## SCPRC RECOMMENDATION

GO 410.06 (Military Use Equipment)

SPD policy does not catalog military-grade firearms and launchers separately from their military-grade munitions and projectiles.

Add separate bullets and numbering to catalog military-grade firearms and launchers separately from their respective munitions and projectiles.

## SCPRC RECOMMENDATION RATIONALE

The catalog of military equipment should be transparent enough for the public to accurately distinguish between military-grade firearms and launchers from the different types of ammunition they use.

## SPD RESPONSE

Policy details individual munitions of corresponding military equipment. With augmented staffing approved for FY24, additional itemization of equipment, by category, may be possible.
