SCPRC RECOMMENDATION

GO 410.06 (Military Use Equipment)

SPD language related to military equipment usage is overly vague or too broad.

Add specific language for the limits and conditions for which when military equipment and munitions cannot be used and when it can be used in compliance with AB 48 (added 08/26/22) and AB 481.

SCPRC RECOMMENDATION RATIONALE

The GO should reflect state laws. The proposed policy uses "include but are not limited to" language. The phrase "not limited to" makes the list of authorized uses meaningless, since it suggests that these are examples and that the authorized uses are limitless. The vagueness of these statements will make it difficult if not impossible to determine whether a particular use of the equipment complies with the policies.

SPD RESPONSE

Removed "limited to" language and added controlling policies and manuals associated with AB48 and AB481 (Report, Appendices A-L).
