquez #847 and I were in full police uniform and in a marked police vehicle. We responded Code-3 to 1600 Vernon St. Roseville, CA in regards to an officer being shot. We arrived on scene and immediately got assigned to set up a perimeter along Windsor St. We were assigned with SPD officers and 1 Folsom PD K-9.

Ofc Marquez and I set up at [REDACTED] Windsor St. We stayed in that position until we were relieved by Roseville PD. We returned back to 1600 Vernon st at approx 2030 hrs.

No incidents occurred at that location. Nothing seen.

On 10/25/13 at approximately 1513 hours Officers Oliver #363, Mortlock #584 and I were working and traveling together in the same vehicle when we heard the broadcast of an officer down call in Roseville. Dispatch broadcast that an officer had been shot by a parolee at large, Samuel Duran, who was armed with a handgun and was currently fleeing jumping fences. Roseville PD was requesting assistance and I responded code 3 from the area of Truxel Rd and I-80.

Upon arrival we were directed to take perimeter positions along Mayfair Dr at Dudley Dr. Officer Oliver and I took a perimeter position on the south west corner of Mayfair Dr and Dudley Dr with my department issued rifle. I never had visual of Suspect Duran and although I heard the exchanges of gunfire I did not visually observe any of the exchanges of gunfire. I maintained my perimeter position until approximately 1830 hours when I was relieved by Sgt. Pease. Suspect Duran was contained inside of [REDACTED] Hampton Dr when we were relieved.

On Friday 10-25-13 at approx. 1519 hours, I, Ofc. Miller self dispatched to the mutual agency cover request in Roseville, CA.

I responded C3 from the JERPF station to the command post located at 1600 Vernon St. in Roseville, CA without incident and arrived on scene at approx. 1541 hours.

Upon my arrival, with that of other SPD officers, we contacted Sgt. Pease whom advised us to get our rifles if we had them. Once back with my rifle, we were split into smaller teams and a team leader was appointed. We were advised to walk north on Dudley up to the intersection with MayFair and Windsor and then spread out along MayFair. A large group of us responded and we seperated at the intersection. My group went to the east on MayFair. Ofc. Piazza and myself took up a position at MayFair/Hampton on the southwest corner.

I heard over the radio at approx. 1615 hours that the suspect was running east. I heard, from a distance, the sounds of gunshots. The air unit advised shots had been fired and the suspect was running eastbound.

After a few minutes it was advised over the Roseville radio channel that the suspect was moving in a northeast direction towards Hampton/6th. K9

Ofc. Dahl arrived in his patrol vehicle and began slowly moving north on Hampton. Ofc. Piazza, Ofc. Krantz and myself began running north on Hampton behind Ofc. Dahl's patrol vehicle. We were on the east side of Hampton. Ofc. Piazza and myself stopped across the street from [REDACTED] Hampton and took up a position utilizing a vehicle parked in the street. Ofc. Krantz went one yard to our north and took up a position behind a tree. I was not sure where the suspect might pop out onto Hampton if at all. We were covering slightly north of mid block in case the suspect emerged.

There was information coming through that the suspect was at or near [REDACTED] Hampton which was the corner house to our north and on the west side of the street. I observed an assembly of officers stacking up and getting ready to go into the back yard of [REDACTED] Hampton via the gate/opening on the south side of the house.

Officers went through the gate and dissapeared from my view. I heard numerous gunshots break out. Immediately Ofc. Piazza and I broke from our position and ran towards the opening the officers had gone through. As we were coming upon it, officers were retreating back out through the gate. I saw a unknown officer being dragged backwards out to a SUV that was pulling up. Over the radio it was being advised that officers were down and the suspect had a fully auto rifle. I saw the officer being pulled into the vehicle which fled the area immediately.

There was a lone CHP officer that was squatted down with his rifle at the 1/2 corner of [REDACTED] Hampton. Ofc. Piazza and I helped cover him while the remaining officers retreated.

It was advised that there were people in the neighboring house ([REDACTED] Hampton) that needed to be immediately evacuated. Ofc Piazza and I and a unknown officer backed out and made contact at that residence. The door opened and there was a younger female and two elderly females inside the residence. I yelled for them to take my hand and hold hands with eachother. I began leading them out and south through the front yard while Ofc. Piazza trailed behind us walking backwards covering us with his rifle. I was advised that the one female used a walker and wasnt going to be able to keep up. I grabbed her up under her arm and helped lift her and move her along quickly. We made our way around the bend in the road and out of the line of fire. The front door at [REDACTED] Hampton opened and a man yelled, "Bring them in here". The ladies told me they would go in there. Once they were near the front door, I turned and made my way north again back into the area where the suspect was.

I observed K9 Ofc. Azevedo driving north on Hampton and pulling in a broadside fashion to [REDACTED] Hampton on the 1/2 corner. I took up a position with my rifle on the hood of his vehicle while crouching down behind the engine block. I could see the corner of the suspects location and I had a partial view through the open gate.

I had heard that there was a female, male and a small child inside the residence with the suspect but they had been able to get out. I heard there was a green light for lethal force if we had sight of the suspect.

I began smelling what I know to be natural gas out in the street where I was. It was advised the suspect had turned the gas on, but PG&E was on their way to shut it off.

My radio had long since been dead, and Ofc. Azevedo advised that we were being told to move from our location. We moved to our east, up into the yard of █████ Hampton behind a truck in the driveway. I took up a position on the hood of that vehicle with my rifle. I still had a view of the 1/2 corner and a slight view inside of the gate opening. There were officers to my north directly on the otherside of the tall hedge. I could not see them or who was there.

I heard those officers begin yelling loudly about the suspect coming visible and yelling to see hands. Officers began firing at the 1/2 corner of █████ Hampton. There were numerous shots fired.

I never saw the target expose himself, from my view, and I did not have a shot.

There were several other shots being fired by officers on the north side of the residence.

I held that position, with my rifle, until Ofc. Azevedo and I were advised by an unknown SPD Sgt to pull back south to █████ Hampton where he and other SPD officers were held up. From that position, again I was able to take up a rifle position towards the 1/2 corner. I remained at that spot until we were advised to pull out and return to the command post.

OBSERVATIONS-FORBECK:

10/25/2013, I was working Directed Patrol (D0) with Officers Dahl and Baptista (3SM60). We were teamed up together, and all officers were wearing black tactical vests with the word POLICE in large gold letters on the front and back. The vests were also marked with a Sacramento Police Department patch and badge with each officers badge number on them. All officers were equipped with a duty belt that contained a service firearm, radio, and handcuffs. We were driving an unmarked black Crown Victoria Police Interceptor.

Approximately 1515 hours, SPD Dispatch broadcast an officer involved shooting (OIS) with an officer down (shot) out of the Roseville area (code 900).

Officers Dahl, Baptista, and I immediately began to respond to the Roseville area from the JERPF Station (5303 Franklin Blvd). I contacted the Watch Commander (Lt. Buckley) and advised her we (3SM60) were responding. I directed Officer Morgan (who was in a separate vehicle) to respond to 300 Richards Blvd and pick up our rifles and respond to the

Command Post (Roseville). SPD Dispatch had broadcast both the suspect description (Sammy Duran 11/2/80), and the Command Post (CP) location (1600 Vernon St.) While we were enroute, I pulled up a WepKPF photo of suspect-Duran.

Approximately 1541 hours, we, along with approximately 8 additional SPD officers, arrived on scene in the area of the Command Post. I immediately contacted a Roseville PD Lieutenant (LN2) and advised him of our resources. I asked LN2 for a deployment location, and he requested we (SPD officers) take up a position on Mayfair Dr at about 6th St. He advised they (Roseville PD) believed the suspect was contained inside the perimeter.

I directed the SPD officers to put on their ballistic helmets, and to respond to the area of Mayfair Dr/6th St. As we (SPD) responded to the area I noticed several police vehicles (outside agencies) parked along Mayfair Drive with officers directing their attention toward the odd side (██████████, etc) of the street. I positioned SPD officers with the outside agencies, to assist with the perimeter. All officers had switched to the Roseville PD primary channel.

I, along with several officers, maintained a perimeter position facing ██████ Mayfair Drive. Dispatch broadcast a citizen had observed the possible suspect in the back yard of ██████ Mayfair Drive. Dispatch also advised the possible suspect was hiding under an overhang in the back yard. The Placer County Air Unit (Falcon Unit) began to move into a tight orbit above ██████ Mayfair Drive and advised they had a possible suspect in the back yard. Officers (unknown) advised over the radio that they would be driving an armoured car into the back yard. Officers then began broadcasting that the possible suspect was running/jumping fences within the perimeter. I directed the officers around me to maintain their perimeter position as pursuing officers lost sight of the possible suspect (radio broadcast).

There were several broadcasts made stating there was a possibility that the suspect had entered a residence, ██████ Mayfair Drive, due to the fact officers had seen a screen removed from the residence. I, along with several officers, maintained our perimeter position in front of ██████ Mayfair Drive. There were additional officers focusing on ██████ Mayfair Drive and ██████ Mayfair Drive. I noticed several potential cross-fire (officer-on-officer) situations and immediately contacted the officers and corrected the possible threat.

Due to the fact the suspect was possibly barricade inside a residence, and that a prolonged surround and call-out seemed eminent, I contacted Lt. Buckley by phone. I advised Lt. Buckley of our resources (SPD Officers) in

the area, and she directed me to start clearing the officers as additional outside agency officers were arriving on scene.

There was an extremely high volume of radio traffic on the radio making it impossible to contact officers over the air (radio). I began to move from one officer position to another contacting SPD personnel advising them they were clear to return to the Command Post (CP). I was in front of [REDACTED] Mayfair Drive when I heard numerous gun-shots coming from the area of Hampton St/6th St (behind [REDACTED] Mayfair Drive). I immediately began moving toward the direction (6th St) when a broadcast was made of an "officer down". As I made it to the intersection of 6th St/Mayfair Drive I observed an officer in tactical gear (SWAT) walking toward me. The officer had blood coming from his forehead and appeared to be in shock (blank stare/pale face). He was in the middle of the street between [REDACTED] Hampton Drive and [REDACTED] Mayfair Drive. I grabbed his arm and directed him out of the area. I directed him to sit on the bumper of a vehicle and began to provide first aid.

As I was attending to the officer, I observed several additional officers moving up 6th St from the area of [REDACTED] Hampton Drive. I could see one of the officers had an obvious serious injury to his mouth/face. Officers were assisting the injured officer to an armoured vehicle. I directed another officer (unknown) to attend to the first injured officer (sitting on the bumper) and I went to assist with the more seriously injured officer. Medical personnel arrived on scene (ambulance) and I assisted in placing the injured officer into the ambulance. I observed another SWAT officer (appeared to be the injured officer's partner) who appeared to be visibly shaken up. I directed the officer to ride with the injured officer to the hospital. The ambulance immediately left the scene.

I returned to the first injured officer and I directed him to a patrol vehicle (unknown agency) that had an officer in the driver's seat. I placed the injured officer in the passenger seat and directed the driver to immediately respond to the hospital.

I contacted Lt. Buckley and requested she have another ambulance (medic) respond to my location to stage in case of additional possible injuries.

I heard several more gun-shots coming from the area of [REDACTED] Hampton Drive. I responded to where Officer Baptista, Officer Morgan, Officer Dahl and several other (outside agency) officers were positioned, on 6th St across from [REDACTED] Hampton Drive. The position was directly in front of the "four" side of [REDACTED] Hampton Dr. We maintained our perimeter spot on 6th St, along the "four" side of the house.

Due to the fact there were numerous officers with rifles along the "four" side of the house, I directed officers to take turns providing cover on the residence.

SSD SWAT personnel (unknown) responded and deployed a rifle in an upstairs apartment behind me, directing their attention to [REDACTED] Hampton Drive. A black armoured vehicle (unknown agency) responded to the front ("one" side) of [REDACTED] Hampton Drive. We maintained our perimeter position as another armoured vehicle (unknown agency) stopped on 6th St along the "four" side of the residence. We (Officers Baptista, Morgan, Dahl, and I) remained in our perimeter position and waited for relief.

An officer (unknown) in the armoured vehicle on 6th St, began to fire toward the house ("four side" of [REDACTED] Hampton Dr). Shots fired was broadcast over the air.

Several SWAT officers (unknown agencies) responded to our location and relieved us from our perimeter position. I directed all of the officers (SPD and outside agency) to respond back to the Command Post. I contacted Lt. Related date/time: **Oct-25-2013 (Fri.) 1524**

On 10-25-13 at approx. 1516 hrs. I (Ofc. Yager #0841) was working routine patrol in the North Sacramento area. I was working in a fully marked police vehicle and uniform. Dispatch advised, via the radio, that Roseville Police Department broadcasted that a officer had been shot. Our dispatch gave a location of 1600 Vernon Drive. to respond to. I responded from South and Marysville. I responded CODE3 lights and sirens.

I arrived onscene at approx. 1524 hrs. Upon my arrival I was directed to a inner perimeter at Mayfair Dr. and Hampton Dr. I responded to that area and held a west perimeter with approx 20 other Sacramento Police Officers. I remained onscene until approx. 1800 hrs. when I was directed to go end of watch. I checked out at the Command Post and responded back to the Kinney Station.

Subject: **CSI22 OBSERVATIONS**

Related date/time: **Jan-23-2014 (Thu.) 902**

On 01-21-14 at approx. 1142 Hrs. I arrived at [REDACTED] Hampton Dr. in Roseville, CA with Sgt. Monk to take some overall photographs regarding an OIS on 10-25-13 and obtain a measurement.

Photographs:

I took forty-one (41) photos of the following:

- Overall scene Hampton Dr. south of 6th St.
- Overall appearance of front yard to [REDACTED] Hampton Dr.
- Overall appearance of front yard to [REDACTED] Hampton Dr.
- Perspective photos from the front yard of [REDACTED] Hampton Dr. looking west towards [REDACTED] Hampton Dr.

All photos will be uploaded into DCS.

I also took a measurement, via stroll meter, from the front yard of [REDACTED] Hampton Dr. to the shared fence of [REDACTED] and [REDACTED] Hampton Dr., which was approx. ninety feet.
